

The LEADER acknowledges a call from an agent of Bratstreet this week and like many others we were glad to report "on duty at the same old stand."

Backache should never be neglected. It means kidney disorder which, if allowed to run too long, may result in Bright's disease, diabetes or other serious and often fatal complaints. FOLEY'S KIDNEY CURE makes the kidney's well.

New Era Drug Store.

READ THESE NEW PRICES.—Bed Room Suits \$7.00 and up. Couches \$3.50 up. High Back Dining Chairs, 60 cts each and up. Iron Beds full size \$3.00 and up, other goods in proportion. Now is your chance to buy. —Cheapest Place this side of Portland at J D Cochran's Furniture Store.

NEW HYDRANTS.—Contractor Lea has planted the fine new hydrants received, on Wall Street and that portion of the City has now some protection from fire. The hydrants are fine ones and the city would do well to have all the old stand pipes, and especially on Main street replaced with hydrants like them.

POOR LIGHTS.—Considerable complaint has been made during the first of the past week about the extreme poor lights. The city has had a Meter put in the city hall and we were invited up to see how it worked, Tuesday evening. It didn't register anything like up to standard. The light people will have to burn a little more wood if they expect to satisfy their customers.

S A Ingals, Crown Point, N Y, writes: "My wife suffered from kidney trouble for years. She was induced to try FOLEY'S KIDNEY CURE and in less than a week after she began using it, she was greatly improved and three bottles cured her."

New Era Drug Store.

NEW SHELVEING.—Messrs Hemenway & Burkholder are having an excellent lot of new shelving put in their store. It reaches from the floor to the ceiling and they will use rolling step ladders. Their store room is badly congested with their large stock of goods hence the necessity for the improvement. The firm have done a good safe business during the past year and their increased trade finds them crowded for room.

NEW FIRE BELL.—The City Council has appropriated \$100 for the purchase of a new fire bell to take the place of the one on the city hall which has become useless on account of being broken. This is a good investment. The city council should now build a new tower in front of the City Hall not less than fifty feet high upon which to place the bell and at the same time afford a good place to dry the city hose. It will prove a paying investment as the hose cannot be properly drained with the present apparatus.

HAND SHOT.—Dan Burns accidentally dropped a loaded revolver on the floor one day last week when the weapon was accidentally discharged. The ball entered the palm of the hand and ranged upward along the muscles of the forearm and was extracted near the elbow. Dr Wall was summoned and soon located and extracted the bullet and at present Dan seems to be getting on all right. It was a close shave as had the ball missed his hand it would in all probability have went through his body. It is a safe bet that he will be more careful next time when cleaning a gun.

THE CEMETERY SIDE WALK.—A few individuals put their heads together, some time ago and raised enough means to build a good four-foot side walk from the depot, east on Main Street, to the Knox Hill. This walk is nearing completion and the distance is about equal to that from the west end of Wall Street to the Cemetery. Why cannot the Cemetery Walk be built in like manner? Every Lodge in the city stands ready to help and most families have an interest in seeing the Cemetery walk built. The people in Gowdville are interested and the people on Silk Creek are interested, for in winter they are compelled to cross to town afoot as the roads become almost impassable. The Leader stands ready to do its part and we hope to see this walk built before winter sets in. Come let us wake up.

J L Leroy, of Leroy mining Co, brought down from Bohemia a large specimen of galena quartz from the LeRoy mine the first of the week that weighs about 100 lbs. The specimen is one of the finest we have seen and is on exhibition in front of Garman & Hemenway's store.

W T Wasson, Gholsonville, Va, druggist, writes: Your One Minute Cough Cure gives perfect satisfaction. My customers say it is the best remedy for coughs, colds, throat and lung troubles.

Helms Bros brought down a fine lot of quartz specimens from their Mystery Mine near the Ridge Hotel this week. The ore is base showing about 12 percent copper and also assays well in gold.

Co A, Eugene, won the first prize of \$100 in the competitive drill in extended order movements at the Portland Carnival.

Don't fail to see Dr Lowe Eugene's well known optician, Saturday, Oct 19. His glasses are good glasses.

A GOOD THING.—The city authorities have had a lot of ties placed in the center of the street to divert travel to either side until the coat of crushed rock become more settled. This is a right move as heavy hauling was cutting through the rock and making the street an unsightly affair.

The receipts of the Eugene post-office made a gain of 12 percent during the past year. That's pretty good but Cottage Grove has jumped from a fourth to a third class office in the past year.

CANDLE LIGHT.—Tuesday evening the electric lights became so dim Mr Harry Brehaut set half dozen tallow candles in front of the New Era Drug Store. The candles not only apparently gave a better light than the electric lamps but attracted quite a crowd and caused considerable mirth.

Wagon the Eugene woolen mill man has made another proposition to that town on the Bonus question. He has dropped from \$17000 to \$8000 and the chances are he will build the mill bonus or no bonus. Still Eugene can afford to raise that amount in order to establish a woolen mill in the County.

On Saturday, Oct 19th, Dr. Lowe, the well known oculo-optician, will be in Cottage Grove. See him if your eyes need help. Free consultation.

NEW RESIDENCE.—The lumber for the new residence of Mr Wilson Gilrs, on Front Street is being delivered and the building will be commenced as soon as all the material can be put on the ground.

An exchange says the biggest trust on earth has been discovered at last. It is the country newspaper trust. They trust everybody, get cussed for trusting and trusted for trusting.

Coming Men of America, will give a home talent play in the near future titled "The Noble Sons of Mars" in one act, followed with specialties from members of the order. Full particulars will appear later.

We Must Be Progressive or Nothing

There are three classes of Stores, the Stationary, the Retrograde and the Progressive. We'd rather suddenly cease to exist than be either of the two first. From day to day and from month to month we must be up and doing, and keep the store ever on the upward move. To Progress we must do the best we can for you. We must do this or lose your custom.

✱ ✱ We are Doing This and Gaining New Trade Every Day ✱ ✱

Each month since the first that we have been in business here, has shown an increase over the previous month's trade. The Public knows that this is a safe place to trade. We're not going to falter in our efforts to make it better and better. The store news for this week is "Special Prices on New Goods."

We Guarantee Satisfaction

At NEWLANDS, of course.

GARMAN & HEMENWAY.
