

Thomas will take a few hours after Aug 1. Ladies preferred. Stops the Cough and Works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

NEW COAT OF PAINT.—The city council has had the city hall painted and trimmed and its neat appearance now makes a decided improvement in the central part of town.

TO THE PUBLIC.—Having just completed a course of instructions in the Prof Rogers system of tinting, we are prepared to do the most beautiful work known to our profession. This work is excellent. Call and see our samples.

NEW SIGN.—Hemenway & Burkholder are having a large sign painted on the East side of their brick store which will make an attractive appearance and add greatly to the looks of the building.

SOLD OUT.—Mr Willard Martin has sold the corner lot and building occupied by Cochran's furniture store, to Mrs Cottle. The price paid was \$1,400 and was a good bargain for the purchaser.

ANOTHER STROKE.—Word was received here by telephone, Saturday, that Geo Sears had suffered another and severer stroke of paralysis affecting his speech and the right side of his body. We are glad to say however at this time that he is considerably improved.

CHANGED HANDS.—The Post Office building has again changed hands being purchased by Willard Martin for the sum of \$1,350. Mr Case the former owner having disposed of his interests in the Grove will return to Albany his former home.

RESIGNED.—Rev Father L Przybylski, priest of the Catholic church has resigned his pastorate in this city and will locate elsewhere in Oregon. He expects to leave here about September 10th. The Reverend Father has worked hard since coming to Eugene and has made many converts and friends.—Guard.

RAILROAD WRECK.—The explosion of two car loads of giant powder was the cause of a horrible railroad wreck a few miles south of Glendale, last Saturday. It seems almost a miracle that neither trainmen or hobo were killed. Eleven cars were literally blown into atoms, the track torn up, and flying debris, watermelons and merchandise were scattered over the surrounding hills. A few of the injured cars were taken to Portland Monday and they looked as if a mighty hurricane had been making kindling wood of them. The concussion was felt for miles and the explosion was heard at Roseburg over 30 miles away. It is supposed the breaking of a coupling caused the air brakes to set which made such a sudden jar that the powder was exploded.

NEW WATER SYSTEM.—Work on the new gravity system of water is progressing rapidly and satisfactorily. The ditch for laying the new pipe line is fast nearing completion and will soon be ready for laying the pipe. The pipe ordered from the east is already on the road having luckily been shipped before the factory was shut down by the steel strike and is expected here most any day now. The city council are making every preparation to complete the system as soon as possible when this city will have the best and most ample supply of water of any town in the state, of its size. The old gravity system of the Cottage Grove water Co has been purchased at a very reasonable figure and will be joined on the new one by means of an automatic fire-valve so that this fine reservoir will always be full and in readiness to fight a fire. The high pressure and quantity of water will easily enable the fire department to fight fire for 18 hours without touching the water in the other two reservoirs, which are to be used for household and irrigating purposes and in which, while the pressure is not nearly so great, a large volume of water will always be found even for fire purposes. The city council expects to at once set aside a portion of the water receipts into a sinking fund with which the bonded indebtedness will be met at maturity and which will obviate the necessity of levying a cents worth of taxes for this payment.

WEDNESDAY.
Mrs E L Hart made a short visit to Eugene, the first of the week.

New double chains for gents just received by Madsen.

Farmers buy your twine and Machine oil of Griffin & Veatch Co.

Mr Cy Miller, an old Cottage Grove friend of the editor's was doing business in the city Wednesday.—Medford Enquirer.

Workmen are fast completing the residence of Mr Phillip Hohl which will be one of the handsomest dwellings in town when finished.

Physicians say that alcohol predisposes to Consumption in winter and to sunstroke in summer. What does it do in spring and fall?

J D Cochran carries the Largest and Best selected line of furniture and undertaking Goods in Cottage Grove and sells at the very lowest Prices. Call on him and see for yourself.

R J Jennings of Portland who has been to Northern California and Southern Oregon on an extended visit to some of the prominent mining camps stopped off at the Grove Wednesday, on his return home.

ICE CREAM SOCIAL.—The Ladies of the W C T U held an ice cream social at the residence of Mrs J W Baker Tuesday evening and although the evening was a little cool for ice cream every one present seemed to enjoy themselves. The young people introduced a number of games that shook the shivers off the crowd and the evening was a success both socially and financially. The money derived from the benefit goes to the Library fund and is given in a good cause.

Miss Alice Hitter, aged 15, died at a Portland hospital, Sunday, from what is believed to have been the bite of an insect on her lip. The lip swelled without any apparent cause after she had been fishing, and blood poisoning set in, causing death.

By a letter received in this city from Mr Roscoe Knox of Eastern Oregon we regret to learn that he recently suffered a slight stroke of paralysis but are pleased to state that he has much improved, according to later advices.

Beware of bonus seeking manufacturers. More greenhorn towns have been taken in by the bonus sharp than by any other fakir. There are always a class of gullibles in a town to bite at the bait of a manufacturing plant. But often—often than otherwise—the bonus-nursed plant dies as soon as it is weaned. The promoters drop out; they seek greener fields and other simple folk to operate in and upon. A vacant building with its multitude of windows of broken glass is soon the monument.—Madison (Wis) Democrat.

Eugene Guard—Bert Scott, of near Jasper was in town today and told the Guard that a severe thunder storm occurred in that vicinity Saturday morning about 10 o'clock lightning struck two big trees on Hills creek, about 18 miles east of Eugene, splitting them from top to bottom and starting a forest fire, which is still burning. It burned fiercely all the remainder of the day Saturday, but yesterday it seemed to check up somewhat. It is seldom that lightning strikes in Oregon, and we have never before heard of it causing a big forest fire such as was done Saturday.

The Oregon State Fair at Salem, September 23rd to 29th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the Stock Exhibit, owing to the great and constantly increasing interest in dairying through the state. For this occasion the Southern Pacific Company will make a rate of one fare for the round trip from all its stations in Oregon to Salem and return, and it is to be hoped that every one who can do so will show their appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our State Capitol.

THURSDAY.
J I Thomas visited the county seat Tuesday.

Don Preston, of Eugene was in the Grove, Wednesday.

Mrs Frank Jackson of Saginaw was in town Tuesday.

A fine line of ladies' watches just received at Madsen's, Miss Eunice VanDenburg went to Drain, Tuesday, afternoon.
