LEADERS

Miss White of Eugene and Miss
Lu Scott, who visited with the
Misses Maggie and Lizzie Veatch,
this week returned home Friday.

1905—OREGON—1905
F. B. Phillips has given to the
Commercial Club potted geraniums
and a begonia. House steward
Burrows has arranged a stand
which will accommodate eight or ten
more potted plants. Next?

1905—OREGON—1905
S. B. Morris has had two crops
of potatoes from one patch this
year. The second crop was planted
July 16th and the tubers while not
very large are average and of fine
quality—a good marketable article.

1905—OREGON—1905
On account of the accident at the
light plant the receipts of Carnival
were cut in two but for all that the
Band boys will clean up about \$40
which will help to buy the new
tuba they need so badly.

1905—OREGON—1905
The band boys want to thank
Herbert Eakin and Isaac Jones for
so generously donating the use of
their lots and F. D. Wheeler
for giving them the minimum li-
cense and Messrs. Thompson &
Sheehy for the 25% reduction on
the light bill.

1905—OREGON—1905
The Ladies of the Maccabees will
give a public basket social at their
hall Tuesday evening, Nov. 22.
The baskets will be sold at auction.
A prize of \$1 cash will be given to
the one bringing the prettiest basket.
Beautiful gifts will be given as sec-
ond and third prizes. All ladies are
invited to bring a basket and gen-
tleman friend—the latter very im-
portant. The committee extends a
cordial invitation to all to be present.

1905—OREGON—1905
Wm. Thompson and Guy Van
Riper, two popular Cottage Grove
boys, were in Roseburg Tuesday
night on their return home from
California. The boys got out of
funds on the trip and were, up
against the real thing, as the slang
phrase goes. They want no more
of California—Oregon is good
enough for them, and they will prob-
ably never again wander from the
parental fire side.—Plaindealer.

1905—OREGON—1905
Dr. D. A. Paine of Eugene
passed through this city yesterday
afternoon on his way to Portland.
He reports that Eugene has been
struck by a moral wave the result
of which is the closing of the sal-
oons in accordance with law, and
the firing of the saloon men and
half a dozen gamblers for violations
of law.—Albany Herald.

1905—OREGON—1905
Mr. and Mrs. A. B. Wood are
expected to return from St. Louis
and El Paso one week from today.
They have been gone since the 15th
of October, have visited relatives in
Iowa, seen the exposition and were
present at the Irrigation Congress
at El Paso. Upon return of Man-
ager Wood work will be taken up on
the Oregon and Southeastern rail-
road. Tracks will be extended to
the Hunt place above Wildwood
and Mr. Hunt will build a bridge
across Row river to enable passen-
gers to cross during high water.

1905—OREGON—1905
Sheriff Word of Multnomah
county has been arrested because
he tore down some steel doors in
making his raid on lantern games
being run in Chinese dens in viola-
tion of law. The claim is made
that Word exceeded his authority in
breaking down the doors, which is
classified by the plaintiffs as destruc-
tion of property. Our word for it,
Word will come out on top in the
fight. It is high time that in Por-
tland as well as in other Oregon
towns, greater heed be paid to en-
forcement of law—Eugene Reg-
ister.

1905—OREGON—1905
Two Cottage Grove men were
fined for gambling, but they had to
go to Eugene to get fined. The
mechanism of the local judiciary
system is in such a state of ill re-
pair that it doesn't seem to work to
the full satisfaction of even the
gamblers.

1905—OREGON—1905
J. L. LeRoy arrived from Port-
land Monday. He will soon go up
to Bohemia to let contracts for
work on the LeRoy group and other
properties.

1905—OREGON—1905
L. B. Slagle while tramping at
the Oregon Securities tunnel on
Friday night met with quite a
serious accident, while moving one
of the cars his right foot was caught
between the flange on the wheel and
the track crushing the toe badly.
He was brought to town Saturday
and Dr. Job dressed the injured
member. It is now thought ampu-
tation will not be necessary.

1905—OREGON—1905
Edd Jenks, president of the Bo-
hemian Mine Owners Association and
who has been in charge of the un-
derground work at the Vesuvius for

some time past, caught a severe cold
and fearing pneumonia came to the
city last week where he could have
medical attendance. He is improv-
ing slowly and expects to return to
his work in a short time.

