CARD OF THANKS.—To those who so kindly assisted us in caring for our mother during her last illness we desire to thus express our heartfelt thanks. J W, R E and P H Brinkley.

Snow.—Brehaut and Nelson, yesterday evening, hung out an explosive and mortar sign illuminated with colored lights, in the New Drug Store. It was an attraction.

The barbers, Jas Ostrander, Griffith, were so unused to the fact that it made them look like a pair of sheep. However they were when several of the boys were ordered to be shaved on Monday.

The city has a fine snow this week owing to a heavy snow in one of the dives the young man got off with a \$100 fine, which will be the city's expense in keeping the woman in jail for 12 and 1/2 days.

Snow.—The Pitcher boys started for the mines the first of the week with a big load of machinery and supplies. The snow is only reported about 3 feet deep on the summit and but little trouble is expected in making the trip.

Fined.—As the result of a quarrel the first of the week, between two old citizens of this place, one of the parties is carrying his arm in a sling and the other appeared before the city recorder and deposited five dollars and costs to the credit of the city treasurer.

New Cart.—James Jennings left Tuesday for Bohemia. While here, he had a new cam shaft ordered shipped from Portland, to replace the one recently broken at the Helena mills. He went back to put the new shaft in place and start the other five stamps to dropping again.

Fine Photo.—A fine photo of Company C, 2nd Oregon, soldier boys has been on exhibition in the window of Brehaut & Nelson's New Drug Store. The picture, together with a large collection of coins and curios belonging to private Best Lawson of this city make an attractive display catching the eyes of all passers by.

New Light.—The new electric light plant made a successful start Monday evening, and the darkness that has been settling around our little burg had to give way once more to the welcome electric glow. Mr Abrams has made a good start and we believe general satisfaction will result. Of course there are always some naysayers but the fact remains that the new lights are a decided improvement over the service given by the old plant.

Accident.—Last Saturday, a serious accident occurred in the neighborhood of the mine. It seems to have been a very steep descent. A man named Anderson was riding down a hill when he fell. He was revived and after a few days he was able to get on his feet. He was tied but was able to get on his feet. He was tied but was able to get on his feet. He was tied but was able to get on his feet.

Illness.—Creswell is having a severe case of measles. Thomas the 1st son of Mr and Mrs E A S. of that place, died of that disease on Feb 18th. Two days later their little daughter aged 3 years succumbed to the same disease. The doctor is informed that two more of the little ones of this stricken family are down with the disease and are not expected to live but a few days. The father and mother and their six small children were all sick at once, and their sufferings were hard to describe. They have the sympathy of the entire community.
