What's the matter with building that cemetery side walk this fall?

The United States consumes 1220,600 gallons of beer every twelve months.

Sir Thomas Lipton says he's going to try it again. Good for Thomas, the third time is the charm.

A statistician figures that there are about 1,300,000 dogs in the United States. This estimate evidently does not include Cottage Grove's quota.

The world's greatest single crop is potatoes! The average annual supply is 5,000,000,000 bushels, equalling in bulk the combined

A private bank at Shillsburg-Iowa, was always opened with prayer until the other day, when it was opened with dynamite, and the thieves got away with its contents.

If the Spanish fleet under Cervera couldn't whip Schley after he had done everything in the world that he ought not to have done what kind of an outfit could it have whipped.

A New York manager has been punished for essaying to punish one of his chorus girls by spanking her just after the curtain fell. It seems to us he took an unfair advantage of her being in short skirts.

As we expected, the G A R is rising in its wrath to denounce President Roosevelt for declaring that he is proud of his two uncles who served in the confederate navy. The G A R is determined to revive the sectional issue if it is in any way possible.

The chances are that Tammany will win in New York this year as is so often has in the past. New York is admittedly the best managed city in the United States, and for the rest, it is just the sort of city that four fifths of its people want.

The wonder of the nineteenth Century is how it came to pass that the Spanish fleet at Santiago was totally annihilated by the American ships that were managed by a conglomeration of commanders that didn't know any thing and did every thing wrong. A little funny isn't it?

**What Do Your Children Drink?**

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/2 as much. All grocers sell it. 15c. and 25c.

It certainly looks as if the Steel Trust ought to add a little more water to its stock. The spectacle of this gigantic "infant industry" showing a profit of nearly \$55,000,000 on the six months business just ended and that notwithstanding it was during those six months the great strike occurred, is not one that is likely to prove of benefit to the Republican party. After the all too realistic pictures we have seen the suffering among laboring men caused by the strike and comfortless and crowded condition of the laborers, homes even before the strike, we cannot help asking where is the benefit to the American laboring man which this Government fed "infant" is supposed to work? This is a question the Republican party will probably have to answer in the next campaign.

There is much talk now about so amending the immigration laws as to exclude anarchists and it is to be hoped that this will be done. The law should be strict on this point and the immigrant should be compelled to assert his belief, not only in some form of government but in our form of government. And while he is swearing, it would not hurt him to declare that he accepts the Declaration of Independence as his political creed. —Commoner.

J Odgers of Frostburg, writes: "I had a very bad attack of kidney complaint and tried FOLEY'S KIDNEY CURE which gave me immediate relief, and I was perfectly cured after taking two bottles." Be sure and get FOLEY'S. New Era Drug Store.

It looks very much as though there had been a concerted effort all through the war to keep money in ignorance of important news. Captains Wise and MacCalla. Lieutenant Sutherland and the command of the Scorpion have all confessed to grave laches and even to disobedience of orders in this connection.

**A Fiendish Attack.**

An attack was lately made on C F Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at J P Curries.

**All except bad ones!**

There are hundreds of cough medicines which relieve coughs, all coughs, except bad ones! The medicine which has been curing the worst of bad coughs for 60 years is Ayer's Cherry Pectoral.

Here is evidence: "My wife was troubled with a deep-seated cough on her lungs for three years. One day I thought of how Ayer's Cherry Pectoral saved the life of my sister after the doctors had all given her up to die. So I purchased two bottles, and it cured my wife completely. It took only one bottle to cure my sister. So you see that three bottles (one dollar each) saved two lives. We all send you our heartfelt thanks for what you have done for us."—J. H. BUZZ, Macon, Col., Jan. 13, 1899.

Now, for the first time you can get a trial bottle of Cherry Pectoral for 25 cents. Ask your druggist.
