

Crop Bulletin.

The fore part of the week was warm in the west portion of the State, and showery and moderately warm in the east portion. A marked change to cooler weather occurred Saturday in all parts of the State, and since then it has continued cool, with frequent small showers in the Willamette valley, the Coast district and Southern Oregon, and with considerable cloudiness, but no rain, in Eastern Oregon and the Columbia river valley above the Dalles. The rains in southern Oregon will prove especially beneficial, as droughty conditions have prevailed in that district during the last few weeks, but in the Willamette valley and Coast region they are not needed and will damage considerable cut clover and still further delay the growth of corn and beans, which now need warm sunny weather.

Fall wheat is ripening nicely and even that reported damaged by frosts is recovering and will yield better than formerly expected. In the Willamette valley the wheat crop is generally in good condition and remarkably free from insect pests. There is some complaint of its heading short and of the heads being small, but these complaints are not general. In Southern Oregon the wheat crop will be below the average on account of dry weather. Winter oats are heading nicely, and fall barley is ready to cut in Southern Oregon. Corn and gardens, although showing improvements, are still backward. Hops are making a good growth and as yet have not been damaged to any noteworthy extent by lice. The cutting of clover hay is well advanced and the first crop of alfalfa has been pretty much all cut and secured. Potatoes are doing well. Pasture continues abundant and stock is in excellent condition. In Coos county cutworms have again made their appearance, and large quantities of their eggs are to be found on the underside of fence-rails and in similar places. They have not yet done much damage, but farmers are apprehensive that they will later.

The strawberry season is drawing to a close, and the crop has proved to be a very good one, both in quantity and quality. Cherries ripened rapidly during the week. Apples are dropping badly in the Hood River district.

There is a Class of People.

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new food brikk called GRAN-O, made of pure grains, that take the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/4 as much. Children may drink it with great benefit. 15c and 25c per package. Try it. Ask for GRAIN-O.

The Great Scourge

of modern times is consumption. Many cures and discoveries from time to time are published but FOLEY'S HONEY AND TAR does truthfully claim to cure all cases in the early stages and always offers comfort and relief in the very worst cases. Take no substitutes. New Era Drug Store.

Does the Baby Thrive

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs SCOTT'S EMULSION. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

Scott's Emulsion

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.

Should be taken in summer as well as winter.

DIVIDE

Ask Sam if he likes strawberries. Mrs Lena Canlisk left for her home in Portland, Tuesday, after a months visit at this place.

Bert Lea and son Guy, Rhuben Tucker, Jay Despain, Joel Long, Joe Tramel, Walter Briggs and Will Taylor all went to Eugene on their wheels, Sunday making the trip both ways in five hours.

Mrs Tramel and daughter and Mrs John Robinson and family were guests of Mrs Will Coffin Monday.

When your piano needs tuning dont get some tramp tuner to "fix it" for you. M O Warner, of Eugene and who is well known as a reliable piano tuner, makes regular trips to Cottage Grove and will keep your piano in order by the year as reasonable as you can ask.

The American people spend annually \$1,228,674,000 for drink. More than one-half of this amount goes for beer and thirty per cent of this amount goes for whiskey and wine leaving about twenty percent or \$245,733,000 for coffee teas and other non alcoholic stimulants. There were 1,221,500,150 gallons of beer consumed last year or nearly as many gallons as were consumed in tea, coffee and chocolate combined. The whisky bill of the country itself was no less than 360,000,000 dollars or nearly a million dollars a day.

Over 100 Million Dollars For Dividends

REAP THE PROOFS: United States Official Report

MADE TO commissioner of the United States, General Land Office, Washington D C.

by a Geologist and Mining Expert of world-wide reputation, Professor Benjamin Silliman who spent several months there then being connected with the United States Surveying Corps and in his official report says:

"THERE ARE COUNTLESS MILLIONS OF TONS OF HIGH GOLD QUARTZ reduced by the great forces of nature in a condition ready for the application of the hydraulic process while the entire bed of the Rio Grande for 8 miles is a sluice on the bars of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages and now lies ready for extraction by the most approved methods of river mining. THE THICKNESS OF THE RIO GRANDE GOLD GRAVEL EXCEEDS IN MANY PLACES 600 FEET OR NEARLY THREE TIMES THAT OF THE LIKE BEDS IN CALIFORNIA WHILE THE AVERAGE VALUE PER CUBIC YARD IS BELIEVED TO BE GREATER IN THE NEW MEXICO BEDS THAN IN ANY OTHER SUCH ACCUMULATIONS YET DISCOVERED."

I have made a reconnaissance of the whole of this gravel along the Rio Grande and have examined with all the care possible in the time at my command the character of the gravel and its contents of gold. NOTHING I AM PERSUADED SINCE THE DISCOVERY OF CALIFORNIA AND AUSTRALIA, IS COMPARABLE FOR ITS MEASURABLE RESOURCES OF GOLD AVAILABLE by the hydraulic process to the deep placers of the Rio Grande."

Other reports from eminent mining experts of national reputation pronounce the property of this Company the richest and most extensive known.
