

The Modern Pharmacy

Yourself and friends are cordially invited to call at the MODERN PHARMACY where you will find the largest stock of drugs in the city. We pride ourselves upon our prescription department. Our motto: PURITY and ACCURACY. There is a good deal of satisfaction in knowing that your prescriptions will be filled just as your physician wishes it to be filled, if it is taken to our store: No "just as good" preparations, but "just what the doctor ordered," always. If George Washington were alive he could sell our goods and still uphold his reputation.

Burglars Get Nuggets

Burglars entered the Modern Pharmacy, David Griggs, proprietor, Cottage Grove Thursday night took from the front show window three gold nuggets valued at \$100. Nothing else in the store was disturbed. The cash register, containing \$1.50 in change, was open but the money was not taken. The thieves evidently were familiar with the place. They cut a glass in the rear door large enough for them to enter, turn the key and open the door. A cut hand left a mark on the curtains surrounding the mineral display in the show window from which the nuggets were taken.
