The New York Yacht club ought to take a few doses of patent medicine for their Constitution.

Some people think James Young has jumped from the frying pan into the fire. He is going to be married.

If France should make a naval demonstration against Turkey it will begin to look as if the concert of Europe is all at sea.

There is yet no serious reason to believe that France is about to attempt the feat of knocking the Sultan's fez into a cocked hat.

The Sultan of Turkey is getting tired of Kruger and Kitchener occupying all the space in the newspapers. He wants a small add him-self.

Sir Thomas Lipton doesn't appear to be badly frightened at the performance of the new America's cup defender. Probably he thinks the Constitution will follow his flag.

French painters are greatly agitated over the subject of white lead and white lead poisoning. The painters of Grenoble recently went on a strike to demand that all employers should use zinc white instead of lead white.

One factory in Ohio turns out a hundred million finished matches each twenty-four hours. Fifty million feet of lumber is used annually in the United States in the manufacture of matches, an industry which gives employment to some fifteen thousand people.

Those 15,000 Cape Colony dutch who recently joined the Boers, probably did not know the war was over, else they would have preferred to stay at home. It is in order for the British general to issue another proclamation, but for fear 12,000 more Dutch will rebel the proclamation will be held for two weeks.

The Steel strike has passed its zenith and is going down in failure. Again a bitter lesson is learned, and learned in vain. The laboring class is as much the slave to trusts and heartless monopolies, to day as was ever the negro under the Southern planter. When the wage earner learns to use the ballot in his own interests and quits voting to please the trusts he may win.

Grain-O Grain-O

Remember that name when you want a delicious, appetizing nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 25c per package. Ask your grocer for Grain-O.

LABOR DAY

Monday was labor day and throughout the land was generally observed by all classes of people to a greater or less extent. Greater perhaps by all who can afford the luxury of an extra holiday if not less enjoyed by countless thousands of slaves to heartless incorporations. Yet so easily are the working classes led by their owners and employers that thousands of the poor dupes to corporate greed spent their last dollar for an excursion ticket or a ludicrous costume in which to march by the principal, thoroughfare, and decorated windows of the mansions of their employers and make a demonstration in the hot, dusty streets, an under a scorching sun, while their lords and masters reclined in luxury, viewing the "magnificent" parade.

Labor day is a hollow mockery, though rightfully named. For 394 days in the year the laborer belongs to his employer body and soul. He is enjoined from, striking, enjoined from talking, enjoined from organization, bound hand and foot to his master by contract, or fear of starvation. It is but fitting that on one day out of the 365 he lay down his tools and make a gaudy show of himself and draw a crowd to hear some tool of corporations whang-doodle himself hoarse extolling the wonderful achievements and possibilities of labor and who too often spend the other 364 days in the year doing his best to tighten the grip of corporate wealth upon the toiling masses. It is a day in which cities hope and strive to draw vast crowds, for profit. Profit for railroads, steamboats, hotels, beer gardens, theaters, icecream parlors, soda fountains, salons, racetracks and every conceivable thing under the sun that can scheme, to wrest the too few dollars the toiler may have from his pocket. It is a day in which the vender says to the employer you have got all out of the laborer you can get now give me a day to get what he has left.

Ed Darling, 1012 Howard st. Port Huron, Mich. writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never grip. Benson Drug Co.

The city council has given up the idea of building a large reservoir at this time as all bids received for the work were too high. This is to be regretted as a larger reservoir will surely in time have to be built and the small one now in contemplation will then be a dead loss.

Don't wait until you become chronically constipated but take DeWitt's Little Early Risers now and then. They will keep your liver and bowels in good order. Easy to take. Safe pills. Benson Drug Co.

The following details from the Fireman's Herald show the extraordinary precautions taken to guard Independence Hall, Philadelphia, from destruction by fire. Watchmen maintain a patrol every hour of the day and night, and the only lights permitted in the old building are those used to illuminate the clock at night. For the boilers used to heat the building fireproof vaults have been provided under the archways, and only two electric wires are allowed. Chief Baxter has provided for the appearance of six engines, two trucks and a chemical engine within two minutes after an alarm is sent in from the fire-alarm box in the square. There are standing instructions that, if fire should gain headway in the structure, a general alarm shall be sent in, calling to the scene twenty-six fire engines, six trucks, and other chemical engine, as well as the chief and nine district engineers. Every wire in the vicinity of the hall is specially insulated, and officers of the fire department regularly join the watchmen in inspecting the edifice. Portable fire extinguishers are scattered about the building, and directions for saving the famous old portraits that hang on the walls are conspicuously posted. There is a peremptory order displayed that reads: "In case of fire get the Liberty Bell out of danger at any cost."

HAIR HELP

So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead.

AYER'S HAIR VIGOR

acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

\$1.00 a bottle. All druggists.

"I have used Ayer's Hair Vigor, and am really astonished at the good it has done in keeping my hair from coming out. It is the best tonic I have tried, and I shall continue to recommend it to my friends."

MATTIE HOLY, Burlington, N. C. Sept. 24, 1900.

If you do not obtain all the benefits you expect from the use of the Hair Vigor, write the Doctor about it. DR. J. C. AYER, Lowell, Mass.

Stood Death Off.

E B Munday, a lawyer of Henrietta, Tex, once fooled a grave-digger. He says: "My Brother was very low with malaria fever and jaundice. I persuaded him to try Electric sitters and he was soon much better, but he continued their use until he was wholly cured. I am sure Electric sitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidney and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at J P Currin's Drug Store.
