Doings at the Capitol.

By Our Regular Washington Correspondent

The opinion is increasing among
democrats that the republican talk
about revising the tariff so as to
hit trust controlled articles is nothing
more than a vote-making bluff.
In many Congressional districts in
the west and middle-west there is a
strong sentiment among the repub-
lican voters against trusts. It is to
keep this vote from being lost to the
party that the tariff revision bill
was started, and it is expected that
a considerable number of representa-
tives from that section will make
speeches during the coming session
of Congress in favor of taking the
duty off trust controlled articles, not
because they expect or really desire
any legislation along that line, but
because the speeches will make good
campaign documents in next year's
Congressional fight.

It seems that Secretary Gage's
order imposing a countervailing
duty of Italian sugar, on the suspi-
cion that Italy was paying an export
bounty on sugar, was as big a blun-
der as that he made about Russian
sugar. The Italian Government has
officially informed this government
that it does not pay a bounty on sugar
exported, just as Russia did. Matters of this
sort are too important and far-
reaching in their effect to be de-
termined upon without absolute
knowledge of the facts.

Saved Two From Death.

"Our little daughter had an almost
fatal attack of whooping cough and
bronchitis," writes Mrs W Haviland,
of Armonk, N. Y., "but when all
other remedies failed, we saved her
life with Dr King's New Discovery.
Our niece who had Consumption in an
advanced stage, also used this wonder-
ful medicine and to-day she is perfect-
ly well." Desperate throat and lung
diseases yield to Dr King's New
Discovery as to no other medicine on
earth. Infallible for Coughs and
Colds. 50c and \$1.00 bottles guaran-
teed by J P Currin. Trial bottles free.

looking for a new location.

London, July 9.—The Liberal

Hard Times There.

**Bugs and Hoppers are taking
the Grain And the Owners
Are Headed for Oregon
and Idaho.**

"The time has come when I have
got to look for some place of abode
besides Nebraska," writes Elmer
Thompson, of Freedom, Nebraska,
to a Corvallis friend. The letter is
dated June 27th, and further says;

"The bugs and grasshoppers took
rye and wheat. The hot winds have
blown steadily for four days and
still blowing. I never saw it so hot.

I am writing today to find a place
to ship my stock to be sold. I will
say nothing about the hard times
are now staring us in the face to one
like you who has hitherto gone
through Nebraska drouths. It is
hard to be compelled to almost give
belongings away, but it is the best
I can do. I do not propose to
winter here. I hope to get away
by the 6th of July, and many others
in the vicinity will do the same.
We are either coming to Idaho or
Oregon. I shall come alone, and
send for my family after I have seen
both states, but some of the others
will take their families with them.

SOLD OUT—Mr W H Beagle has
sold his handsome residence resi-
dence on Fourth street to Albert
Zinnaker for \$1000, a good bargain.
Mr Beagle will start for points in
California where he hopes his family
may enjoy better health. Mr B has
made a host of friends here who re-
gret to see him leave but wish him
success wherever he may decide to
locate.

A number of improvements are
in progress in Cottage Grove the most
important being the reconstruction
of our present water system. The
Cottage Grove Water Co's plant has
been purchased by the city council
and the two systems will be united
and a large supply of water secured
of excellent quality, giving to the
people at once a better fire protec-
tion and wholesome water for house-
hold purposes. The entire cost of
the plant as now controlled by the
city will be only \$15,000. It is safe
to say no town in Oregon will
have a better system than ours when
completed and owing to the exceed-
ingly low rates of 75 cents per month
for each household it will also be
the cheapest in the state.

When your piano needs tuning

able as you can ask.

It is estimated that the wheat
crop of Lane county this year will
amount to 800,000 bushels, or more
than an average crop. About 500-
000 bushels will be for export.
Other crops promise equally well.
Oats are filling better than usual,
and will yield a good crop. The
hay crop is being harvested and will
be the largest for years. Hops are
doing well where they have been
properly tended, and vegetables of
all kinds are yielding abundantly.
The fruit crop is one of considerable
importance, and will turn out well.
Especially is this true of prunes the
principal export fruit.
