MONROE DRUG COMPANY, Quincy, Illinois.

Intelligent Ostrich.
An ostrich which recently passed away at a private zoo in Bedfordshire was found to have eaten seven pounds of stones and a bicycle puncture-outfit. It is thought, says London Punch, that the intelligent creature had tried to cure an internal cut caused by the sharp edge of the stones.

Hood's Sarsaparilla
By virtue of its unequalled blood-purifying, nerve-strengthening, stomach-toning, appetite-restoring properties, is the one Great Spring Medicine.
Get it today in usual liquid form or tablets called Sarsatabs. 100 Doses \$1.

In Ancient Days.
The chimney corner was a favorite place for early settlers when they took their tobacco. Buckets were the chief reliance of the fire fighters. When an alarm was cried each citizen grabbed his buckets and ran to answer it. If he couldn't respond in an instant he threw his buckets out his window, and his neighbor picked them up and carried them along.

True Greatness.
Genuine greatness is marked by simplicity, unostentatiousness, self-forgetfulness, a hearty interest in others, a feeling of brotherhood with the human family.—Channing.

Pettis Eye Salve GRANULATED ITCHING LIDS
His Point of Anxiety.
Son-in-law (superintending mother-in-law's funeral)—I suppose—or—your's dug it deep enough?—By-stander.

Love and Friendship.
"Love was created so that man might understand woman; friendship, so that man might understand man."
—From Lilyan Shaffner's "Love and Friendship."

MEXICAN MUSTANG LINIMENT
The Household Remedy.
John Lind, Vost, Utah, writes:
"We have been using your Mexican Mustang Liniment in our family ever since 1868 and find it to be a good article to have in the house and never without it. I have recommended it to many of my friends who have also found the same very valuable."
25c. 50c. \$1 a bottle at Drug & Gen'l Stores

Danger in Floor Oils.
There is a warning to housekeepers and to all who have the care of buildings in the fatal fire at Nantucket a few days ago.
The bathhouse that burned so rapidly that two young women were killed had just been oiled. There are oils and oils; some are highly inflammable, others are comparatively safe, though nearly all used for this purpose will burn when a flame is applied to them. A mop used for the oiling was near the match thrown to the floor by a careless guest. It caught instantly, and the fire spread so rapidly that those who escape did so by jumping into the water surrounding the bathhouse.
Probably there was a large amount of the oil, applied carelessly to the floor, in the expectation that it would soak in. But the lesson is that oil should not be used too liberally, as it so often is, wherever matches may be dropped. Test your oil before using it, and then be careful.

Shake Into Your Shoes
Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all Druggists and Shoe Stores. Don't accept any substitute. Sample FREE. Address A. S. Olmsted, Le Roy, N. Y.

Fear Sparks From Telephone.
It is possible to ignite by sparks from a telephone. Hence in all German gas works the telephone bells are covered with wire gauze.

Be Warned.
It isn't safe to put much trust in a man who is good merely because he expects his goodness to be no reward.
Getting His Measure.
"Isn't that young man remarkably fond of outdoor sports?"
"No," replied Miss Cayenne. "He merely enjoys having his picture taken in outing clothes."

BACKACHE NOT A DISEASE
But a Symptom, a Danger Signal Which Every Woman Should Heed.
Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Woodall's experience.
Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and an enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Murine Eye Remedy Co., Chicago.

Youngster Brave Under Operation.
A remarkable exhibition of nerve in a young child was seen the other day in a Spokane, Wash., hospital, when a 6-year-old boy endured his third operation in one week, without an anaesthetic. The operation consisted of the grafting of a piece of skin two inches square on his shoulder, to cover an open wound, due to an accident some time ago, when the lad, while coasting, was caught under a street car.

Water in bluing is adulteration. Glass and water make liquid blue costly. Buy Red Cross Ball Blue, makes clothes whiter than snow.

Gum From Seaweed.
It is announced that a London chemist has succeeded in getting from seaweed a kind of gum which has among other properties a greater capacity for electrical resistance than vulcanite. It is said also to be damp-proof, acid-proof and germ-proof, as well as insensible to changes of temperature, and quite unflammable. Tests of the substance have been made at the Westminster Electric Laboratories.

