As soon as it heard that Teddy was hunting wolves, Kansas endorsed him as the best man to camp on Mark Hanna's trail.

A western physician says that going without food will cure rheumatism. It will cure everything else too except death, if it is persisted in long enough.

Even in a sham fight the British lost a torpedo boat; is it any wonder that they suffered when they went up against the real thing in South Africa?

The farther west Roosevelt goes the more he is honored. This may be because the people of the west know him better or because they don't know him as well as those of the east.

Lord Kitchener's threat of confiscation and banishment to be enforced against the Boers who refuse to surrender map work. But we imagine that he will be informed that he cannot ruin men who are ruined already.

Uncle Sam is to be congratulated; the profits on the Filipino trade has so risen that they are now almost one per cent of the cost of managing the islands, after a while it is hoped that they may increase to two per cent.

Great Britain's total expenses for the last fiscal year, including those of the war, were only a few million over one billion dollars,—not quite so much as those of the United States with only a little picnic in the Philippines in progress. But, then, the Republican party isn't in charge of the finances in Great Britain.

The quarter master General of the U. S. Army has made his annual report and shows that in round numbers, \$20,000,000 has been disbursed during the past year in the city of San Francisco for supplies, coal, and transportation of soldiers, horses, etc., to the Philippines. And yet with all that enormous distribution of temporary war business, San Francisco is bitterly complaining of hard times and is undergoing one of the worst strikes on record, her whole shipping facilities by water are tied up, and business is admittedly slower than for years, not accepting the great Cleveland panic.

**What Do Your Children Drink?**

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/2 as much. All grocers sell it 15c and 25c.

What's gone wrong with the New York Herald that it should sound a call to arms to resist the Briton and the Teuton on account of the Venezuela-Columbia opera bouffe performance? Has James Gordon Bennett gone off his chump, or is there something about the trouble that the public doesn't know?

**THEIR SECRET IS OUT.**

All Sadleville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time endured aroid suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband, "It completely cured her and also cured our little granddaughter of a severe attack of Whooping Cough." It positively cures Colds, Coughs, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at J. P. Currin's drug store.

Why wasn't ex-governor Taylor of Kentucky mixed up in that attack by sixteen men on one little postmistress? Considering his record, such would be about the sort of thing he would likely to be in. But, perhaps it was two low down for him after all.

Would He Have Cost Him His Life. Oscar Bowman, Lebanon, Ky., writes: I have been using Foley's Kidney Cure and take great pleasure in stating it gave me permanent cure of kidney disease which certainly would have cost my life. Take none but Foley's. New Era Drug Store.

Probably Admiral Honison would make an honest judge in the Schley case even if he did make the pro-Sampson remarks credited to him. But it is like the Navy Department to declare that there is nothing in the remarks—and to do so without even asking him about them.

The plea that the tariff should be removed from trust made articles is met with the reply that to do so "would disturb business". Undoubtedly it would disturb the trust business—and why shouldn't that business be disturbed?

The Iowa Republicans have certainly mastered the art of riding at once two horses going in opposite directions. In their recent platform, they endorse the Dingley bill unqualifiedly and then pronounce for its immediate revision. Good for Iowa.

Is tax dodging, even at the cost of perjury a national habit? The "swearing" off process is a familiar yearly spectacle in New York but out in the highly virtuous state of Ohio the practice seems to be quite as rampant. The Columbus Press Post prints what it calls some frozen acts concerning perjury. In Ohio a sworn return of personal property is required of taxpayers, but in 1893 a commission appointed by Gov. McKinley reported that while there was actually on deposit in the banks of Cleveland about \$63,000,000, there was returned for taxation only \$1,890,590. Toledo, with \$8,120,121 on deposit, had returns for only \$253,087. Columbus with \$4,355,352 did better returning a little over \$1,000,000. The Press-Post has examined the personal returns on file in the Auditor's office with these results. A great manufacturer who lives in one of the largest houses in the city and on one of the most fashionable streets thinks that all that he has in the way of horses, carriages, jewelry, household furniture, books, pictures, etc., is worth no more than \$430. A leading broker, reported to be worth a quarter of a million, thinks his possession ought not to be taxed to a greater extent than \$603.23.

A leading banker who lives generously in a large house which is filled with beautiful and valuable things, and whose family diamonds are noted, finds that he is worth in all about \$100.

And so on through quite a list—upon which the newspaper says:

It is evident that our high tax rate of nearly 3 per cent, is the result of gross fraud and perjury committed every year by all classes of persons and especially by those who ought, on account of their success or fortunate condition in life, to be perfectly willing to bear at least their full share of the burdens of maintaining the government.

**THIN HAIR**

Lots of people have thin hair. Perhaps their parents had thin hair; perhaps their children have thin hair. But this does not make it necessary for them to have thin hair.

One thing you may rely upon—

makes the hair healthy and vigorous; makes it grow thick and long. It cures dandruff also.

It always restores color to gray hair,—all the dark, rich color of early life. There is no longer need of your looking old before your time.

\$1.00 a bottle. All druggists. "As a remedy for restoring color to the hair I believe Ayer's Hair Vigor has no equal. It has always given me perfect satisfaction in every way."  
Mrs. A. M. SVEERL, Aug. 18, 1898. Hammondsport, N.Y.  
Write the Doctor. We will send you a book on The Hair and scalp free, upon request. If you do not obtain all the benefits you expect from the use of the Vigor write the Doctor about it. Address: DR. J. C. AYER, Lowell, Mass.

It might be a good idea to close the literary bureau of the Navy Department for repairs now that both historian Maclay and fighting Bob Evans have gotten into trouble.

P. T. Thomas, Sumpterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and digested anything. Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. Benson Drug Company.

The American people are becoming greater sugar consumers with each succeeding year. In 1900 we consumed 2,219,947 tons of sugar, or an average of 66 1/2 pounds for every man, woman and child.

Why don't the necktie manufacturers put a "Schley loop" on the market?

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Diving will not rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. Benson Drug Co.