Bonded Fruit Trees.

Mr. Adam Ritchey, representing
the Pacific Nursery of Tangent,
Oregon, is in the city with a wagon
load of choice apple, peach, pear,
prune, cherry trees, English wal-
nut trees (raised from home-grown
nuts). He can be found at the
Lewis Stables for a few days. If
you wish good stock call on him.

THANKSGIVING CONCERT.

Cottage Grove Band Will Furnish
Fine Programme.

The Cottage Grove Band is now
hard at work preparing their pro-
gram for the Thanksgiving concert
which will take place on the evening
of Nov. 23-4.

The band will present the best
music that has ever been given by
the local organization and besides
the band numbers there has been
secured some excellent talent from
the outside.

Following is the program:
March, "Alamogordo", Dobley
Medley Selection, "Grand Stand",
arr. by Mackey.

Idyll, "At Sunrise", J. C. Brat-
ton.

Vocal Solo, "A Dream", Bart-
lett, Miss Clara VanRiper.
A. Nelson, (In Violin Specialty).
Cornet Solo, "Bride of the
Wave", H. Clark, Chas. Cochran.
Piano Duet, "Over Hill and
Dale", op. 270 by Engelman, Lind-
ley Battle and Hazel Hemenway.
"Battle of El Caney (Descriptive),
R. Alexander.

Willie Thompson, (In Comic
Specialty).

Vocal Solo, selected, Miss Maude
Bingham.

Taylor and Bennett, (In Acrobatic
Specialty).

Two Step, Mrs. Sippi, J. C. Ras-
sie, Band.

Chas. S. Cochran Director.

Riverside Group.

During the past few weeks work-
men have been engaged in putting
in a flume from a short distance
above the tunnel on Horse Heaven
Creek in order to run the blower
which will force air to the breast of
the tunnel which is now in a
distance of nearly seven hundred
feet. The contractors will soon be-
gin work on the contract for 500
feet more, recently taken by them.
As the vein is large and easily
worked, it is expected by Spring the
contract will have been completed.

OREGON COLORADO.

The contractors on this property
are reported as doing good work
and the ore is as good if not better
than before. Work will be con-
tinued all winter or until the 500
foot contract is completed.

VESUVIUS MINE.

Manager F. J. Hard reports that
the ten stamp mill and the 2000
foot tram are working perfectly and
the saving of gold on the
amalgamating tables is all that
could be hoped for, assays of the
findings show but very little loss,
proving the gold in the ores is
practically free.

FOR SALE—1000 bushels select-
ed Red Chaff seed wheat, direct

COTTAGE GROVE FLOUR MILLS.

Visits Old Home.

Mr. and Mrs. Garoutte, "Uncle Joe"
arrived home Saturday morning after
an absence of ten weeks in traveling
about the country. They first went
to the old home farm near Earlam
Iowa, where they spent some weeks
visiting their old friends and relatives.
Mr. Garoutte brought back several
ears of the old time yellow dent corn
which are at least a foot in length.
The reason for bringing the corn
was it was raised on the identical
piece of land that he when a boy in
1848 planted the first corn raised on
it and each succeeding year corn has
been planted and a good crop secured.
Eighty six years is a long time with
out rotation. From Iowa they went
to Nebraska, Kansas, New and Old
Mexico and Arizona.

"Uncle Joe" says that while there
are other good places to live, yet
considering the absence of the extreme
heat and cold as well as cyclones,
storms and other things not known
here he prefers to remain in Oregon
notwithstanding considerable rain
fall at certain seasons of the year.
All are glad to see these old timers
safely home again.

Future Crops.

The farmers are very well satisfied
with the outlook for future crops.
The fall has been very auspicious for
them thus far, many hundreds of
acres have been plowed and grain
sown. In some instances the
growth is so great that stock will be
turned into the fields to keep it back
until spring.

NORMAL NOTES.

Drain Oregon.—Work on the
flower gardens is the order of
the day—the students are taking
pride in the work and thank s
are due the people for much help.

Misses Deckman and Williams
have entered school this week,
several are to arrive for next week.
The school has a good healthful
growth, and an earnest body of
students.

