

Things at the Capitol

By Our Regular Washington Correspondent

If the story that Sampson might not appear before the Schley Court of Inquiry was put out as a feeler by the anti-Schley gang in the Navy Department to ascertain how the public would take some sort of official juggling that would enable Sampson to avoid the trial which his cross examination by "Jerry" Wilson, Schley's chief counsel is certain to be, as many suspect, they must be thoroughly convinced by the how it rained that the public will not stand for any such business as that. It was Sampson who was Schley's first accuser and who was mainly instrumental in the formation of the naval clique which has so persistently sought to ruin Schley, and it is Sampson who must either clear himself or forever condemn himself. Although the clique pretends to talk as though Sampson had no more interest in the court than any other officer who happens to be a witness, every mother's son of them knows that as soon as that court started it will be plain to all the world that it is Sampson, and not Schley, who is on trial, and it is a great deal more likely that the report and recommendations of the court will be against Sampson than against Schley. In view of those things it is absurd for anybody to talk about Sampson not appearing before the Court.

Mr Chandler announces that since Secretary Long has refused his request for an inquiry into Bob Evan's attack on him he will discuss the records of both Bob and Long in the newspapers. Gosh; won't that be rich? Chandler is the last man we should like to have after us.

STOPS PAIN

Athens, Tenn., Jan. 27, 1901.

Ever since the first appearance of my illness they were very irregular and suffered with great pain in my legs, back, stomach and legs, with terrible burning down them in the abdomen. During the past month I have been taking Wine of Cardui and Theodor's Black-Draught, and I feel—the monthly period without pain for the first time in years.

What is the worth to a woman suffering like the Nameless Davis suffered? Yet there are women in thousands of homes to-day who are bearing those terrible menstrual pains in silence. If you are one of these we want to say that this case

WINE OF CARDUI

will bring you permanent relief. Consult yourself with the knowledge that 1,000,000 women have been completely cured by Wine of Cardui. These women suffered from hemorrhages, irregular menses, headache, backache, and bearing down pains. Wine of Cardui will stop all these aches and pains for you. Purchase a \$1.00 bottle of Wine of Cardui to-day and take it in the privacy of your home.

From Buffalo

The past week was the warmest one of the season. The maximum temperatures in western Oregon ranged between 70 and 90. In eastern Oregon the maximum temperatures ranged between 72 and 100. The weather turned cooler during the latter portion of the week, and at its close temperatures below the normal prevailed in all parts of the State. No rain has fallen in the wheat sections of eastern Oregon since the middle of July and none of consequence has occurred in the Willamette valley since July 3. Good rains, however, fell Sunday in the east central sections of the State, which will help the ranges, but more rain is needed in all parts of the State for pastures and late crops, such as hops, potatoes, corn, gardens and fruit.

Returns from the wheat fields continue favorable. The fall wheat harvest is nearly finished and spring wheat cutting is well advanced. Thrashing is in active progress and nearly everywhere the berry is reported plump and the weight and grade good.

The second crop of alfalfa has been cut and safely secured. The yields were somewhat uneven, but, on the whole, averaged about the same as usual. The hay crop in the coast counties has been secured in excellent condition with yields above the average. Hops are making rapid advancement, and picking will begin early this year. The growth of the hop vine has not been sufficient to make a large crop and the yields will be considerably less than last year but the quality will be better.

Potatoes are remarkably free from blight. The yield of early planted potatoes has been materially reduced through dry weather, and without rain in a week or two the crop of late-planted potatoes will also be a light one. Onions in Washington county are reported as doing splendidly.

Stock continue doing fairly well, considering the poor pasturage, but there has been a slight shrinkage in the supply of milk received at the creameries.

The weather has been two dry and hot for fruit, and prunes are dropping more than usual in many sections in the Willamette valley and in southern Oregon. The crop, however, promises to be a fair one, and the drying plants are being put in readiness for operation.

To save her child. From frightful disfigurement Mrs. Paula Gallager, of La Grange, Ga. applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25c. Cure guaranteed by J. P. Curran, druggist.

Mrs. S. H. Allport, Johnson, Pa., says: "Our little girl almost strangled to death with croup. The Doctors said she could not live but she was instantly relieved by One Minute Cough Cure. Benson Drug Co."

It's dollars to doughnuts that when that Columbia-Venezuela trouble is shifted, the ugly head of the Asphalt Trust will be found sticking up. Who else should the chief organ of the Trust be so anxious for the United States to interfere in favor of the Venezuelan rebels?

What is the Taste it Tells. If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 35c. at J. P. Curran's drug store.

Another small revolution is in progress in South America, in which other nations are liable to become embroiled.

Mr. Daniel Banta, Ottoville, Ia., says: "I have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried until I took Parson's Honey and Tea. It gave immediate relief, and done me more good than all the other remedies combined." New Era Drug Store.

It Makes Weak Women Strong.

"I suffered from female weakness for five months," writes Miss Belle Hedrick, of Nye, Putnam Co., W. Va. "I was treated by a good physician but he did me no good. I wrote to Dr. R. V. Pierce, Buffalo, N. Y., for advice, which I received, telling me to take his 'FAVORITE PRESCRIPTION.' When I had used the medicine a month my health was much improved. It has continued to improve until now I can work at almost all kinds of house-work. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. United States official Report
MADE TO
commissioner of the United States,
General Land Office, Washington D. C.

by a Geologist and Mining Expert of world-wide reputation, Professor Benjamin Silliman who spent several months there then being connected with the United States Surveying Corps and in his official report says: "HERE ARE COUNTLESS MILLIONS OF TONS OF RICH GOLD QUARTZ reduced by the great forces of nature to a condition ready to the application of the hydraulic process while the entire bed of the Rio Grande for 40 miles is a sluice on the bars of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages and now lies ready for extraction by the most approved methods of river mining. THE THICKNESS OF THE RIO GRANDE GOLD GRAVEL EXCEEDS IN MANY PLACES 600 FEET OR NEARLY THREE TIMES THAT OF THE LIKES IN CALIFORNIA WHILE THE AVERAGE VALUE PER CUBIC YARD IS BELIEVED TO BE GREATER IN THE NEW MEXICO BEDS THAN IN ANY OTHER SUCH ACCUMULATIONS YET DISCOVERED. I have made a reconnaissance of the whole of this gravel along the Rio Grande and have examined with all the care possible in the time at my command the character of the gravel and its contents of gold. NOTHING I AM PERSUADED SINCE THE DISCOVERY OF CALIFORNIA AND AUSTRALIA IS COMPARABLE FOR ITS MEASURABLE RESOURCES OF GOLD AVAILABLE by the hydraulic process to the deep placers of the Rio Grande."

Other reports from eminent mining experts of national reputation pronounce the property of this Company the richest and most extensive known.

A Tension Devise is a simple thing, and yet good sewing is impossible without a correct tension. You know this from experience.

We Claim that our Pine tension is without a peer. It pinches the thread just enough to produce a smooth, elastic stitch.

Our Tension Indicator shows the state of tension at all times. A tension can be changed or duplicated at any instant. Every machine user will appreciate this device.

Our Tension Releaser (on reverse side of face plate) operating with lifter bar, instantly removes all tension from thread.
