At this Office.

The LEADER has made arrangements with Wm. J. Bryan to club with the "Commoner," Mr. Bryan's new weekly paper, which was launched upon the Journalistic sea, on January 23, at Lincoln, Nebraska. We believe Mr. Bryan's venture into newspaperdom will be a successful one and we predict he will have a half million subscribers within a year. The subscription price of the "Commoner" will be \$1.00 per year; that of the LEADER \$1.50 per year, invariably in advance. Now for our offer. To all subscribers who will avail themselves of this opportunity within the next thirty days we will give a years subscription to the LEADER and the "Commoner" for \$2.10.

They say when a woman goes into a drug store, in Kansas now, the druggist looks closely to see whether she brings a prescription or a hatchet.

The twenty fifth round was fatal to Corbett's aspirations. He was not only winded but totally outclassed and of course could not avoid the inevitable solar-plexus that laid him out.

General Fred Grant has been jumped over 804 captains, 277 majors, 98 lieutenant-colonels and 77 colonels of the regular army. It pays to be the son of your "daddy" sometimes.

One would naturally think that the president would have discovered by this time that neither Congress nor the people agree with him in regard to the Sampson-Schley controversy.

Mr. Hanna says that in the ship subsidy bill a principle is at stake. We imagined that it was somebody's interest, but in any event the country would like to see the bill and not the principle at the stake.

It is said that the only Indiana editor that favors the ship subsidy steal is the one who is running the Muncie News, the paper which until recently was owned by Mr. Neely. Naturally, Neely's paper paper is in favor of subsidies.

The British, it is announced, have no intention of changing their policy in South Africa, since king Edward has mounted the throne. The real question, however that interests civilization, is whether they will change their practice or not.

tary Root has informed the in answer to a question, has no authority over the are looting Porto Rico, and that the island is now under civil authority. But who is responsible for the appointment of these men? Can any one tell?

The Geological Survey semi-officially declares that the Original Garden of Eden is to be found in the Philippines, probably in Luzon. This of course, will end all carping at the Government for paying \$20,000,000 for a war of conquest there. No price is too high to pay for the old home of our dear ancestors.

The Expenses of the United States for its army and navy (not including pensions) for the current year, are larger than those of Great Britain for the same period of time, although the latter government has 250,000 soldiers in the field in active service and has had nearly the entire time. Isn't it about time the people were waking up to a realization of this government's extravagance.

STARVED
Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness.

The only good hair food you can buy is—

AYER'S HAIR VIGOR
It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table.

It always restores color to faded or gray hair. Mind, we say "always."

\$1.00 a bottle. All druggists.
"I have found your Hair Vigor to be the best remedy I have ever tried for lost hair. My hair was falling out very fast, so I thought I would try a bottle of it. I had used only one bottle, and my hair stopped falling out, and it is now real thick and long."
NANCY J. MOUNTAIN, Yonkers, N. Y. July 28, 1898.

It is amusing to see the Eugene Register now get in and try to pat McQueen and Hemenway on the back for voting for Mr. Mitchell after roundly abusing them for voting for Mr. Corbett a few days ago. The truth is they did just what the majority of their constituents, and the people for that matter expected of them. Neither of them voted for either Corbett or Mitchell because they were first or even second choice, but for the reason that they preferred either Corbett or Mitchell to a complete dead-lock. They were right in the one instance as well as in the other. The people wanted a successor to Mr. McBride elected; that, in part, was what McQueen and Hemenway were sent there for and no one, especially republicans, who was not in the original Corbett or McBride push can consistently censor Mr. McQueen and Mr. Hemenway for using every honorable means to carry out the will of their constituents.

Senator Mitchell is the peer of any statesman in Oregon, in ability, and his election places him in a position to accomplish much for the Webfoot state.

Asthma's Clutch

The sufferer from Asthma is constantly wheezing, gasping, hacking and clearing the throat. When a storm approaches, when there is a cloud of dust, when a room is being swept, or when there is a bad odor, breathing becomes most difficult. Often it seems as though someone was clutching the sufferer by the throat with a terrible grasp. The choking sensation is almost unbearable. The trouble sometimes lasts only a few minutes and again hangs on for many days. There is only one safe thing to do, and that is take Acker's English Remedy for Throat and Lung Troubles. Just what this medicine accomplishes is shown by the following letter from Mr. N. H. Andrews, a prominent resident of Springfield, Ohio, who writes:—

"W. H. Hooker & Co., New York: Gentlemen.—It affords me a great pleasure to assure you that I have received both immediate and permanent relief from throat, bronchial and asthmatic troubles by using Acker's English Remedy, taken strictly according to directions. It is a blessing to humanity."

Sold at 50c. per bottle, throughout the United States and Canada; and in England, at 1s. 6d., 2s. 6d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist and get your money back. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

If any one wears a broader smile than another, in Cottage Grove, over the election of John H. Mitchell to the United States Senate, it is C. H. Burkholder. Mr. Burkholder has been a consistent Mitchell man from the beginning, and to his sagacity and importunity many ascribe the change of Hemenway's vote from Corbett to Mr. Mitchell.

It is rumored that a slate has been made up for a city ticket to be elected at the coming election. If the tail and body is in proportion to the head, Mrs. Nation would be justified in making the afflicted town a visit and making a few slashes at the deformed beast.

SOUTHERN CALIFORNIA.—Notable among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain.

The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard tourist sleeping cars, but the low rate of fare will continue in effect.

Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. Markham, G. P. A. Portland, Oregon.

Hemenway and McQueen are to be congratulated upon their dropping into the Mitchell column just in time to break the Senatorial deadlock. We believe the election gives very general satisfaction, and while we have heard a few of the democrats, who helped to elect Mr. Mitchell, scored, we have heard no complaint against the Lane county delegation on that ground.

Experience is the Best Teacher. Use Acker's English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief money refunded, 25 and 50cts. For sale by all Druggists.