In Lilac Time.
If you cut twigs from the lilac bush and put them at once in hot water, then later keep them in fresh water in a sunny window, the twigs will soon turn green and show leaf long before the bushes outside are even in bud. The spice bush will do better yet, for its twigs will bloom in water if kept in a sunny window.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Daily Glimpse of Manhattan.
The question of chief public interest is not whether head waiters call themselves "dining-room superintendents" or by any other name, but rather what effect such a change will have upon the amount of backsheesh exacted from the hapless diner. Will the tip increase as the square of the title?—New York Tribune.

Sign of Age.
You are aging a little when you no longer consider hardship a good time.
—Athlison Globe.

SUFFRAGISTS MARCH
Women 15,000 Strong in Line in New York City.
Baby Carriages Are Prominent Feature—Men Disappointed When Roosevelt Refuses to Lead.
New York—The weather man provided a warm sun and a cloudless sky for the biggest woman's suffrage demonstration in the history of New York City.
For nearly a year preparations for the great suffrage parade have been under way, and there was little for Mrs. Harriet Stanton Blatch and her assistants to do except to marshal the various divisions of their forces.
The 15,000 women—and men, too, who had asked for places in the parade—received a last word of exhortation from Mrs. Blatch during the morning.
"Remember," she said through a printed card with which each parader was provided, "you march for the mightiest reform the world has ever seen. The orderly appearance of our procession depends upon each individual marcher. Remember the public will judge, strictly, your qualifications as a voter by your promptness."
The men marchers, a host which Mrs. Blatch thought might number 3000, were disappointed to learn that Colonel Roosevelt had declined the invitation to lead their division.
The programme provided for 11 divisions, led by an equestrienne squad of 100 riders, a band and a company of outdoor suffragette orators, each carrying her little green platform slung like a knapsack across her shoulder.
The 11th division, bringing up the rear of the parade, was assigned to Mrs. O. H. P. Belmont's organization of department store clerks, preceded by the newly organized baby carriage brigade.

BILLION HENS AT WORK.
New York City Consumes 1,400,000,000 Eggs in One Year.
New York—Some startling figures as to the appetite of this city have been gathered by the marketing committee of the State Food investigating commission here. It appears that each year, New York consumes between 1,296,000,000 and 1,400,000,000 eggs, and that before now there have been put away in cold storage warehouses of this city no fewer than 319,800,000 eggs.
Each week the inhabitants of this city eat more than 1,350,000 pounds of butter and in course of the year manage to make away with 72,000,000 pounds.
Last year the market for cheese was considered unusually poor, but in spite of that fact the amount consumed in the city was 30,000,000 pounds.

NEW RECORDS MADE.
Speed-Fiends Drive Autos Without Mishap.
Santa Monica, Cal.—One hundred and seventy-five thousand persons saw new world's records established at the fourth annual Santa Monica automobile races here. Teddy Tetzlaff, of Los Angeles, driving a 90-horsepower Fiat, won the 303-mile free-for-all with the phenomenal record of 78.50 miles an hour, breaking the previous mark of 74.68, made last year by Harvey Herrick in a National on the same course.
In the medium-car event, Ralph De Palma, the Italian driver, in a Mercer, set a new record of 69.54 miles an hour for 151 miles, and in the light-car event George Joermann, of Los Angeles, driving a Maxwell, placed the 101-mile record for small cars at 61.86 miles an hour.

People Weary of Strife.
Washington, D. C.—Senator Martine y Crespo, the retiring Mexican ambassador, sailed from New York to resume his old position as Mexican ambassador at Vienna. Before leaving Washington, Senator Crespo told officials that he felt confident, from private as well as official advice, that the rebellion in Mexico would be terminated probably within a month, and certainly inside of two months. The people are tired of disorder, and undoubtedly developing a strong feeling of patriotic pride.

Chinese Are Turned Back.
Mazatlan, Sinaloa, Mexico—American Consul Alger has telegraphed to Washington for authority to permit the 400 Chinese residents of this district to enter the United States. The Chinese were fleeing from the revolution zone. It is feared there will be a repetition of the Torreón massacre, which the consul is anxious to prevent if possible. The banks of this city, have forwarded \$1,900,000 to San Francisco banks for safety.

Women Planning Memorial.
Washington, D. C.—Mrs. John D. Rockefeller, Jr., Mrs. Charles W. Fairbanks, Mrs. Oscar W. Underwood, Mrs. Harvey W. Wiley and Mrs. Theodore Marburg have become members of the committee of 100 of the Women's Titanic Memorial. The memorial will take the form of a permanent arch over some avenue of the capital.

