

BOHEMIA NOTES.

Cull Keizar went up to Minersville Friday where he will continue development work upon his property at the foot of the mountain.

Mr G W Loyd is running a double shift of men driving a tunnel in his new property near the foot of the mountain on the Musirk wagon road.

Walter Cochran, who has been working on the Jordan property in the Champion canyon, quit work there last Thursday and has gone over to do some work on his property near the Musirk.

John Peterson who has been working for the past year at the Lucky-Boy mine at Blue river, went to Bohemia, Friday to spend the summer. He speaks well of Blue river but thinks Bohemia is all right and will come out of the kinks yet.

Prof F S Day is driving two tunnels on his Belcher group of claims just east of the Helena mine and the prospects are reported to exceedingly bright for the new company he represents. Mr Day has succeeded in organizing a joint stock company, with plenty of funds to do a large amount of work this season.

The Golconda Company has a force of three men doing assessment work upon their property now and expect to do some good work before the snow flies. These people have great faith in Bohemia and their own claims especially. They cannot be said to be alone in this however as prospectors are beginning to encroach upon their property by setting up adverse claims.

The Helena people are steadily pounding away day and night with a full force of men, a fact that proves the value of their wonderful property. These people do not make a display to the world of their output and no one can blame them for that it is no one's business but their own, however mining men do not run large ten-stamp mills day and night for a year or more without stopping when there is nothing in it. So the Helena people can be safely set down as money makers and their property behind none in the state of Oregon.

BOARDERS WANTED.—Mrs E M Thomas will take a few boarders after Aug 1. Ladies preferred.

NEW SIDE-WALKS.—Lumber is being hauled to build a new 7 1/2 foot side walk on both sides of Main street from the depot to the bridge, this has long been needed.

A GOOD IMPROVEMENT.—Work was commenced Monday putting rock on the road leading into town from the north. The county furnishes the crushed rock and the hauling is being paid by popular subscription.

IN THE JUSTICE COURT.—Justice Vaughn's court was the scene of activity Saturday. Mr W G Stone was arrested for assault upon Master Luther VanFleet. After having a number of witnesses summoned the defendant pled guilty and was fined \$10 and costs, amounting in all to \$39.50. It seems that some trouble had existed between the Stone and VanFleet families for some time and one day last week the young man was ordered away from Mr Stone's property and refused to go, hence the assault.

BRICK BLOCK SOLD.—The large two story brick building on the corner of Main and 4th street occupied by Garman & Hemenway's big store and owned by C J Miller was sold this week, to David Finn, lately from Wisconsin. The price paid was \$3,500. Mr Miller has property near Colorado Springs that demands his attention, and expects to leave soon for that place, where he will commence operations on his farm, drilling for oil. Mr Finn secured a bargain in obtaining this valuable property at such a low figure.

What Shall We Have For Dessert?

This question arises in the family every day. Let us answer it to-day. Try Jell-O a delicious and healthful dessert. Prepared in two minutes. No boiling! no baking! simply add boiling water and set to cool. Flavors:—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers to-day. 10c.
