The Evening Telegram of Portland has issued a special edition descriptive of the Lewis & Clark Exposition. The date of issue was Wednesday, Sept. 28th. Remember this date, get copies and mail them to Eastern people. Such editions as this will do an immense amount of good in making people acquainted with what Oregon proposes to do next year. The edition is a splendid one and deals with the Lewis & Clark Fair in an exhaustive manner.

An Oregonian in San Francisco said to a friend "Are you going to visit the fair in Oregon next year?" "What fair?" replied the Californian. "Why, the Lewis & Clark Exposition, 1905, Portland" said the Oregonian. "O, yes; I saw something about that in an Eastern paper," was the response. Can't the San Francisco press take more interest in the Lewis & Clark? Oregon helped make the Mid-Winter Fair, 1893-4, a success.

It is said that one reason the St. Louis fair was a financial failure during the first months of its existence was that people did not have sufficient information as to what it was going to include. Later, when people began to return and tell their friends about it the crowds in attendance increased. It was not advertised in advance. Help to advertise Oregon and the coming fair by sending copies of the Telegram to your acquaintances in other States.

The publishers of the beautiful song, "I Wait Alone for You," by the late W. Wesley Wells, have sent us a copy of his last song, "My Mercedes" which has just been published and which he composed a few weeks before his death. Jenkins' Sons Music Co. of Kansas City, Mo., are making a special price of 25 cents per copy.

Mrs. J. A. Merriman with her little son John of Spokane is visiting her sister Mrs. J. S. Benson, Mrs. Herbert Aiken and her mother Mrs. S. E. Wynne, J. A. Merriman formerly lived here and was in the drug business.

Time for construction of the sewer expires to-day. It is probable the City Council will extend the time as the work has been very well done thus far and the obstacles encountered by the contractors have been adequate reason for the delay.

There was a mix-up on river street last week in which two eyes of blue were turned to darker hue and a warrant resulted. Later a batch of half a dozen similar warrants issued and the city became a trifle more to the good because the sporting element were less.

1905—OREGON—1905

Just a Moment, Please!

Why not let The Royal Tailors of Chicago make your fall suit or overcoat? When delivery is made, there will also be delivered a direct guaranty covering the quality of goods, the style and fit of the garments and the workmanship. And that guaranty is worth one hundred cents on the dollar to you. It means that you are to be satisfied with the garments when you get them—satisfied that they were made expressly for you, to your own measure—and it means that they will wear well, give you good service, and hold their shape as rightly-tailored garments should.

The cost of Royal tailoring is so low that you might almost think price was the first consideration. But it isn't. Value is first. Value-giving is at the basis of The Royal Tailors' success. The best for the money always—that is the Royal idea.

Customers of The Royal Tailors are invited to guess how many people will attend the World's Fair at St. Louis. They offer prizes consisting of ten Automobiles, to be given to the ten persons making the closest guesses. The cost of these Automobiles is \$13,700. There are also eight cash prizes of \$100 each, making the total value of the prizes \$14,500. For every dollar you pay on an order for Royal tailoring you can make one guess; on a \$15 suit you can make fifteen guesses, and on a \$20 suit you can make twenty guesses, and so on—a guess for every dollar.

The Royal Tailors carry a million-dollar stock of woollens—something sure to please everybody; suits and overcoats for men and boys—ladies' man-tailored skirts and coats—all made strictly to measure at an actual proven cash saving of fully twenty-five per cent.

But the thing to do is to see the goods and get the prices. You can do that by calling on
