Tis the fragrance of the flowers,  
Tis the early breath of June  
Tis the brightness of the sunshine,  
It's the silvery light of moon  
All combined in KAS-PA-RILLA  
In a manner that is sure,  
If you take it when you're ailing,  
To effect a speedy cure.

## KAS-PA-RILLA

Oregon's Tribute of Health to the World

is a natural corrective of all derangements of the liver and an aid to perfect assimilation of food. Positively cures CONSTIPATION—the bane of modern civilization. Its effects, while lasting, are never pernicious, and unlike thousands of nostrums and vaunted cure-alls, its continued use is never necessary, as it creates no habit.

RHEUMATISM in its acute form is quickly relieved by the use of KAS-PA-RILLA, eliminating at once from the blood and joints, toxic salts, which nature alone cannot excrete.

World's Fair medals have been awarded us at Buffalo, Omaha and Charleston, our success has caused unscrupulous parties to imitate Kas-pa-rilla. Your druggist should have it, and if he does not apply you promptly, write us, giving his name.

### President at Cottage Grove.

Regardless of the fact that President Roosevelt's special train was scheduled to pass through this city at 5:23 Thursday morning, quite a crowd of citizens assembled at the depot with the C. M. A. band and as the train slowed up while passing the presidential party was greeted with vociferous cheering and patriotic strains from the band and were apprised of the fact that there is no want of loyalty, patriotism and enterprise on the part of the citizens of Cottage Grove.

Have you seen these fine diamonds at H. C. Madson's.

President Roosevelt extended to Hon. Binger Hermann an invitation to join his party and ride with him from Salem to Portland, an honor and pleasure of which the Republican candidate for Congress availed himself. The invitation is conclusive evidence of the kindly feeling the President entertains for Mr. Hermann and his desire for republican success in the present congressional campaign in Oregon.

Ladies and gents, fine watches at Madson's. Call and see them.

## A Young Lady In Drain

There was a young lady in Drain  
Whose face grew exceedingly plain,  
She tried paints and lotions  
And all kinds of notions  
To bring back her beauty again

"Till a friend who had been the same way  
Happened to meet the young lady  
One day.

Said she: "Foot no more  
Here's a splendid Drug Store  
And they do just whatever they say"

P. S. She took the advice. Just a week ago last Wednesday she came in, has had four proposals since, and is telling all her friends of the lovely lotions, powders and perfumes at the New Era Drug Store.

The Leader's Success.

"The Tool that tooteth not his own horn, the same is shall not be tooted."

There is nothing more encouraging to a man in any kind of business than to foot up his ledger at the end of the month and find that his business shows an increase over the previous month. This has been the case with the LEADER each month since the new management took charge, and to say that the receipts and business has been gratifying is putting it mildly. Fitted up with new material, new machinery and efficient help, the LEADER has been turning out some job printing that is not to be "sneezed at," and the rapid increase in orders is good evidence that the business men of Cottage Grove appreciate good printing—the kind we do.

Hardly a day passes that from one to half dozen new subscribers are booked and our subscription list is increasing at a rate that insures the business man that his ad in the LEADER will reach nearly every nook and corner of the territory tributary to Cottage Grove. And our ads, too, are always displayed in a manner that insures the advertiser the very best service for his money.

The LEADER takes a pride in making its advertisements show up to the best advantage and every piece of job work we turn out shows that painstaking care to details which make our work characteristically the best to be had.
