

Crop Bulletin.

The past week, although averaging about 5 degrees warmer than the previous one, was still slightly cooler than usual at this season of the year. Numerous small showers occurred during the fore part of the week in nearly all parts of the State, but it closed dry and with an abundance of warm sunshine. Light frosts occurred the morning of the 4th in a few elevated regions, but they did but little damage.

Haying has progressed rapidly, and much of the crop has been safely secured. In most portions of the Willamette valley it is extra heavy, while in the Coast region and eastern and southern Oregon it averages less than usual. Pastures are holding out well, except in Coos county, where a shortage is reported, which will cause some shrinkage in the milk supply in that section.

The fall grain harvest has begun in a few places in the Willamette valley and the crop is extra promising, while in eastern Oregon the few hot days of the week, following as they did a protracted cool and windy spell, have been unfavorable, and the grain is not filling as well as usual, and the opinion prevails that in Umatilla and the neighboring countries the crop will be somewhat short of former expectations. The hessian fly is reported to have done some damage to fall wheat near Days Creek in Douglas county, but no complaints regarding this pest have been received from any other section of the State. Spring wheat, oats, barley and hops are everywhere doing nicely. Corn has improved and late potatoes are making good advancement. Sugar beets in Union county have also made good growth and the corn crop promises well.

Cherries, blackberries and raspberries are ripe. The cherry crop is lighter than usual, but raspberries and blackberries are plentiful.

Didn't Marry for Money.

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her jaundice, biliousness, malaria, fever ague and all liver and stomach troubles. Gentle but effective. Only 25c at J. P. Curran's Drug Store.

Mrs. Michael Curtin, Plainfield, Ill. makes the statement, that she had cold which settled on her lungs and was treated for a month by her physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; he bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottle of this Great Discovery by Bend Drug Co. Only 50c and \$1.00, every bottle guaranteed.

Does the Baby Thrive

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs SCOTT'S EMULSION. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

Scott's Emulsion

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.

Should be taken in summer as well as winter. SCOTT & BOWNE, Chemists, New York.

Robt Martin is now preparing to erect a new barn on his ranch.

Mr Isaac Land who has been at Merriams, near Grants Pass returned home last week.

Mark Garrouite, of Wendling is visiting his mother, Mrs Land, this week.

Corn crops are looking fine in this vicinity. The farmers are cutting and putting up hay.

A Bigelow has rented the ranch owned by Oliver Veatch, at present occupied by Robt Martin.

Robt Martin and family visited at Walker the first of the week.

School closed Friday with a short program and a large number of visitors were present at the exercises.

R D Wilson has engaged work at Wendling at present, but before he left he paid his best girl a visit. The joy of his meeting her and the sorrow of going away caused a rather triangular expression on his face, keep up a brave heart R D.

School closed Friday after a five months session. Quite a large number of friends and patrons attended the closing exercises. A short but interesting program was successfully rendered, closing with the graduating exercises of the eighth grade class.

The class flower chosen and worn by them was the wild orange. The class motto was "Nimium Conferre Sapientiam" which aptly illustrates the excellent and untiring efforts put forth by them.

All who took the entire examination passed and will receive eighth grade diplomas. In the graduating exercises Miss Hattie Pitcher spoke, a declamation, entitled "The New Church Organ" and the hearty approval of the audience showed how well it was appreciated. The next was an essay by Miss Roxie Van Schoiack, entitled "Old Folks in the Home" which was a beautiful treatise on that subject, showing our duty to them and the reward that follows. Then came an essay by Marion Bigelow, entitled "Panning Out" in which he used that familiar term as a forecast of the greatness to which we may attain if we only put forward our best efforts in the right way. The program was closed with an essay by Miss Sadie Wilson entitled "Perseverance" in which she referred to the pictured rocks on Lake Superior. The Grand Canon of the Colorado and the ever heaving tide of the ocean, finally citing us the best and greatest men of our nation, who rose from obscurity to eminence.

