THICK, GLOSSY HAIR
FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy
and beautiful—Get a 25 cent
bottle of Danderine.

If you care for heavy hair that glistens
with beauty and is radiant with
life; has an incomparable softness and
is fluffy and lustrous, try Danderine.
Just one application doubles the
beauty of your hair, besides it immediately
dissolves every particle of
dandruff. You can not have nice
heavy, healthy hair if you have
dandruff. This destructive scurf robs
the hair of its lustre, its strength and
its very life, and if not overcome it
produces a feverishness and itching of
the scalp; the hair roots fashish, loosen
and die; then the hair falls out
fast. Surely get a 25-cent bottle of
Knowlton's Danderine from any drug
store and just try it.

**A FRIEND TO THE
WORKINGMAN**

Five years ago I was so troubled
with kidney trouble and inflammation
of the bladder that I had to lease
working my farm. Life looked dark
to me until I heard of Dr. Kilmer's
Swamp-Root through a cured friend.
I tried a bottle and began to feel better
at once. After using five or six
bottles I felt fine and have continued
to work as I had before my affliction.
I want to state that Dr. Kilmer's
Swamp-Root is a kidney medicine that
will cure and I owe my good work during
the past five or six years to it.

Yours very truly,
C. W. MORRIS,
Prescott, Ark.
Subscribed and sworn to before me,
this 27th day of March, 1912.
O. B. GORDON,

This is to certify that Mr. C. W.
Morris has bought Swamp-Root at this
store in the past.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.
If you will go into any first class store
and get a bottle of S. S. S. you are on
the way to getting rid of Catarrh. But
don't let anyone work off that old trick
of something "Just as good."
S. S. S. is taken into the blood just
as naturally as the most nourishing food. It
spreads its influence over every organ in
the body, comes through all the veins and
arteries, enables all mucous surfaces to
exchange inflammatory acids and other
irritating substances for arterial elements
that effectually cleanse the system and
thus put an end to all catarrhal pollution.
S. S. S. cleans out the stomach of mucous
accumulations, enables only pure, blood-
making materials to enter the intestines,
combines with these food elements to
enter the circulation and in less than an
hour is at work throughout the body in
the process of purification.
The medicinal components of S. S. S.
are relatively just as essential to well-

Practical Papa.
The talk at a recent smokefest was
about the practical side of things.
"Reminds me," smilingly remarked
Congressman Joseph A. Goulder of
New York, "of a certain suffragette,
not one of the antique species, but a
soft, tender little thing who has just
joined the jubilee and is correspond-
ingly enthusiastic."
"One evening she returned home
and rushed up to the old man, who
was comfortably reading in a big arm-
chair."
"Oh, papa," she exclaimed, "you
should have been with me tonight!
We are preparing to sweep the coun-
try!"
"Sweep the country?" responded
the old man, with a puzzled expres-
sion. "Who's preparing to sweep the
country?"
"Why, the suffragettes, of course,"
came the proud rejoinder of the pretty
one.
"Oh, I see," was the cold, hard reply
of practical papa. "It is a commend-
able impulse. You might begin with
the dining room and parlor."—New

10 CENT "CASCARETS"
IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
work while you sleep.

Furred Tongue, Bad Taste, Indiges-
tion, Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your
stomach to become filled with undig-
ested food, which sours and ferments
like garbage in a swill barrel. That's
the first step to untold misery—indiges-
tion, foul gases, bad breath, yellow
skin, mental fears, everything that is
horrible and nauseating. A Cascaret
tonight will give your constipated
bowels a thorough cleansing and
straighten you out by morning. They
work while you sleep—a 10-cent box
from your druggist will keep you feel-
ing good for months.

Bad Job for Man Below.

While in Boston a while ago I went
over to East Boston on the ferry.
There was a steam shovel at work out
in the harbor, and I was standing
watching it. Suddenly I felt a tap on
my shoulder and turned around to
find a son of Erin standing there.
"Say," said he, "isn't this a wonderful
country? By gorry, now, just look at
that thing goin' down there now. Look
at it. Isn't that wonderful. But, say,
old man, I wouldn't want to be the

up, would ye?"

COAST GALE FIERCE

**Columbia Bar Lashed Into Foam—
Shipping Stays Inside.**

**Many Points In Oregon and Wash-
ington Report Wind and Rain
Storm Worst Ever.**

Astoria—Wind attains a velocity of
80 miles an hour; many vessels bar-
bound.

Fort Stevens—Hammond water
front damaged by high seas.
Raymond—Ninety-mile gale at Wil-
lapa Harbor; three-story frame build-
ing razed.

