

A Barbed Wire Cut, Collar or Saddle Gait not properly healed leaves a disfiguring scar.

Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00.
James F. Ballard, Prop. St. Louis, Mo.

WILLAMETTE EXHIBIT

ATTRACTS ATTENTION

Omaha, Neb. Oct. Special.—Cottage Grove's slides arrived at the Land Show in good time and are being used nearly every day by Publicity Freeman in talks on the Willamette Valley and its diversified resources. Every section of the four counties has exploitation and representation. The attendance at the show is increasing and runs into thousands. The first day the weather was rainy and cleared in the evening but notwithstanding, the admissions were about four thousand. The exhibition is open from nine in the morning till eleven o'clock in the evening. Four men are working harmoniously in the interests of the Willamette Valley and doing everything possible to advance its interests. The Willamette Valley representatives have put up a monster display and are somewhat exultant because no competitor surpasses this region. The exhibit draws large crowds of people who occupy every attendant to the point of exhaustion with questions. Oregon day will be observed with appropriate ceremonies on the 24th. The Land Show ends Oct. 29th.
