Secretary Hay is trying to explain our tariff system to Count Cassini. God help them both!

Of course, the British may be winning all right, but it doesn't look very much that way to a man up a tree.

It would be hard on the British if the United States should capture the trade of South Africa, after all.

Thank goodness, the bank stamps are gone. For a man with a bank account the size of ours, it has proved a heavy burden.

Now that Justice Brewer is married he will probably find out what it means to have his decisions reversed and set aside.

If Solomon had lived at this time what a woeful reputation he would have had along side of the average College graduate's commencement oration.

Bats measuring nearly five feet from tip to tip of wings have been discovered in East Africa. Better import some of them into this country. Some of our base ball players need a bat about that width to insure their hitting the ball.

The statement made in a New York paper that the value of the apple crop of this country is greater than that of its wheat production will bring a surprise to many. Thus it is stated that the total yield of apples in 1900 was 215,000,000 barrels. Supposing that an average price of \$2 a barrel was obtained, the aggregate value of the crop was \$430,000,000. The average value of wheat is but a little over \$300,000,000 annually. By this estimate the apple crop is worth about 50 per cent more than our wheat. The export of apples exceeds 4,000,000 barrels a year and it is increasing. The price abroad goes from \$2 to \$4 a barrel, the most of the fruit bringing nearer the larger price. Its production ranges over a wide extent of country, though few sections of it make the apple their chief reliance for support.

Duke Aosta in a duel last Monday in France, with a Russian Prince, is said to have perforated his highness somewhere in the region of his bread basket. The Duke is evidently up to date in modern warfare and knows that the enemy's most vulnerable point is in the commissary department.

The trouble in the Pension Office is that Mr Evans enforces the laws as they were passed and not as desired by the pension attorneys and looters. That is the whole thing.

BALD SPOTS

Without help, a bald spot never grows smaller. It keeps spreading, until at last your friends say, "How bald he is getting."

Not easy to cure an old baldness, but easy to stop the first thinning, easy to check the first falling out. Used in time,

baldness is made impossible with

It stops falling, promotes growth, and takes out all dandruff. It always restores color to faded or gray hair, all the dark, rich color of early life. You may depend upon it every time. It brings health to the hair.

Write the Doctor. If you do not obtain all the benefits you expect from the use of the Vigor, write the Doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

Scientists say that caterpillars are the most voracious insects in existence, eating several times their own weight in a week. Huh! That's nothing. Those scientists should study a growing boy.

Edward Huss, a well known business man of Salisbury, Mo. writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney troubles, and all the remedies I took gave me no relief. I was induced to try FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured. New Era Drug Store."

From all appearances, the Boer War will be going on a year from now just as it is to-day—except that thousands of Boer women and children will have died meanwhile in the concentration camps. Even George the Third, tried nothing so base as this on America.

The Great Scourge modern times is consumption. Many cures and discoveries from time to time are published but FOLEY'S HONEY AND TAR does truthfully claim to cure all cases in the early stages and always affords comfort and relief in the very worst cases. Take no substitutes. New Era Drug Store.

Shirt waist weddings are all the rage nowadays. However, it is not considered the proper thing for the groom to wear suspenders at them.

Workmen

you have seen hundreds of your companions waste away in mill and foundry with a persistent cough. You have seen hundreds of them die with that terrible disease, Consumption. You have seen wives left penniless, and children thrown upon the mercies of the cold world, because the father coughed his life away. The air you breathe every day is full of sharp, metallic dust, which is inhaled into the lungs and irritates their delicate lining. In the case of glass blowers, the force

heat of the molten glass forces its way up the tube into the lungs where it gradually breaks down their delicate structure, making every cold a danger to life. You can't afford to quit working and are daily exposed to this fatal dust and intense heat. What you and your friends need is Acker's English Remedy. This will make your throat and lungs strong again. It will heal the irritation, brace up your strength, and you need never lose a day's work. I have noticed that in some mills there are no cases of Consumption. The reason is that Acker's English Remedy is used by the men working there.

Sold at 25c, 50c and \$1 a bottle, throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

The terrible heat has at last given way in the eastern states, to lower temperatures. The deaths and prostrations from heat in the east have been the most fearful known for many years.

Generals Gomez and Palma are being severely criticized by the Cuban people for talking annexation of the country to the United States, instead of an independent republic.

William Woodard, of Decatur, Ia, writes "I was troubled with kidney disease for several years and four one dollar size bottles of FOLEY'S KIDNEY CURE cured me. I would recommend it to anyone who has kidney trouble." New Era Drug Store.

Vertical writing seems to be a fad that has had its day. Numerous boards of education have abolished it and ordered a return to the writing that slants to the right.

By all means, annex Hawaii to California as a Congressional district. To do so, will later furnish a splendid precedent for distributing the Philippines among various states where it is desired to bring about or maintain the ascendancy of the Republican party.

Mr McKinley should explain to the Cubans that the Independence that is so speedy is only a yacht after all and is not that promised to the Cubans.