Portland—Day's rainfall 1.12 in-
ches; trains to north delayed.
Vancouver—Rainfall Sunday, 1.73
inches; slides delay traffic on North-
ern Pacific.

Astoria, Or.—"The worst in years"
is the way everyone described the
southeast gale that revived Saturday
and raged with unabated fury for two
days. The wind at times attained a
velocity of 80 miles an hour. Break-
ers were so high that the bar at the
mouth of the river was a mass of
white foam. The weather was so
thick with rain and mist that naviga-
tion was extremely hazardous.

Fifteen barbound ships dared not at-
tempt to cross out. Incoming vessels
reported that even should the steamers
go out they could make little headway
in the face of the terrific gale. The
steamer Breakwater arrived off the
bar at 7 a. m., but as the buoys had
been carried away and the weather
was thick, it was not until four hours
later that Captain Macgenn could pick
up the channel and cross in.

Raymond Building Topples.

Raymond, Wash.—This city and the
entire Willapa Harbor district was
visited Saturday and Sunday by the
worst wind storm in its history. The
gale started early Saturday afternoon
and by midnight was blowing at a ve-
locity estimated to be 90 miles an
hour. This continued through Satur-
day night and the greater part of Sun-
day.

The new steamer Solano returned to
the upper harbor with a bad list, oc-
casioned by a topheavy load of lath
and shingles, which absorbed the
moisture, weighing the vessel down.
This deck cargo shifted in the terrific
wind.

Although Raymond is well protect-
ed from winds, the gale razed a three-
story frame building under construc-
tion for a lodging house, practically
wrecking the structure, which was
nearly completed.

Hammond Protection Gone.

Fort Stevens, Or.—The recent heavy
tides, accompanied by violent storms,
are causing considerable damage to
lower river interests. It is assumed
that the deflection of the current to
the Oregon shore by the jetty con-
struction is the primary cause.

Piling put in by the city of Ham-
mond to protect the waterfront has
been washed out completely and
nearly one-half of the leading business
street of the city has been partly un-
dermined by the action of the water.

**Kansas Is Fighting
"Spinster" Tax Law**

Topeka, Kan.—The state of Kansas
puts a tax on widows, spinsters and
bachelors, and the widows and spin-
sters want it removed. Several efforts
heretofore made to remove this tax
have been blocked because they would
also remove the tax on bachelors, and
this the state does not want to do.
Under the constitution the man at the
head of a family receives a tax rebate
on \$200 every year. The bachelor,
the spinster and the widow do not re-
ceive this rebate.

A woman and her husband, with
two children and \$200 worth of per-
sonal property and other securities,
may go along for years exempt from
taxation. When the husband dies the
widow must immediately begin paying
taxes.

An old maid school teacher, by
working hard and skimping, managed
to support her three brothers and sis-
ters on \$60 a month, but she has to
pay taxes on every penny's worth of
furniture she possesses. Across the
street lives a widower with three chil-
dren and almost a duplication of the
spinster's personal property, but un-
der the Kansas law he is exempt from
taxation because he is the "head of
the family."

Free Competition Urged.

Madison, Wis.—"My proposal is
neither regulated competition nor reg-
ulated monopoly, but freedom in com-
petition, prohibition of monopoly, per-
mission for co-operation and regula-
tion of the latter."

This was the solution of the trust
question as announced by President
Van Hise, of the University of Wis-
consin, at a meeting of the Saturday
Lunch club here last Saturday. He
defended the Supreme court in writing
the word "reasonable" into the Sher-
man anti-trust law.

Farmer Sells Wine, Is Fined.

Walla Walla, Wash.—Supplementing
his farm income by selling wine
without a license proved disastrous to
Peter Pieri, a farmer living near this
city. He paid \$90 into Justice's court
for selling red wine made at his home.

The Laconic Senator.

Not for the multitude, but for the
fewness of his words, is Senator Lane
of Oregon likely to become famous.
Asked to contribute a sketch of him-
self to that annual of shrinking mod-
esty, the Congressional Directory, Mr.
Lane wrote:

"Harry Lane, democrat, of Oregon,
term expires March 3, 1919."
When asked how he liked his sen-
ate job, he replied:

"I feel perfectly at home here. I
was superintendent of the Oregon In-
sane Asylum before I was sent here."

York Mail.

States for the first 11 months of 1912
reached the record sum of \$6,776,000,
while the previous year they totaled
only \$5,953,313, also a record year.

Last year there were 1,852,241 work-
ers employed in factories in Great
Britain, 890,834 of whom were en-
gaged in the textile trades.