Forest Bill is Amended.
Washington, D. C.—The senate committee on agriculture adopted an amendment to the agricultural appropriation bill providing that 25 per cent of the receipts from the forest reserves shall be spent on reserves where moneys originate, for constructing roads. The amendment increasing direct appropriation for road construction in reserves \$225,000 also carried. Another amendment adopted appropriates \$35,000 for fighting alfalfa weevil.

Publishers' Name Asked.
Washington, D. C.—The Barnhart bill to compel all newspapers, magazines and periodicals to print the names of their managing editors, owners and all stockholders was attached to the postoffice appropriation bill in the house. It was amended to make this obligatory on newspapers one day of each week. The amendment carried.

Fire Fighting Fund Large.
Washington, D. C.—The senate agriculture committee has increased an item in the agriculture appropriation bill, as passed by the house, from \$200,000 to \$1,000,000 as an emergency fund for fighting forest fires.

DOUBLE BOTTOMS AND AUTOMATIC RAFTS ALSO ARE PROPOSED.
Washington, D. C.—More lifeboats on trans-Atlantic liners, an equipment of rafts that automatically will float clear of a sinking vessel and the construction of great passenger steamers with double hulls and extended watertight compartments—all these reforms as indicated before the senate committee investigating the Titanic disaster, will exist in the immediate future.
J. Bruce Ismay, president and managing director of the International Mercantile Marine company, told the committee that, in his opinion, this would be done. He promised to take the question up with the constructors of the big liners as soon as he returned to England.
The head of the most powerful shipping combination in the world shared interest in the hearing with E. J. Dunn, a New York importer. Mr. Dunn proved a recalcitrant witness. After telling of information he had received that the White Star Line officials had received positive information of the Titanic disaster 12 hours before they gave it out, he refused to give the name of his informant.
Senator Smith insisted on knowing the name of the persons responsible for the statement. Dunn said he received it in confidence and had pledged himself not to divulge the name. Summarily dismissed from the stand in the charge of an assistant sergeant-at-arms, the witness spent most of the morning on the long-distance telephone endeavoring to be absolved from his pledge.
As a result of Dunn's testimony, Senator Smith dispatched two officers to New York to interrogate the officials of the Western Union Telegraph company, by whom was employed the man who was said to have made the statement. Late in the day he learned that the officers were having trouble in getting at the facts. As a result Smith announced that possibly he would go to New York and conducted the investigation himself.
Dunn, the recalcitrant witness, said that a day or so ago a friend told of the receipt by the Western Union Telegraph company of a wireless message which was transmitted to "Isle Frank," between 7:30 and 8 o'clock Monday morning of the disaster. The code address is that of P. A. S. Franklin, vice president of the International Mercantile Marine. The message, the witness said he was informed, told of the Titanic disaster, news of which was not made public by the White Star line until 12 hours later.
"What was your informant's name?" asked Senator Smith.
"I can't tell you," replied Dunn. "I am under pledge not to reveal his name. He promised to come over here to testify, but I received the following telegram later:
"Regret present circumstances do not permit departure."—No signature.
"Did your informant tell you why you should not give his name?"
"Simply a matter of protecting his father. He said his father was employed by the Western Union and that if this matter came out and it was known that he gave it, his father would lose his position."
J. Bruce Ismay indignantly denied he or any representative of his company had attempted to reinsure the Titanic between the time she went down and the hour of the real news of the disaster became public. He asserted that a wireless message which he directed to Vice President Franklin from the Carpathia on Monday morning, April 15, did not reach that official until Wednesday, April 17.
Colonel Gracie, another witness, said that when he retreated toward the stern because of the advancing water, he was met by a "mass of humanity" swarming up from the lower decks.
"Among them were many women," the witness said, "although we believed all women were taken off."

Plague Precaution Taken.
Washington, D. C.—To prevent the introduction of bubonic plague, yellow fever and other contagious diseases into the United States from Mexico, Surgeon-General Blue, of the Public Health and Marine hospital service, has detailed assistant surgeons to supervise the departure of vessels from Vera Cruz and Tampico to this country. These officers will report upon the sanitary conditions of the ports, sign bills of health with the American consul, and fumigate vessels to kill mosquitoes and rats.

