Selling pianos, lots of them at greatly reduced prices. Pianos of highest quality at prices that are not high is the slogan of Eilers Music House. Right now here in Cottage Grove you have a real demonstration of this low priced plan of selling pianos. Some have already taken advantage by securing instruments at a great saving in price. We have just an even dozen on hand at this writing which we intend to sell within the next two weeks or by August 1st. In order to do this in the dull season we know that extra ordinary inducements must be offered in the way of prices and terms. We buy thousands of pianos to supply our forty stores located in the western cities where we operate, hence we are able to sell dependable pianos ranging from \$150 up on easy payments.

Why not secure your piano now, for at least \$100 under the prices usually asked by small dealers and agents. Investigate this home piano proposition. We will not be here long, for at the cut prices we are making, it would not pay to operate a store and plug along in the ordinary way and only sell an occasional instrument. We will keep the store open evenings if you can't come in during the day, come after supper.