It was deeply regretted that Miss Eunice Harlow and Miss Esther Anderson were unable to attend the exercises being detained in Bohemia. ONE PRESENT. LORANE BY BRUCE. Miss. Loena Perkins and Miss Bessie Johnson of Drain were visiting friends here, last week. The Celebration here on the Fourth, was a great success. The orator, Capt O'Brien, Deserves special praise. A party in honor of Miss Leona Perkins was given at the home of Mr and Mrs Johnson last Saturday evening. Mr and Mrs I P Inman, and daughter left, Sunday for Grants Pass where they intend to stay for three or four weeks. Mr Lake of Scotts Valley visited his sister Francis, over Sunday. Walter Briggs is taking a lay-off of a few days he visited his Uncle's family three days this week.

I WEIGH 175 LBS. Former Weight 135 " Gain 40 LBS.

There are people who say that the benefit derived from the use of put-up medicines is imaginary. It is not the case with Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. A woman may imagine she's weak, or may fancy she's sick, but her imagination can't add forty pounds to her weight. The positive proof of the curative power of "Favorite Prescription" is found in the restoration of health which is recorded in face and form, of strength which can be tested, and weight which can be registered in pounds and ounces.

The general health of women is so intimately connected with the local health of the womanly organs that when these are diseased the whole body suffers loss. Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, stops weakening drains, heals inflammation and ulceration and cures female weakness.

"I am very glad to let other poor sufferers know what Dr. Pierce's medicine has done for me," writes Mrs. Edwin H. Gardner, of Beechwood, Norfolk Co., Mass. (Box 70.) "You know I wrote to you last summer. I read what your medicine had done for other people, so I thought I would try it, and I found it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three vials of 'Pellegrin.' I took your medicine a year when I had a ten-pound girl. I had the earliest time I ever had with any of my three children. I have been very well since I took your medicine. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery,' and three vials of 'Pellegrin.' I had no appetite and could not eat much without it distressing me before I took your 'Favorite Prescription,' and I only weighed 135 pounds. Now I weigh 175."

United States official Report

MADE TO

commissioner of the United States,

General Land Office, Washington D. C.

by a Geologist and Mining Expert of world wide reputation, Professor Benjamin Silliman who spent several months there, then being connected with the United States Surveying Corps and in his official report says:

"HERE ARE COUNTLESS MILLIONS OF TONS OF RICH GOLD QUARTZ reduced by the great forces of nature to a condition ready for the application of the hydraulic process while the entire bed of the Rio Grande for 14 miles is a sluice on the bars of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages and now lies ready for extraction by the most approved methods of river mining. THE THICKNESS OF THE RIO GRANDE GOLD GRAVEL EXCEEDS IN MANY PLACES 600 FEET OR NEARLY THREE TIMES THAT OF THE LIKED RIVERS IN CALIFORNIA WHILE THE AVERAGE VALUE PER CUBIC YARD IS BELIEVED TO BE GREATER IN THE NEW MEXICO BEDS THAN IN ANY OTHER SUCH ACCUMULATIONS YET DISCOVERED. I have made a reconnaissance of the whole of this gravel along the Rio Grande and have examined with all the care possible in the time at my command the character of the gravel and its contents of gold. NOTHING I AM PERSUADED SINCE THE DISCOVERY OF CALIFORNIA AND AUSTRALIA IS COMPARABLE FOR ITS MEASURABLE RESOURCES OF GOLD AVAILABLE by the hydraulic process to the deep placers of the Rio Grande."

Other reports from eminent mining experts of national reputation pronounce the property of this Company the richest and most extensive known.

The Patented Duster

A Tension Device is a simple thing, and yet good sewing is impossible without a correct tension. You know this from experience.

We Claim that our Tension Indicator is without a peer. It pinches the thread just enough to produce a smooth, elastic stitch.

Our Tension Indicator shows the state of tension at all times. A tension can be changed or duplicated at any instant. Every machine user will appreciate this device.

Our Tension Releaser (on reverse side of face plate) operating with lifter bar, instantly releases all tension from thread.
