To the Republicans of Lane County.

On next Friday the 19th you will nominate three candidates to represent you in the next Legislature. There will be four names on the ballot to choose from. Of these, I am the only one who represents the farming interests of the county, and as we are all agreed that agriculture is the chief asset of our county, and as there are more people engaged in tilling the soil than all other industries of the county, it seems only fair to me that they have one of the three representatives. If you believe in a square deal vote for CALVIN J. HURD. The farmers candidate for representative.
