

TO PREVENT DECAY

Wood Preserver Used by Uncle Sam's on Yamhill River Work.

Merits of Avenarius Carbolineum Recognized by National, State and Municipal Governments.

The fame of Avenarius Carbolineum has steadily extended as the only bona fide preserver of wood, since its discovery in Germany thirty years ago. It has stood all tests of climate soil and water and steadily lived down all pretended rivals. To day it is not only employed in all countries for the preservation of wood used for household articles articles such as houses, barns, fences etc, but the national government, both of Europe and America, have recognized its value in saving public constructions from decay. Following their example cities and counties have also adopted Avenarius Carbolineum for bridges pavements etc and the leading ship builders and railroad companies have shown their faith in its merits by treating ship timbers, cars, telegraph poles and ties with the same never failing preventative against climatic decay and repacious wood boring vermin both of land and water.

Great bodies move slowly and, act after mature deliberation. It may therefore be safely stated that governments and corporations did not employ Avenarius Carbolineum until fully convinced of its money saving as well as wood preserving qualities. Private individuals desirous of lengthening the life of wood work and at the same time curtailing expense, need not fear to follow the precedents established.

With such examples before them it would appear that the individual is foolish and the official almost culpable who does not protect his own or the taxpayer's pockets by using this compound thus saving from decay, and lengthening the life of all frame structures for which he is individually or officially responsible.

Fisher Thorsen & Co of Portland Or, are sole Pacific coast agents for Avenarius Carbolineum, and it can be found at J.P. Curran's, Cottage Grove, who will gladly supply information regarding its accomplishments.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kind and it therefore cures indigestion and dyspepsia no matter what its cause Benson Drug Co.

The Oregon State Fair at Salem, September 23rd to 29th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the Stock Exhibit, owing to the great and constantly increasing interest in dairying through the state. For this occasion the Southern Pacific Company will make a rate of one fare for the round trip from all its stations in Oregon to Salem and return, and it is to be hoped that every one who can do so will show their appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our State Capitol.

"The Best is The Cheapest." Not how cheap, but how good, is the question.

The TWICE-A-WEEK REPUBLIC is not as cheap as are some so called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It prints all the news worth printing. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, news agent or post master will receive your subscription or you may mail it direct to

THE REPUBLIC, St Louis, Mo.

How Strong Are You?

The dial of the punching machine won't answer that question. Strength depends on nutrition. When the stomach and other organs of digestion and nutrition are diseased, the body fails to receive its full supply of nourishment and hence grows weak. That is why no man is stronger than his stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the allied organs of digestion and nutrition. The food eaten is then perfectly digested and assimilated and the body is made strong in the only possible way—by nutrition.

Dr. Pierce's Pleasant Pellets stimulate the liver.

REAP THE PROOF:

United States official Report

MADE TO

commissioner of the United States, General Land Office, Washington D C.

by a Geologist and Mining Expert of world-wide reputation, Professor Benjamin Silliman who spent several months there then being connected with the United States Surveying Corps and in his official report says:

"HERE ARE COUNTLESS MILLIONS OF TONS OF RICH GOLD QUARTZ reduced by the great forces of nature to a condition ready for the application of the hydraulic process with the entire bed of the Rio Grande for 40 miles is a sluice on the bars of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages and now lies ready for extraction by the most approved methods of river mining. THE THICKNESS OF THE RIO GRANDE GOLD GRAVEL EXCEEDS IN MANY PLACES 600 FEET OR NEARLY THREE TIMES THAT OF THE LIKE BEDS IN CALIFORNIA WHILE THE AVERAGE VALUE PER CUBIC YARD IS BELIEVED TO BE GREATER IN THE NEW MEXICO BEDS THAN IN ANY OTHER SUCH ACCUMULATIONS YET DISCOVERED."

I have made a reconnaissance of the whole of this gravel along the Rio Grande and have examined with all the care possible in the time at my command the character of the gravel and its contents of gold. NOTHING I AM PERSUADED SINCE THE DISCOVERY OF CALIFORNIA AND AUSTRALIA IS COMPARABLE FOR ITS MEASURABLE RESOURCES OF GOLD AVAILABLE by the hydraulic process to the deep layers of the Rio Grande."

Other reports from eminent mining experts of national reputation pronounce the property of this Company the richest and most extensive known.