Mr. Kershaw of Roseburg, sena-
tor elect, will lecture before the
Literary Society next Friday even-
ing, this is the opening lecture of
a series of entertainments for the
year.

Mr. Charles Murphey of Mon-
mouth, was a Normal visitor last
Friday.

Preparations are being made to
receive the Cottage Grove High
School Basketball team next Fri-
day afternoon.

The new reading room has been
completed and is now supplied
with daily papers and leading mag-
azines, and the students are mak-
ing good use of the same.

A Teacher's Meeting is being
arranged for December.

Rev. B. M. Nire was with us in
assembly and spent some time in
visiting the different classes last
Thursday.

In line with the recommendation
of State Supt. Ackerman the school
will take up school gardening,
leading to Agriculture in the Pub-
lic schools. "A"

Oregon Securities.

Since the recent rains the Oregon
Securities Company operating in
Bohemia has a sufficient supply of
water to run its electric plant to its
full capacity. During the latter
part of the summer the water failed
to such an extent that it was possi-
ble to run but one shift on the power
drills. Since the increase, other
shifts have been added and the big
tunnel is being pushed ahead at
the rate of from 6 to 10 feet per day
and within the next thirty days, if
no accident occurs, it will have
reached the Champion vein which
has been quite extensively
opened on the surface. This com-
pany has its mill and tram com-
pleted and everything ready for active
operations as soon as the ore
bodies are opened up in the
Champion vein.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that
Catarrh of the Stomach caused indigestion
and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflame the
mucous membranes lining the stomach and
expose the nerves of the stomach, thus caus-
ing the glands to secrete mucus instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous
membranes lining the stomach, protects the
nerves, and cures bad breath, sour risings,
a sense of fullness after eating, indigestion,
dyspepsia and all stomach troubles.

Winter Preparations.

It is quite evident the miners of
Bohemia do not propose to be
caught, as they were in many in-
stances last fall without a full supply
of provisions tools and powder for
their winters work.

Every train of the O. & S. E.
carries to the terminus at Wildwood
quantities of supplies which are
taken from that point to the
different camps in Bohemia by
teams.

Star Group.

W. B. Hartly, in charge of the
Star group in Bohemia, arrived in
the city Sunday and reports work
progressing satisfactorily and a fine
body of ore exposed in the
tunnel where the principal work is
being done. He went on to Port-
land Monday to confer with the
owners concerning future work.

A HEAVY LOAD.

To lift that load off of the stomach
take Kodol Dyspepsia Cure. It
digests what you eat. Sour stomach,
belching, gas on stomach and all dis-
orders of the stomach that are
curable, are instantly relieved and
permanently cured by the use of
Kodol Dyspepsia Cure. S. P. Storrs,
a druggist at 297 Main Street, New
Britain, Conn. says, "Kodol Dy-
spepsia Cure is giving such universal
satisfaction and is so sure of becoming
the positive relief and subsequent
cure for this distressing ailment, I
feel that I am always sure to satisfy
and gratify my customers by recom-
mending it to them. I write this to
show how well the remedy is spoken
of here." Kodol Dyspepsia Cure was
discovered after years of scientific
experiments and will positively cure
all stomach troubles. Sold by the
Modern Pharmacy.

Bright's Disease and Diabetes.

We desire to place in the hands of those af-
flicted with Bright's Disease and Diabetes a 32-
page pamphlet that is saving human lives. It
is not an ordinary pamphlet, such as is com-
monly used to advertise medicines, but is prin-
cipally made up of reports of scientifically con-
ducted tests in a large variety of cases, showing
87 per cent of recoveries in these hitherto in-
curable diseases.
The specifics employed in these tests are
known as the Fulton Compounds and the re-
sults obtained prove conclusively that these
dreaded diseases so long fatal (due to death from
Bright's Disease alone are appalling, over 100,
000 a year, starting as kidney troubles) have at
last yielded to medical science. The pamphlet is
free. Write to the John J. Fulton Co., 409
Washington Street, San Francisco, Cal.
When to suspect Bright's Disease: Puffy
ankles or hands; weakness without apparent
cause; kidney trouble after tired mouth, fre-
quent urination, may show sediment or cloudy
on standing; failing vision; day drowsiness—
one or more of these.
