

*The Modern Pharmacy*

Yourself and friends are cordially invited to call at the MODERN PHARMACY where you will find the largest stock of drugs in the city. We pride ourselves upon our prescription department. Our motto: PURITY and ACCURACY. There is a good deal of satisfaction in knowing that your prescriptions will be filled just as your physician wishes it to be filled, if it is taken to our store. No "just as good" preparations, but "just what the doctor ordered," always. If George Washington were alive he could sell our goods and still uphold his reputation.

**FINE NEW MATERIAL.**

The LEADER office received 18 big new fonts—three complete series of very latest styles of job type, new borders, ornaments and other material this week, which, added to already well equipped job printing department, gives the LEADER the best and most up-to-date job of any newspaper in the county and this is no idle boast. Send your orders for any kind of printing and be convinced.

Ralph and Clarence Easley came in on the Jones farm near Saginaw Monday with 1100 pounds of chitewick which they sold to Ben Lurch of this city, for 4 cents a pound. The boys gathered the bark on the farm at all times when there was nothing else to do this season and are thereby \$44 ahead. A great deal of this valuable bark was destroyed in this part of the county before its value for its bark was known. Casarets, so widely advertised is a product of the bark of the tree which thrives in the Willamette valley and foothills.

Dick Vandeventer, an old Cottage Grove boy, but now associated with his older brother in the stock business of operation of the stage line between Prineville and Silver Lake, left Friday in this city greeting old friends. His wife and two children went to Glendale to visit with her parents for a few weeks while Dick returned to Eugene where after a few days visit he returned home by private conveyance. The LEADER will give him regular weekly visits and we him the news of his old home town and county.

Charles Kirk, of Heppner, father of the Ira Connor, accompanied by his daughters, Mrs. W. S. Lee and Mrs. H. Howard, of Junction City, his wife, Mrs. V. Gentry and Miss Alta Kirk, of Heppner, and Miss Mabel Olson of Joseph, arrived at this city Saturday to spend a few days sitting out at the Connor farm home. Though 72 years of age, Mr. Kirk does not appear to be a day over 60 years old. He is hale and hearty with the prospects of living many more years. He has long resided in and about Heppner, having been successful in the stock business from which he retired and moved to Heppner from the county a few years ago. He witnessed the terrible scene of death and mutilation following in the wake of the Heppner cloud burst recently and his accounts of the catastrophe never overdrawn. Mr. Kirk has two brothers residing at Junction City, and J. F. Kirk, 78 and 83 years of age respectively, the combined ages of the three brothers being 233. Mrs. Lee and Mrs. Howard, sisters of Mrs. Connor, returned home Monday.

Before the funeral she said she would pine away; shortly after she began to spruce up.

Jas. Parshall, who formerly operated the West Cottage Grove flour mill, and who, after selling out here, went to Loop City, Nebraska, to engage in the same business, sustained a serious loss financially recently in a severe storm at that place. He had just completed and equipped a modern flour mill, and had it ready for operation at that place when it was struck by a tornado and completely destroyed. Before leaving this city some friends suggested that he look out for the Nebraska cyclone, when he remarked that he was less concerned about the Nebraska cyclone and blizzard than he was regarding the Oregon mist. We wonder what he thinks about it now. Better come back to Oregon, Jim.

Geo. W. Loyd, president of the Crystal Consolidated Mining Co., returned to Cottage Grove Saturday from San Francisco where he went to purchase a stamp mill, small saw mill and concentrators for his company, and arrangements were made for the shipment of the operation of their mines on quite an extensive scale.
