Orders to Foresters. (Continued from first page.)

earliest practicable date whatever changes may be necessary in the rules and regulations governing the reserves, so that I may, in accordance with the provisions of the above act, delegate to you and to forest reserve officers in the field, so much of my authority as may be essential to the prompt transaction of business, and to the administration of the reserves in accordance with local needs. Until such revision is made, the present rules and regulations will remain in force, except those relating to the receipt and transmittal of moneys, in which case special fiscal agents of this department will perform the duties heretofore rendered by the receivers of local land offices in accordance with existing laws and regulations. The chief of records, forest service, is hereby designated a special fiscal agent, and you will direct him at once to execute and submit for my approval a bond for twenty thousand dollars.

On December 17, 1904, the President signed the following order.

"In the exercise of the power vested in the President by section 1753 of the Revised Statutes and acts amendatory thereof:

"IT IS ORDERED, That all persons employed in the field and in the District of Columbia in the protection and administration of forest reserves in or under the General Land Office of the Interior Department be classified and the civil-service act and rules applied thereto, and that no person be hereafter appointed, employed, promoted, or transferred in said service until he passes an examination in conformity therewith, unless specifically exempted thereunder. This order shall apply to officers and employees, except persons employed merely as laborers, and persons whose appointments are confirmed by the Senate."

This order classifies the whole forest reserve service, now transferred, and places it under the civil-service law.

In the administration of the forest reserves it must be clearly borne in mind that all land is to be devoted to its most productive use for the permanent good of the whole people and not for the temporary benefit of individuals or companies. All the resources of forest reserves are for use, and this use must be brought about in a thoroughly, prompt and businesslike manner, under such restrictions only as will insure the permanence of these resources. The vital importance of forest reserves to the great industries of the western states will be largely increased in the near future by the continued steady advance in settlement and development. The permanence of the resources of the reserves is therefore indispensable to continued prosperity, and the policy of this department for their protection and use will invariably be guided by this fact, always bearing in mind that the conservative use of these resources in no way conflicts with their permanent value. You will see to it that the water, wood, and forage of the reserves are conserved and wisely used for the benefit of the home-builder first of all; upon whom depends the best permanent use of lands and resources alike. The

continued prosperity of the agricultural, lumbering, mining and live-stock interests is directly dependent upon a permanent and accessible supply of water, wood and forage, as well as upon the present and future use of these resources under businesslike regulations, enforced with promptness, effectiveness and common sense. In the management of each reserve local questions will be decided upon local grounds; the dominant industry will be considered first, but with as little restriction to minor industries as may be possible; sudden changes in industrial conditions will be avoided by gradual adjustment after due notice; and where conflicting interests must be reconciled, the question will always be decided from the standpoint of the greatest good of the greatest number in the long run.

These general principles will govern in the protection and use of the water supply, in the disposal of timber and wood, in the use of the range, and in all other matters connected with the management of the reserves. They can be successfully applied only when the administration of each reserve is left very largely in the hands of the local officers, under the eye of thoroughly trained and competent inspectors.

Very respectfully,
JAMES WILSON
Secretary.

Bright's Disease and Diabetes.

We desire to place in the hands of those afflicted with Bright's Disease and Diabetes a 36-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases. The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal (the deaths from Bright's Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 409 Washington street, San Francisco, Cal. When to suspect Bright's Disease:—Puffy ankles or hands; weakness without apparent cause; kidney trouble after third month; frequent urination; (may show sediment or cloudy on standing); falling vision; day drowsiness—one or more of these.

SUMMONS.

In the Circuit Court of the State of Oregon for Lane County, D. G. McFarland, Plaintiff vs. G. C. Miller and R. V. Miller, Defendants.

To G. C. Miller and R. V. Miller, defendants: In the name of the State of Oregon you are hereby required to appear and answer the complaint filed against you in said Court and cause on or before the 11th day of March, 1905, being the date prescribed by the Court in the Order for publication of said summons for you to appear and answer said complaint, and if you fail to appear and answer said complaint on or before said date plaintiff will take judgment against you for the sum of \$205.12 for \$25 as attorneys' fees and for his costs and disbursements in the action.

This summons is published in the Lane County Leader by order of Hon. G. E. Chrisman, County Judge of Lane County, Oregon, made on the 27th day of January, 1905. First publication of this summons is dated January 28, 1905, and the last publication will be on the 11th day of March, 1905.

JEROME KNOX AND A. H. KING, Attorneys for plaintiff.

NOTICE FOR PUBLICATION.

Land Office at Roseburg, Or., Dec. 28, 1904. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before J. J. Walton, U. S. Commissioner, Eugene, Oregon, on March 8, 1905, viz: H. R. No. 9737, William H. Gossler, Sr., father and heir of William H. Gossler, Jr., deceased, for the S. W. 1/4 Sec. 14, T. 21 S., R. 3 W.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Nelson B. Gossler, Henry W. Gossler, Willie White, and James N. Wallace all of Cottage Grove, Oregon.

Early Risers

THE FAMOUS LITTLE PILLS.

For quick relief from Biliousness, Sick Headache, Torpid Liver, Jaundice, Dizziness, and all troubles arising from an inactive or sluggish liver, DeWitt's Little Early Risers are unequalled.

They act promptly and never gripe. They are so dainty that it is a pleasure to take them. One or two act as a mild laxative; two or four act as a pleasant and effective cathartic. They are purely vegetable and absolutely harmless. They tonic the liver.
