Why Not Order That Fall Suit Today?

New Born Suits

Made for a First-Class Man

THAT'S YOU

Some say it is the face, some say it is the hair or teeth, but we say it is the SUIT that makes the handsome man. However, we have just received our new fall and winter catalogue from M. Born & Co., the great Chicago tailors. · :: :: ::

SAVE A FEW DOLLARS AT OUR EXPENSE

Hemenway & Burkholder

NEWS FROM OREGON SPRINGS.

Dr. Bartle of Oklahoma has come to reside at the Oregon Mineral Springs to have charge of the baths camp ground, etc. Dr. Bartele is a first-class physican and has had large experience in the practice of medicine. He is a gentleman of pleasing address and has made many friends since he came to the springs about four weeks ago. He has been engaged by the Oregon Mineral Springs Association to supervise the treatment of patients at the resort and will use his medical experience to minister to the wants and needs of the visitors to these popular springs.

Mrs. J. P. Hart has been placed in charge of the tables and housekeeping of the hotel and guests will be attended in careful manner. Mrs. Hart is one of the best cooks in Lane county and is thoroughly competent in every way to make visitors to the hotel at home and comfortable.

Mrs. Annie Couch, who has been in charge of the hotel, and has given good satisfaction, has now accepted a position in Eugene to handle and introduce the water of Oregon Mineral Springs there. She will be glad to have any who have not tasted the water come and try it. She will have an office, where orders will be taken for the water.

Last Sunday there were many from Cottage Grove at the Springs and popularity of this resort is increasing constantly. The water in bottles will be on the market early next week and will be placed on sale generally in Cottage Grove.

Visited Bohemia Mines.

Messrs C. E. Stewart Chas. Newland and T. M. Medley returned Saturday evening from a several days trip in the Bohemia Mining District. They report having had a splendid time, and that the camp is in good condition, there being much work going on especially at the Oregon Securities Company and the properties managed by F. J. Hard, all of which is of the right kind and of a permanent character and will in the near future produce gratifying results. These large ledges are among the largest anywhere and of sufficient richness to insure good and satisfactory clean ups when the stamps get to pounding.

The party spent a part of their time fishing on Row river with good success, but the best part of the trip and that to be remembered longest were the splendid meals furnished by the estimable hostess of the Wildwood Hotel Mrs. Kate Hunt. For a failing appetite the boys recommend a visit to Wildwood.

Parents Attention.

The old method of teaching a child to read by the uninteresting meaningless plan of learning his A. B. C's has long since been supplanted by the word system. The methods of teaching music have kept pace with the improved methods of teaching school. The old tedious, discouraging method of teaching the five finger exercises and scales has given place to a method which interests and delights children as well as grown people.

Mrs. Roy Welch has taught music for eight years during which time she went east twice to study. Recently she had the privilege of a year's continuous study under an own pupil of Calvin Cady of Boston, Mass., whose genius has revolutionized the methods of teaching music.

Drop a card in the P. O, and Mrs. Welch will call upon you and give you an idea of the method whereby one can begin reading and writing music from the first lesson.

Delegates to Mining Congress.

Mayor J. S. Medley named the following delegates to the American Mining Congress in Portland, Aug. 22 to 27: I. H. Bingham, Dr. W. W. Oglesby, J. I. Jones.

Copies of the list of premiums for the District Fair at Eugene Sept. 20th to 24th may be had at the Office of the Leader.

New School Building.

Good progress is being made on Cottage Grove's new school building. Roofing is completed, lathing is in progress. Cement work and inside finishing will begin next week. Heating appliances are on the ground for installation and water has been piped throughout the building. Each floor will have a 2 inch hydrant for fire protection. There is every reason to expect that the building will be ready for occupancy when the fall term begins, although it is not certain. The building is practically three stories in height, surmounted by a cupola with ornamental iron top. Doors and windows are broad and every attention has been paid to lighting, heating and sanitation. Broad halls and stairways render the building safe in case of fire or panic, the halls seemingly detracting from the space alloted to class rooms. Cottage Grove school facilties will be adequate when the new building is completed.

Bohemia Mine-Owners Association.

In the absence of the president, I hereby call a meeting of the Bohemia Mine-Owners Association to be held at the Bohemia post office August 8th at eight o'clock p. m. It is expected thepresident of the association will be in attendance at that time. Mine owners and all who are interested in this district are invited. Delegates to the American Mining Congress to be held in Portland August 22nd will be appointed and other important business will be transacted.

EDD JENKS, Vice President.
Bohemia July 27, 1904.

Incendiary Fire.

E. F. Smith at Divide lost eighteen tons of hay by fire Tuesday night. It is supposed to have been incendiary and a young man at that place has been accused. Warrant was issued for Richard Tapp of Divide. He was arraigned Thursday afternoon before Justice Vaughn, Lark Bilyeu of Eugene for defense; John M. Williams for prosecution.

An Oregon Sunset.

No magazine is doing more to build up the Pacific Coast than Sunset, published by the Southern Pacific Co., at San Francisco. Recent numbers have devoted pages to Oregon subjects, and the August number contains a well written article on "Elk Hunting Along the McKenzie River." This is only one of a series of articles that will be published concerning the great Northwest and the people of this State should get copies as they appear and send them to friends in the East after having thoroughly read and enjoyed them.

Messrs. Conner, Metcalf and McGilvray desire to thank Cottage Grove Encampment, I. O. O. F., for a cash donation of $5 to the cemetry sidewalk fund. The amount was promptly turned over to the Pacific Timber Co., who have been waiting for the balance yet due them for lumber. Every citizen takes pride in this sidewalk and can point to it as an indication of Cottage Grove's enterprise, but the expense should not fall upon two or three because they were the prime movers in securing the walk. Appoint yourself a committee to help get this matter straightened out. The balance from the Fourth of July fund may well be applied to wiping out this debt.

At Tuesday evening's meeting of the Council, J. C. Long and others petitioned for three new lights on Mill street. The matter was referred to the water and light committee.
