Office Phone 35

Large audiences greeted Mrs. Ellis at each of her lectures this week at the Christian church.

The Leader heard a man who ought to know, remark this week that, "There isn't an idle man in town who wants to work and is able to work." All of which shows that industrial conditions are in better shape here than they were a few short weeks ago.

Rev. C. M. Cobb, who has been pastor of the Baptist church for the past two years will leave for Basin, Wyoming, tonight. He will be accompanied by Mrs. Cobb as far as Freewater, Oregon, where she will visit her parents. They were tendered a farewell party by the members of his congregation Thursday night. They will locate at Skelton, Wash. where Rev. Cobb will soon take up his work again.

Down at Eugene they are holding a "Made-in-Lane-County" rally. It's the proper spirit, all right, and one that if lived up to, will help mightily to solve the questions of high taxes, high cost of living, unemployed men and scarcity of money. Employ home men in making what you need, keep your money at home, build up more tax-paying institutions at home, and hard times would be forgotten.

## Can You Give One Reasonable Reason

IF SOMEONE should ask you to give a reason why you buy bread made in some other city, instead of buying just as good or better bread made in a home bakery, by home people, who spend their money with home merchants, rent a home building, and help support home institutions, could you give a reason that would satisfy yourself?

There are many reasons why we should patronize Cottage Grove industries, and none at all why we should go out of town to buy an article that is made here.

Mont's Cafe  
Short's Grocery  
Brund & Company

Des Larzes Bros.  
The Metzian Shop  
The West Side Grocery

handle our bread. If you want to know how good it is ask them or their customers.

Why should you sell any other? Honest, now, could you give a reasonable reason?
