RICHES FROM OCEAN

Japanese Fishing Industry Is Enormous.

Easily the Leading Nation in the World in This Respect—Annual Value of Water Products Reaches Large Figure.

Japan is said to be the leading fishing nation, not in the actual value of its fish products, for in that respect several other nations excel it, but in the number of persons who make their living by fishing, in the proportion of fishers to the rest of the population, in the relative importance of fisheries in the domestic economy, in the ingenuity and skill of the people in devising fishing apparatus, in preparing fish and in the zeal shown by the government in promoting the interests of the fishing population.

The islands comprising Japan stretch diagonally from north east to southwest, between two and three thousand miles, giving a great range of climate, and consequently of waters from almost tropical to almost arctic. The islands are mostly long and narrow and at no part is the interior too far from the sea to allow of the easy transportation of fresh fish. Within a few miles of the coast in many places are deep parts of the sea in which breed inexhaustible supplies of deep sea fish, while the bank and top feeding sorts swarm about the shores in countless schools.

It is estimated that one person in twenty in the entire empire is more or less a fisherman, and fish appear in some form on the table of every Japanese family daily, if not at every meal. The annual value of water products is in excess of \$30,000,000. Half a million boats are engaged in fishing, of which 18,000 are more than thirty feet long. Almost a million men are professional fishermen, and 1,400,000 more give part of their time to fishing and the rest to farming or other pursuits. Only about 200,000 men are, it appears, so employed in the United States.

A thousand species of fish have already been identified in Japanese waters, and almost every one of them is edible. One of the commonest, most wholesome and most sought after is the shark, which the western people have never learned to eat, but which a fishery expert of this government who has visited Japan pronounces excellent. Dogfish, the common member of the shark family along the north Atlantic coast, would never be permitted to go uncaught in Japan. Even the octopus is a table delicacy there.

Much fish is eaten raw by the Japanese, a fact that is said to be much more easily understood by Americans after they have tried raw mackerel or other fish dipped in the delicious sauces the Japanese employ in this relation.

The prominence of Japanese fisheries is due to the encouragement of the government. Officials have been sent to the United States as well as to Europe to study the methods in vogue, and there is at Tokyo an imperial fisheries institute, a school with which no other in the world can compare.

IN RECOGNITION OF BRAVERY

New Croix de Guerre That Can Be Given to Civilians, Women as Well as Men.

From June 1 a new decoration, the Croix de Guerre, corresponding to the Military Cross of Britain and the Iron

Cross of Germany, will be noticeable on the bosoms of Frenchmen, civilian as well as military, who have been distinguished by being mentioned in the dispatches.

In point of rank the new cross comes after the Cross of the Legion of Honor and the Military Medal, both of which are given for special acts of valor or public service.

Civilians, including women, can be decorated with the new cross for acts or conduct that would in military life have entitled them to mention in army orders.

The Croix de Guerre is made of Florentine bronze, about an inch and a half in diameter, with crossed swords between the arms. It is to be worn on the left breast in line with the second button of the tunic. The ribbon is bright green edged with red.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Wonder of It.
Rose had called on her afternoon out to see her friend, Arabella. Arabella's mistress had just purchased a parrot, and Rose was much interested in the bird.
"Birds is shore sensible," she observed. "You kin learn them anything. I uster work for a lady that had a bird in a clock, an' when it was time to tell de time ob day it uster come out an' say 'cuckoo' just as many times as de time was."
"Go along. Yo' doan' say so," said Arabella, incredulously.
"Shore thing," replied Rose, "and de mos' wonderful part was dat it was only a wooden bird, too."—Harper's Monthly.

Obliging.
Mr. Bowen was having dinner with the Reillys and the 7-year-old son of the family was present.

"And what are you going to be when you grow up, young man?" asked Mr. Bowen of the little boy.

"Well," replied the boy, thoughtfully, "after I've been a minister to please mother, an' a judge to please father, I'm goin' to be a policeman."

WHAT TO DO FOR YOUR ITCHING SKIN

Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is the Resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 20 years.

Resinol stops itching instantly and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's and are not at all expensive. Great for sunburn.—Adv.

WHY DINING CAR CHEFS PREFER KC BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K C Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K C Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Rebuilt Federal Trucks

A Safe Used Truck to Buy.
A REBUILT FEDERAL is as good value for the money as a new truck. By rebuilt we mean that the truck is entirely taken apart, each part examined and if necessary replaced by a new part made at the Federal factory, the entire truck repainted and refinished, and everything necessary done to make the truck practically as good as new in every detail.
When you buy a rebuilt Federal you are protected by the same policy and interest that we give to all Federal owners. We operate a repair department, in which the workmen are specialists on Federals, our supply of Federal parts is complete, and the stock room organization high class, which insures the prompt filling of all parts orders. We also operate a service department, which is open day and night, "always at your call." The Federal being a good truck in the first place and protected by a company which is equipped and has the disposition to give you service—is consequently
A SAFE USED TRUCK TO BUY.
If you are in the market for a truck from \$1000 to \$1400, we urge you to compare used Federals with new trucks at similar prices. We think we can convince you of their superior value.

In Girlhood—Womanhood and Motherhood

The prescription which Dr. R. V. Pierce used most successfully—in diseases of women—which has stood the test of nearly half a century—is

Dr. Pierce's Favorite Prescription

Take this in liquid or tablet form as a tonic and regulator!

Mrs. Kate D. Richardson, of Beazley, Essex Co., Va., says, "I esteem it a pleasure to testify to the wonderful curative qualities of Dr. Pierce's Favorite Prescription. For some years I suffered greatly with weakness peculiar to my sex. I was treated by several physicians but gradually grew worse. One of my friends told me of the good results of your 'Favorite Prescription.' I went to the drug store and got a bottle, and after taking it, with the 'Pleasant Pellets,' I commenced to get better. I never knew what happiness was, for I was always sick and complaining and made others as well as myself unhappy. So you see what a debt I owe you!"
