**The Inside of a Shoe**

The Star on the heel means Honest Shoes

Come to our Store and see this Cut Shoe

**The Inside of a Shoe**

It is a lamentable fact that 90% of all shoes sold for less than \$4.00 contain substitutes for leather in the heels, counters and soles. You pay pure leather prices for this shoddy.

Pure shoe legislation is pending in Congress and many different States. We heartily endorse it, because the rights of 100 million people are greater than those of a few hundred manufacturers.

We have one of the "Our Family" shoes cut up so you can see just how it is made. The heels, counters and soles are of genuine sole leather. No substitutes for leather are ever used.

Come and see the "Our Family" and other "Star Brand" shoes. Then

cut up an old shoe that has failed to give satisfactory service and note the vast difference in construction and material used. You will then know why "Star Brand Shoes Are Better."

You can get "Our Family" shoes for Men, Boys and Youths at \$2.00 to \$3.50; also for Women, Misses and Children at \$1.50 to \$2.75. You will find it is the best every-day shoe you have ever worn.

The "Our Family" and other "Star Brand" shoes are sold by 20,000 good merchants. We are special agents in this section.

**GOOD ROAD TIPS.**

After roads are laid out hills will have to be excused, but if the roadway remains filled with cobblestones it shows rather bad taste for the community.

In selecting road overseers it is well to forget "pets" and politics and instead select a man who can do the work.

A width of eighteen or twenty feet for a local road grade and not too high in the center will cost less in grading, make less work in dragging, and it does not leave so much space for weeds as a wider grade.

A team drawing a heavy load generally has enough to do in moving along with its burden, to say nothing of the torture that is ending of a wagon tongue makes in strking their sides and jerking their collars because of rocks in the roadway.

**Winklewads.**

No man can be a hero or a noble action take when somewhere out of reach he finds that his suspenders break.

No matter if she lives out west or east or north or south, a woman early learns to hold her hairpins in her mouth.

They hung the picture on the wall, as galleries will do, and those who saw that painting wished they'd hung the painter too.

In this swift age of living we can tell the patient man—He sunders one small hole a day and don't stamp on the pan. —Dallas News.

**Didn't Know He Was Running.**

"I was talking to my colored man of all work the other day," said the Hon. James Yates Mellen of Cleveland, "and I asked him if he went to church."

"Yassuh, I goes to church every Sunday," he said.

"Are you a member?"

"Yassuh."

"What church?"

"Prespeteryun."

"Do you believe in the doctrine of election?"

"Yassuh."

"Do you think I am elected to be saved?"

"Laws, Mr. Mellen, I didn't even know you all was a candidate!" —Cleveland Plain Dealer.

**It All Depends.**

The magnate took his pen in hand and eloquently wrote:

"I wouldn't trade Bill Beeswax for a million dollar note.

There never was a better man than Beeswax ever played."

The magnate argued thusly when he argued for a trade.

But when Bill Beeswax up and asked the magnate for a raise

The magnate up and roasted him in forty-seven ways.

"You poor old spavined boob," he said, "you have a lot of gall! You're lucky to be playing in my baseball yard at all!"

**The Proof.**

"There must have been a burglar in my room last night," remarked Slowpay at the breakfast table.

"Mercy!" ejaculated his fellow boarders. "How do you know? Did you lose something?"

"On the contrary, I found a roll of bills on the floor right by the window."

Whereat there was a general scramble back to the rooms, while the landlady remained to give Slowpay a second helping of poached eggs. —Fun Magazine.

Immediately he fell into the water.

**Label Paste.**

To make a good paste for labels mix together with cold water until they form a smooth cream four ounces of flour and an ounce and a half of brown sugar. Then pour in boiling water, stirring all the time till the right consistency is obtained. Add five or six drops of carbolic acid to keep the paste from becoming sour, and when it has been well stirred in the compound will be fit for use.
