

THE C M A WON.—In the match game of base ball played on the Stouffer field Sunday, between the C M A team and a picked nine of the town including several players of the Bohemia Team, The C M A's won hands down, the score standing 17 to 7. The school boys put up a wonderful game and the Bohemians were never in it after the first inning. They looked big enough on the average to wipe the school boys off the earth but looks don't always count.

A large crowd attended the game and considerable enthusiasm was manifested. Griffin, who pitched for the Bohemians at the start was put out early in the game and Harms substituted but he served but little better while Emerson for the C M A's seemed an enigma to the B's.

The score by innings follows:
Innings 1 2 3 4 5 6 7 8 9
C M A 1 5 0 1 0 4 0 1 5-17
Bohemians 0 1 0 1 2 0 0 1 2-7

The line up was as follows:

C M A	Bohemians
Emerson M	p
Emerson C	c
Bennett	ss
Hill	1b
Adams	2b
Leonard	3b
Arne	lf
Thorn	cf
Bisby	rf
Harms	R Griffin

NEW DEPARTURE.—The S P Co has advised all agents on the line that uniformed passengers attendants will be placed at the Oakland Pier, at the Ferry depot foot of Market St San Francisco and at third and Townsend street, of that city. They will wear dark blue suits and bright red caps with a broad band bearing in gold letters the words "S P Porter" so they may readily be distinguished. Their duties will be to assist passengers in every way possible, directing them to proper trains, boats etc helping ladies and children with escort on and off trains, and showing such other attention to the traveling public as will tend to make them a popular feature of the S P Co's service. This new departure will be highly appreciated by the traveling public and shows a commendable spirit in the management of general passenger department of the company.

Social.

WHEELER.—Mrs F D Wheeler gave a dime social at her residence Wednesday evening, for the benefit of the public reading room over fifty guests were present netting the library fund \$5.25. A superb time was had by all and the benefit was pronounced a perfect success in every respect. Mrs Wheeler is an adept in entertaining and considering the number of wild as well as domestic animals on exhibition she deserves much credit in managing the crowded menagerie in such splendid style. The lion and the lamb, the elephant and the possum, marched out together and enjoyed the dainty repast as quietly as if they had always occupied the same cage. At a late hour the guests departed feeling well repaid for their time as well as for their dime.

HARMS.—A select number of friends of Miss Orpha Harms, quietly gathered at the residence of her parents Thursday evening and took possession. The party was a surprise to Miss Harms and was given in honor of her eighteenth birthday. Music and social games were the order of the evening and at a late hour refreshments were served after which all left wishing Miss Orpha many happy returns of her natal day.

Miss Harms is one of the most highly esteemed young ladies in the Grove and the young folks always have a good time when they get an opportunity to visit at the residence of Mr. and Mrs Harms. Those present were the Misses Cleo Lewis, Eva Chamberlain, Lora Baker, Ruby Thomas, Marry Currin, Nettie Bardick, Robie Baker, Gertrude Griffith, Edna Martin, Della White, Dessie Harms and Ethel Wooley. Messrs Robt Blair, John Veatch, Jesse Griffin, Roy Hemenway, Wm Carey, Milo Emerson, Pearl Bennett, Elbert Veatch, Armon Wynne, Ezra Baker Albert Seidman and Horace Harms.

A CLOSE CALL.—Wednesday about noon Mr W M Dickey came near being crushed to death by falling lumber while engaged in unloading a car of lumber near the depot. Luckily a number of men were with in calling distance, and rendered timely assistance in hastily removing the lumber and he got out with a few severe bruises but no bones were broken. The pile fell pinning his legs firmly against the side of the car but only a small portion fell upon his head and neck which he was able to hold up until relief came.

The Register says.—Mr R A Booth manager of the Booth-Kelly Lumber Co has just returned from a trip to Saginaw where he had been carefully inspecting the company's property. From Mr Booth we learn that the company's large mill will soon be moved and the premises around Mill 1 be turned into a piling, pole and wood camp. Mr Booth has given the order to commence cleaning up the woods tributary to this mill. The mill will be used in the large timber tract recently purchased from Jones & Cook. The plan of operation has not yet been decided upon nor the location of the mill.

The Cottage Grove people are offering inducements to the company to move their Saginaw plant to that place, but no conclusion has been reached. The company has an offer for their Mill No 2 which will probably be accepted.
