Possibly JPierpont may eventually join the Amalgamated Association and turn it into a trust;

If Lord Roberts got half a million for failing to suppress the Boers' how much ought Shafter and Otis to get?

President McKinley undoubtedly wishes that there were no such things as Kentucky Republicans. Yes' we said "things".

A soda-fountain exploded in Kentucky the other day and killed two men. It is always dangerous to introduce new prinks in Kentucky.

The man who will number and tag the South American revolutions so that the average man may identify them' will fill a long felt want.

The query why England does'nt courtmartial any of her officers is probably answered by the apparent fact that the Boers simply refuse to be sunk."

Mr Dooley says Sampson can prove an alibi, but unfortunately Schley cant. The poor Admiral was simply there and that is all there is to it

Only 6 per cent of the British wounded die in the South African war. But of the unwounded child prisoners in 'concentration' camps, 25 per cent die per year.

Teddy has at last come to light again, this time in Colorado on the lecture platform. Looks like Teddy has to come out to the wild and woolly west when he wants to be heard from.

It is thought possible that neither of the chief actors in the Santiago battle controversy was wholly responsible for Cervera's defeat. There were several other Americans in that engagement.

The declaration of the British Government that it intends to 'use the natives against the Boers' is a confession of the utter failure of its own soldiers to bring the war to a close. It is not unexpected, however. Americans kner from bitter experience in the Revolutionary war, that John Bull does not hesitate to employ savages when things are going against him.

What Do Your Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c. and 25c.

What is the matter with the Oregonian? It believes in free trade. So do the democrats. It hates McKinley. So do the democrats. It dams every man who has acquired wealth in any line of business affected by a tariff; So do the democrats. It condemns evry monopoly, beneficial or otherwise, except its own. So do the democrats' What in thunder do the Portland democrats want, anyhow. The Answer is too easy. What the democrats want is a paper that will not be democratic in off years for subscription's sake and republican in election years for boodle's sake. Some day they will have one too.

Having had a very serious illness with inflammatory rheumatism for nearly a year past, and having received no benefit from the many medicines I had used, and on the persuasion of a friend who had used one of your belts for rheumatism, I purchased one of your belts and have worn it for the past two months, from which I have received more benefit and relief than at any previous time, and feel confident that the continued use will wholly cure me in a short time.

A young fellow in Corvallis was arrested the other day for singing "Just as the Sun went down" and in default of the usual five dollars this son went down in the county jail, for a couple of days. Our city dads ought to make it about 10 dollars to screech "Goo-Goo Eyes." The city would not need to vote bonds then.

Admiral Ceyera says that he met Schley both at Santiago and before but that he doesn't know Sampson." The latter, it will be remembered reached the scene too late to introduce himself.

Babeock has received practically no support from his own party, for his tariff reform bill and McKinley has been choked off on his reciprocity ideas; nevertheless there may be something doing in Congress on the tariff subject this fall
