Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
 Mr. D. Kaible, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

Just a Moment, Please!

Why not let The Royal Tailors of Chicago make your fall suit or overcoat? When delivery is made, there will also be delivered a direct guaranty covering the quality of goods, the style and fit of the garments and the workmanship. And that guaranty is worth one hundred cents on the dollar to you. It means that you are to be satisfied with the garments when you get them—satisfied that they were made expressly for you, to your own measure—and it means that they will wear well, give you good service, and hold their shape as rightly-tailored garments should.

The cost of Royal tailoring is so low that you might almost think price was the first consideration. But it isn't. Value is first. Value-giving is at the basis of The Royal Tailors' success. The best for the money always—that is the Royal idea.

Customers of The Royal Tailors are invited to guess how many people will attend the World's Fair at St. Louis. They offer prizes consisting of ten Automobiles, to be given to the ten persons making the closest guesses. The cost of these Automobiles is \$13,700. There are also eight cash prizes of \$100 each, making the total value of the prizes \$14,500. For every dollar you pay on an order for Royal tailoring you can make one guess; on a \$15 suit you can make fifteen guesses, and on a \$20 suit you can make twenty guesses, and so on—a guess for every dollar.

The Royal Tailors carry a million-dollar stock of wools—something sure to please everybody; suits and overcoats for men and boys—ladies' man-tailored skirts and coats—all made strictly to measure at an actual proven cash saving of fully twenty-five per cent.

But the thing to do is to see the goods and get the prices. You can do that by calling on
WELCH & WOODS, COTTAGE GROVE, OR.
