

Spring Medicine

There is no other season when good medicine is so much needed as in the spring. The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Makes the blood pure, vigorous and rich, creates appetite, gives vitality, strength and animation, and cures eruptions. Have the whole family join to take them today.

Early Eruptions of Vesuvius.

The most recent excavation shows that Vesuvius began its work as a conservator of antiquity earlier than is generally supposed. In the memorable year A. D. 79. During the excavations in the valley of the river, near San Marzano, some most interesting antiquities have come to light. These had been covered up by volcanic deposit about 6 feet thick, which points to an eruption of Vesuvius which must have taken place in the seventh century before Christ. The objects include a Greek burying place, three Italian tombs and various vases and terra cottas.

THE KING OF BLOOD PURIFIERS SSS

No remedy ever yet discovered has met with such popular favor as S. S. S. The people everywhere endorse it, and there are few homes where S. S. S. for the blood is not known and used. It is superior in many ways to the ordinary blood medicines. In the first place S. S. S. is a guaranteed purely vegetable compound, made exclusively of medicinal roots selected for their wonderful purifying and tonic properties that act on the blood, purging it of impurities and restoring it to a healthy, natural condition. At the same time, under its tonic effects the general system improves, the sluggish organs are toned up, and renewed strength and vigor and better health is the result. No bad after-effects follow the use of S. S. S., as so often happens with blood medicines containing strong minerals, which derange the stomach and digestion in other ways damage the system. For diseases of the blood, such as Chronic Sores, Rheumatism, Catarrh, Scrofula, Boils and Pimples, Eczema, Tetter, Blood Poisons, and other troubles due to impure or bad condition of the blood, no remedy acts so promptly and thoroughly as S. S. S. It reaches deep-seated, long-standing cases, upon which the ordinary potash and sarsaparilla compounds have no effect. Even where there is an hereditary predisposition to disease, S. S. S. will search out and remove from the blood the fixed poison and build up the health; it enriches and purifies weak, thin blood and stimulates the circulation. Pure blood is essential to health. You can get without good blood, but can never be robust and strong; for every organ, tissue and nerve in the body looks to the blood for nourishment, and unless this vital fluid is kept in a pure, healthy state, the rest of the body suffers and the system soon breaks down. Nature has provided in S. S. S. a remedy for diseases of the blood which long experience and a thorough test have proven superior to all others, and is acknowledged "King of Blood Purifiers."

WHY SHE RAISED HER PRICE.

Old Colored Auntie Explained that Living is Higher Now. Once a week for years past a prominent official in one of the departments has purchased flowers from an old colored woman who has her station near the big office in which he works. In the spring and summer he buys lilacs and other home-grown flowers. In the fall and early winter he purchases chrysanthemums. Hitherto he has been accustomed to paying 10 cents a bunch for his flowers, and the sum was always received with a courteous phrase of thanks. On his usual day last week this gentleman met the old colored woman and tendered a quarter for a small bunch of chrysanthemums. Instead of receiving 15 cents in change he was given a nickel.

"How is this, auntie?" he asked. "I am perfectly willing to give you 25 cents, but I want to know why you have raised your price?" "Well, hit's jes' dis way, sah. De trusts hahs sho' made ev'ing cost a heap. Ah doan mean to say dat Ah pays no' foh mah flowers, but Ah kan't live as cheap, ah no' so dat's why dey coss mo'. De coal truss, hit raise de price ob coal. De beef truss, hit raise de price ob beef. So Ah kan't sell flowers de same ez Ah use to."

"So Ah has to charge 20 cents—jes' double. 'Sides, boss, it am jes' a little late for these flowers, ain't hit?" The official accepted the explanation and paid the nickel given in change for the privilege of hearing the argument.—Washington Post.

"PE-RU-NA TONES UP THE SYSTEM IF TAKEN IN THE SPRING."

SAYS THIS BEAUTIFUL YOUNG GIRL.

MISS MARJORY HAMPTON, OF NEW YORK.

Miss Marjory Hampton, 2816 Third Avenue, New York City, writes: "Peruna is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a tonic, strengthening me more than a vacation. In the fall and winter I have found that it cures colds and catarrh and also finds that it is invaluable to keep the bowels regular, acting as a gentle stimulant on the system. In fact, I consider it a whole medicine chest."—Miss Marjory Hampton.

PURE BLOOD Blood Impurities of Spring-time—Cause, Prevention and Cure.

Dr. Hartman's medical lectures are eagerly scanned by many thousand readers.

One of the most timely and interesting lectures he ever delivered was his recent lecture on the blood impurities of spring.

The doctor said in substance that every spring the blood is loaded with the effete accumulations of winter, deranging the digestion, producing sluggishness of the liver, overtaxing the kidneys, interfering with the action of the bowels and the proper circulation of the blood.

This condition of things produces what is popularly known as spring fever, spring malaria, nervous exhaustion, that tired feeling, blood thickening and many other names.

Sometimes the victim is lillions, dyspeptic and constipated; sometimes he

is weak, nervous and depressed; and again he may have eruptions, swellings and other blood humors. Whichever it is, the cause is the same—effete accumulations in the blood.

Nothing is more certain within the whole range of medical science than that a course of Peruna in early spring-time will perfectly and effectually prevent or cure this almost universal affection.

Everybody feels it in some degree. A great majority are disturbed considerably, while a large per cent of the human family are made very miserable by this condition every spring.

Peruna will prevent it if taken in time. Peruna will cure it if taken as directed.

Peruna is the ideal spring medicine of the medical profession.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
