The Sultan of Turkey is no diplomat. He can't lie without being caught.

Manila is to have trolley lines. This is a surer way of killing the insurgents.

Some persons are thinking that after the inquiry Admiral Cervera may figure as the real hero of Santiago.

"In union there is strength" but some times Unions are not so strong as they think. The Amalgamated Association, for instance.

We are very patient under the burden of anarchy as long as it directed itself against foreign rulers. Perhaps now that it has struck home, we may do something to check it.

Martial law has again been proclaimed in a section of South Africa only fifty miles from Cape-town, and nearly a thousand miles away from the Boer republics over-

No strike can win in this country without public sympathy in its own locality, at least. The American people will not sympathize with men who break their signed contracts; that is where Shaffer and the Amalgamated Association fell down.

The Court of inquiry convened on Thursday where the men who have been backbiting Schley for two years and more will have a chance to show what foundation there was for their assaults. May the Lord help them if they fail to give reasonable justification.

The assassination of McKinley has brought forth a consensus of opinion among people and publicists that stern and active legislation must be enacted so suppress and prevent anarchism of the destructive school in the United States. It is all well enough that men oppressed wrongfully in other lands should make America their asylum but they must not make it a slaughter-house. We enthroned in our White House no tyrants that need the swift and bloody medicine of drringer, dagger, or dynamite. Our atmosphere is that of liberty and law and must not be made poisonous by the breaths of those whose tongues and hands are against God, and government, and the public good.

TRY GRAINO! TRY GRAIN-O

Ask your Grocer to-day to show you a package of GRAIN-O the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown on Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. The price of coffee. 15c and 25cets per package. Sold by all grocers.

It is with no little degree of sadness we chronicle the death of our President, William McKinley. Not that he was our choice for the distinguished honor, not that he stood without peers in American statesmanship. There have been other great men in the past whom the people have honored, revered and loved and have buried; there are many whom they love and honor to day and it will always be so. The American people will be called upon on time and time again to bury their illustrious dead but it is hoped our nation will never be called upon to mourn the death of another president at the hand of assassins. We are sad that our president should be stricken down by the hand of an enemy of our form of government, sad that the laws of our land permit pronounced and blood thirsty anarchists to enjoy the sunlight of American freedom and lays no restraining hand upon the vicious teachings of that class of foreigners and sects that know no law but might, and practice no precepts but to destroy what they cannot control. The man who is not willing to abide by the will of the majority of the people is an enemy to our country and should not be allowed to enjoy its benefits.

No Relief for 20 Years.

"I had bronchitis for twenty years," said Mrs Minerva Smith of Danville Ill, and never got relief until I used FOLEY'S HONEY AND TAR which is a sure cure for throat and lung diseases." The New Era Drug Store,

The new Congress convening in December promises to be one of the liveliest of recent times. The republican scant majority of thirty-nine will have to be kept well with in the party corral, if the party program is to be carried forward with celerity and certainty. The Democrats will have to keep close watch on the majority and get busy at every possible opportunity. At this next session they must develop the lines on which they will go to the country in 1902 and ask for a majority in the next House of Representative. To win that is now the chief aim of the Democratic leaders. With that gained they speak, for the Republicans just ahead of the national campaign of 1904.

Sid Darling, 1912 Howard st. Port Huron, Mich, writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never grip. Benson Drug Co.

Under the old alien and sedition laws objectionable foreigners could be excluded or banished. Under the present day system, Emma Goldman can come in freely and incite semi-insane criminals to murder and treason. How long shall this state of affairs continue?

PASSING YEARS

Look in your mirror today. Take a last look at your gray hair. It surely may be the last if you want it so; you needn't keep your gray hair a week longer than you wish. There's no guesswork about this; it's sure every time.

AYER'S HAIR VIGOR

To restore color to gray hair use—

After using it for two or three weeks notice how much younger you appear, ten years younger at least.

Ayer's Hair Vigor also cures dandruff, prevents falling of the hair, makes hair grow, and is a splendid hair dressing.

It cannot help but do these things, for it's a hair-food. When the hair is well fed, it cannot help but grow.

It makes the scalp healthy and this cures the disease that causes dandruff.

\$1.00 a bottle. All druggists.

"My hair was coming out badly, but Ayer's Hair Vigor stopped the falling and has made my hair very thick and much darker than before. I think there is nothing like it for the hair." COHA M. LEE, April 25, 1900. Yarrow, I. T.

Write the Doctor.

If you do not obtain all the benefits you desire from the use of the Vigor, write the doctor who sent it to you, Dr. J. C. AYER, Lowell, Mass.