Forest Bill is Amended.
Washington, D. C.—The senate committee on agriculture adopted an amendment to the agricultural appropriation bill providing that 25 per cent of the receipts from the forest reserves shall be spent on reserves where moneys originate, for constructing roads. The amendment increasing direct appropriation for road construction in reserves \$225,000 also carried. Another amendment adopted appropriates \$35,000 for fighting alfalfa weevil.

Publishers' Name Asked.
Washington, D. C.—The Barnhart bill to compel all newspapers, magazines and periodicals to print the names of their managing editors, owners and all stockholders was attached to the postoffice appropriation bill in the house. It was amended to make this obligatory on newspapers one day of each week. The amendment carried.

Fire Fighting Fund Large.
Washington, D. C.—The senate agriculture committee has increased an item in the agriculture appropriation bill, as passed by the house, from \$200,000 to \$1,000,000 as an emergency fund for fighting forest fires.

DR. Wm. PFUNDER'S OREGON BLOOD PURIFIER
A Tonic, Alterative and Resolvent. The best remedy for Kidneys, Liver and Bowels. Radically cures Pimples, Eruptions and Disorders of the Skin. Purifies the Blood and gives Tone, Strength and Vigor to the entire system.

Cow Wrought Much Mischiefs.
A series of accidents all on account of a cow occurred one day not long ago at Neerim, South Victoria. A man who was driving a gig was upset by running over a cow. The pony then bolted with the upturned gig, which frightened a team of horses attached to a wagon, and the latter capstayed over a log, pinning underneath it the driver, who sustained a fracture of the skull.
Don't buy water for bluing. Liquid blue is almost all water. Buy Red Cross Ball blue, the blue that's all blue.

He Also Serves Who—
If you want to "serve the people" it isn't necessary to run for an office. Work hard, attend to your own business, and pay your bills on the first of the month. Follow that plan and you will be more popular than any statesman, and will have less grief.—Emporia Gazette.

THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS

It does the work. All Druggists

Old City Well Uncovered.
A well that probably supplied the early inhabitants of Sydney, N. S. W., with water has been found by workmen engaged in the demolition of premises in Oxford street. The well has a depth of 30 feet, and contained when opened about 25 feet of water. The bricks are hand made and dovetailed, no mortar being used in placing them in position. The top of the well is covered with some ironbark slabs.

Probably a Robber's Hoard.
A woodcutter at Mofassin, in the Forest of Compeigne, northern France, found a box recently, in the trunk of an old oak. Opening the box, he discovered \$700 in gold pieces. On examination the coins, which have been in the tree trunk for nearly a century, were found to be stained with human blood.

Tonic—Alterative
What is a "tonic"? A medicine that increases the strength or the tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your doctor about it.
Bilious attacks, sick-headaches, indigestion, constipation, dizzy spells—these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.
Made by the J. C. AYER CO., Lowell, Mass.

More Lifeboats for Liners
Double Bottoms and Automatic Rafts Also Are Proposed.
Washington, D. C.—More lifeboats on trans-Atlantic liners, an equipment of rafts that automatically will float clear of a sinking vessel and the construction of great passenger steamers with double hulls and extended watertight compartments—all these reforms as indicated before the senate committee investigating the Titanic disaster, will exist in the immediate future.
J. Bruce Ismay, president and managing director of the International Mercantile Marine company, told the committee that, in his opinion, this would be done. He promised to take the question up with the constructors of the big liners as soon as he returned to England.

THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS
TO sharpen the appetite, assist the stomach, prevent constipation, TRY THE BITTERS TODAY
It does the work. All Druggists

Old City Well Uncovered.
A well that probably supplied the early inhabitants of Sydney, N. S. W., with water has been found by workmen engaged in the demolition of premises in Oxford street. The well has a depth of 30 feet, and contained when opened about 25 feet of water. The bricks are hand made and dovetailed, no mortar being used in placing them in position. The top of the well is covered with some ironbark slabs.

Probably a Robber's Hoard.
A woodcutter at Mofassin, in the Forest of Compeigne, northern France, found a box recently, in the trunk of an old oak. Opening the box, he discovered \$700 in gold pieces. On examination the coins, which have been in the tree trunk for nearly a century, were found to be stained with human blood.

Tonic—Alterative
What is a "tonic"? A medicine that increases the strength or the tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your doctor about it.
Bilious attacks, sick-headaches, indigestion, constipation, dizzy spells—these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.
