

A SONNET OF SPRING

The fragrance of the flowers,
The early breath of June
The brightness of the sunshine,
The silvery light of moon
All combined in KAS-PA-RILLA
In a manner that is sure,
If you take it when you're ailing,
To effect a speedy cure.

KAS-PA-RILLA

Oregon's Tribute of Health to the World

A natural corrective of all derangements of the liver and an aid to perfect assimilation of food. Positively cures CONSTIPATION—the bane of modern civilization. Its effects, while lasting, are never pernicious, and unlike thousands of nostrums and vaunted cure-alls, its continued use is never necessary, as it creates no habit.

RHEUMATISM in its acute form is quickly relieved by the use of KAS-PA-RILLA, eliminating at once from the blood and joints, toxic salts, which nature alone cannot excrete.

World's Fair medals have been awarded at Buffalo, Omaha and Charleston. Its success has caused unscrupulous parties to imitate Kas-pa-rilla. Your drug-gist should have it, and if he does not supply you promptly, write us, giving his name.

He will make a tour of that part of the country tributary to Cottage Grove and we will very much appreciate any favors extended him in his rounds. He is fully authorized to receive moneys and receipt for all amounts paid him, being a fully authorized representative of his paper. Now is the time to subscribe for one of the very best and most newsy papers of the county—the Lane County LEADER.

Seven O'clock Closing.

A movement was inaugurated here this week by Rev. John Dawson of the Episcopal church of this place and Roseburg, having for its object a uniform hour for the closing of business houses evenings. It is understood that a large majority of the business men are in favor of adopting an agreement to close their respective places of business evenings promptly at seven o'clock in the summer and at six o'clock during the winter season, and also to close all day Sundays. There is to be a penalty of \$100 to be applied on street improvements, for violations of this agreement by any of its signers. The business people understand the business conditions here far better than we do, hence, we shall not attempt to advise them in this matter—it is up to them. We will just add in relation to this movement, that it is a very popular one and has been adopted by almost every city and town in the state, and while the local public is inexperienced somewhat for a time, it soon becomes accustomed and reconciled to this new order of things.

A Young Lady In Drain

There was a young lady in Drain
Whose face grew exceedingly plain,
She tried paints and lotions
And all kinds of notions
To bring back her beauty again
Till a friend who had been the same way
Happened to meet the young lady
(one day)
Said she: "Fool no more
Here's a splendid Drug Store
And they do just whatever they say"

P. S. She took the advice. Just a week ago last Wednesday she came in, has had four wonderful sine, and is telling all her friends of the lovely lotions, powders and perfumes at the New Era Drug Store.

Miles Pitcher, the genial postmaster at Star, the present terminus of the Bohemia railroad, was in town transacting business Wednesday and favored the LEADER with a pleasant call and a subscription renewal. Mr. Pitcher says the railroad grade has already been extended beyond his place and that considerable work has been done in making a cut at a rocky point a short distance this side of the Hawley place. Work is also progressing at the steam shovel on Bake Stewart's place and the company expects to have a crew soon that will load 200 cars with gravel at the steam shovel-a-day. Some years ago Mr. Pitcher located a homestead which has been cleared of brush, a good orchard planted and which is now in full bearing, while many acres of his ranch is in cultivation—in fact he has converted a forest into a comfortable home, and now with the advent of the railroad, the establishment of new saw mills and the development of the Bohemia mines, the farmers of his section of the country are afforded a nearby market with a demand for all they can raise and more too at good remunerative prices.

Obituary.

Brief mention was made of the death of "Uncle" Job Spray, an honored pioneer of this county, but late of Union county, in our last issue. Owing to his prominence among the early settlers of this county and his wide acquaintance a more extended notice of his life will be read with interest by many old friends.

Mr. Spray was born in Warren county, Ohio, in 1827, and died at the home of his daughter, Mrs. Kate Hunt at Wildwood, this county, April 15, 1903. He came to Oregon in the early Fifties and was married to Miss Jennie Jones in 1856. Six children were the issue of this union, four of whom survive with an aged mother and wife—Mrs. Kate Hunt, of Wildwood, Or., John W. Spray, Almedia Spray, and Mrs. Bell Miller, of Union county, Oregon. He professed religion and joined the United Brethren church at the age of 19 years, of which he remained a consistent member up to the time of his death. Funeral services were held at the home of his daughter, Mrs. Hunt, Friday April 17th and were conducted by Rev. C. H. Wallace, interment in the family cemetery on the Hunt place.

Of Uncle Job it may be truthfully said that he was a courteous, kindly and hospitable gentleman, and through his genial and unostentatious manners he endeared himself not only to his own family, but to all who knew him. He was of course, not without fault—we all have them—but of his it may be said that they were small ones and none of them ever wrought any harm to others. In his death a familiar character and another grand old pioneer is removed from the daily walks of life.

WHOLESALE DOG POISONER

Many Valuable Canines Fell Victims to His Deadly Bait Monday Night.

The dog poisoner stalked a road in this city Monday evening and as a result the mournful strain of "Empty is the Dog-house, Towser's Gone," was heard from various quarters Tuesday. Those losing good dogs on this occasion were: Darwin Bristow, Jeff Markley, Dr. Robinson, Mrs. Pet Sanford, J. P. Curran, Mr. Radolph and M. L. Thompson. In this connection we want to say that the dog poisoner is a mighty mean man and his work is contemptible, and if persisted in will surely bring grief to the guilty culprit.

What came near being a disastrous freight train wreck occurred at the King farm about a mile north of this place Wednesday afternoon. While rounding the sharp curve at this point the rear trucks of the tender of the north bound freight left the track and bumped along on the ties for quite a distance before the train could be stopped, which cut up the track considerably. Fortunately the trucks did not turn crosswise enough to block the train which would have caused the ditching of the train and a great destruction of property. If not for the loss of life. As it was, both of the afternoon trains were delayed several hours while the damaged car was being put in shape to enable its removal to the nearest side track for permanent repairs. The three o'clock local arrived at this place a little after 5 p. m.

J. A. Black and W. W. Kent of Drain, were Friday appointed by Governor Chamberlain to succeed themselves as members of the board of regents of the Central Normal School, at Drain. Dexter Rice, of Roseburg, was also appointed a member of the board, to fill a vacancy.
