The Patented Duster

A Tension Devise is a simple thing, and yet good sewing is impossible without a correct tension. You know this from experience.

We Claim that our Pineo tension is without a peer. It pinches the thread just enough to produce a smooth, elastic stitch.

Our Tension Indicator shows the state of tension at all times. A tension can be changed or duplicated at any instant. Every machine user will appreciate this device.

Our Tension Releaser (on reverse side of face plate) operating with lifter bar, instantly removes all tension from thread.

### TO PREVENT DECAY

Wood Preserver Used by Uncle Sam's on Yamhill River Work.

Merits of Avenarius Carbolinum Recognized by National, State and Municipal Governments.

The fame of Avenarius Carbolinum has steadily extended as the only bona fide preserver of wood, since its discovery in Germany thirty years ago. It has stood all tests of climate, soil and water and steadily lived down all pretended rivals. Today it is not only employed in all countries for the preservation of wood used for household articles such as houses, barns, fences etc. but the national government, both of Europe and America, have recognized its value in saving public constructions from decay. Following their example cities and counties have also adopted Avenarius Carbolinum for bridges pavements etc. and the leading ship builders and railroad companies have shown their faith in its merits by treating ship timbers, cars, telegraph poles and ties with the same never failing preventative against climatic decay and rapacious wood boring vermin both of land and water.

Great bodies move slowly and act after mature deliberation. It may therefore be safely stated that governments and corporations did not employ Avenarius Carbolinum until fully convinced of its money saving as well as wood preserving qualities. Private individuals desirous of lengthening the life of wood work and at the same time curtailing expense, need not fear to follow the precedents established.

Recent local examples proving the truth of the above statements are not wanting. The reconstructed Madison street bridge in Portland has been treated with Avenarius Carbolinum, as has also the pavement at the intersection of third street, in that city where the heaviest street car and wagon traffic converge. The latter use of the compound was made at the earnest solicitation of street car managers who confidently took for gratifying results. The gentleman in charge of the United States engineer department for the Oregon are now applying Avenarius Carbolinum to the dams and lock work on the Yamhill river a flattering tribute to its merits which was certainly not extended until searching investigation satisfied the authorities that it was a measure of practical economy.

With such examples before them it would appear that the individual is foolish and the official almost culpable who does not protect his own or the taxpayer's pockets by using this compound thus saving from decay, and lengthening the life of all frame structures for which he is individually or officially responsible.

## Situation In Africa

British are Landing More Arms.

A General Uprising of the Dutch is Expected.

CAPE TOWN, Jan 2.—The British battle-ship Monarch will land guns tomorrow as a precautionary measure. The situation is serious. It is true that the Dutch have not joined the invaders in any considerable numbers, but a lack of arms is believed to be the true reason for abstention. In many places horses are freely offered and information readily supplied to the Boers.

The early proclamation of martial law in the Cape Town division is expected. The division does not include Cape Town itself.

The latest reports show the situation to be generally as follows:

Kuruman is still uninvested, probably soon will be. Griqualand West is filled with small parties of Boers, who are working south toward Prieska for the purpose of co-operating with or supporting Commandant Hertzog, whose advance parties are in the neighborhood of Frazerburg. The Boers are close to Graaf Reinet, where of late the Dutch have given many demonstrations of extreme sympathy. In the eastern part of the colony the advance guard of the Boers is close to Mariesburg about 25 miles northwest of Cradock.

The general opinion here is that the position is not properly appreciated in England. The Worcester conference excited the Dutch throughout the colony. Many old residents, who are by no means alarmists, regard a general uprising of the Dutch as quite likely.

## That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

## SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

## Taken Prisoners.

The Boers Capture a British Outpost.

LONDON, Dec 31.—The War office has received the following dispatch from Lord Kitchener:

"Pretoria, Dec 30, 7 p.m.—General Lyttleton reports that the outposts at Helvetia was captured yesterday morning by the Boers. About 50 were killed and taken prisoners.

"Colonel Kitchener reports that he is following with a small force in the tracks of the enemy, Helvetia being re-occupied by Reeves, who has been reinforced from Belfast. Helvetia was a very strong position on the Machadadrop-Lydenburg Railroad and was held by a detachment of the Liverpool regiment. Am asking for further information.

Mrs Michael Curtin, Plainfield, Ill makes the statement, that she caught cold which settled on her lungs, she was treated immediately by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottle of this great Discovery by Br-Drug Co. Only 50 cts. and \$1.00, every bottle guaranteed.

## Oregon Textbook Commission.

SALEM, OR, Jan 2.—Gov Geer today announced the appointment of H W Scott, of Portland; P L Campbell, of Monmouth; Stephen Lowell, of Pendleton; W M Leard, of Portland and Wm Colvig, of Jacksonville, to compose the Oregon textbook commission. The announcement has been awaited with interest here, and apparently by the entire state. The appointments were much as have been expected by those who have closely followed the discussion concerning the commission, though the men appointed have not been often mentioned by the press in that connection.
