Albert Wilson stopped over Wednesday evening at the home of his uncle, Geo. Wilson, enroute to Portland.

Lee Roy Wood visited with the family of R. W. Welch at Kelso, Washington, while returning from Fort Stevens this week.

TYPEWRITER—An almost new, visible, two-color, tabulator attachment, L. C. Smith, only \$45 easy terms. See the Leader.

Of course, it will not change results any, but it will be four or five days before the results of the election can be had from some of the outlying precincts.

L. L. Harrel is expected to arrive today from Portland with his new two-ton Reo. It he reaches here in time, the new machine will be chartered by the ball team for the trip to Creswell Sunday.

Mrs. J. E. Elledge was taken to St. Vincents Hospital, Portland, Wednesday to undergo an operation. The doctors are not fully agreed as to the ailment, but are mainly of the opinion that it is appendicitis.

Clara Milne, the twelve-year-old daughter of Mr. and Mrs. John Milne, fell over a stake on the school play ground Thursday, breaking her left arm. The injury is not a dangerous one and the little lady will be all right again in a short time.

Mr. and Mrs. E. L. Willard arrived this week from Carlton and are visiting with Cottage Grove friends and relatives. Mr. Willard will go from here to Roseburg, Mrs. Willard remaining here for the next few weeks.

The militia boys who have been taking lessons in firing big guns at Fort Stevens the past ten days, are all home again, delighted with the experience and fully convinced that they could give a good account of themselves if called on for duty in actual warfare.

Frank Williams is down from the Bohemia mining district, spending a few days with friends and looking after business matters. This is the first time Mr. Williams has been down from the mines for almost a year. He says that, while there is nothing exciting going on in the Bohemia district, there is a lot of work being done, and he is expecting big things from the mining claims he is holding.

The joke is on "Jim" Hemenway. He was one of the registration officers in Cottage Grove and registered several hundred people, but yesterday morning when he went to the polls to vote he met with a very cool reception from the election officers because he had failed to register. Jim swears he registered before Officer Young, but as there is no record of his having done so, he was compelled to swear in his vote. This is not the first case on record where a man gets so anxious to have other people do a thing that he forgets to do it himself.

Those who enjoyed Mrs. Kime's hospitality were Mesdames O. L. Nichols, C. H. Van Denberg, Josiah Porter, W. H. Abrams, B. S. Swengel, J. H. Chambers, Jennie Fishburn, H. E. Compton, Geo. Hall, D. H. Picnicers Rustle for Grub.

Hayrack rides are becoming quite popular. A party of about twenty young folks drove out South about six miles Thursday evening and stopped at a favorable spot near the river.

Ice cream was the refreshment but it seems that after such a ride, the palate desired something more, consequently the neighbors were called upon to furnish a few extras. The appetites must have been satisfied however for the party did not return until a late hour. Miss Wilson acted as chaperon.

Can You Give One Reasonable Reason

IF SOMEONE should ask you to give a reason why you buy bread made in some other city, instead of buying just as good or better bread made in a home bakery, by home people, who spend their money with home merchants, rent a home building, and help support home institutions, could you give a reason that would satisfy yourself?

There are many reasons why we should patronize Cottage Grove industries, and none at all why we should go out of town to buy an article that is made here.
