

Bohemia Railroad

Work Commenced on the Preliminary Survey Monday

Work Progressing Nicely

On Monday morning the surveying crew for the Cottage Grove-Bohemia railroad commenced work. The first stake was driven just east of the Southern Pacific depot in this city, and from there they ran north east through Mr Perkins place out into the Cochran farm then turned eastward toward old Bohemia. The survey so far as completed goes up the Row River. There is about seventeen men in the crew and the work is progressing nicely. The preliminary work will be completed in a short time.

P J Jennings one of the promoters of the railroad was in town this week. He is very enthusiastic over the future prospects and thinks that construction work on the road will be commenced this winter and that several miles of the track may be laid before spring.

THE HUNTERS RETURN.—The hunting party consisting of Dr H H Petrie N H Martin Rev Armstrong A B Atkins, Willard Martin and Shelby Teeters who have been spending several days on Mosby Creek returned Tuesday. They succeeded in killing seven deer. A pretty good haul.

TO EUGENE.—The K O T M degree team of this city went to Eugene Monday, where they assisted in the initiation of over fifty new members in the Eugene Camp. The members of the team were: Messrs J Johnson, J M Sherwood, I H Veatch, R W Veatch, W F Hart, J W Nokes, W W Masterson, W D Garman, J H Garoutte, and Dennis Cooter. The boys are a jolly set of fellows and were having a barrel of fun at the depot before leaving. The Cottage Grove Maccabee lodge has the banner team of the county.

THE CURTAIN LIFTED.—The Martin Opera House was crowded Saturday night to greet the young actors of our little city who compose the C M A lodge in their production of the burlesque play, The Curtain Lifted, or Revealing the Secrets of Initiation. The play was a success in every particular and the boys acquitted themselves very creditably. Space will not permit us to go into details of the play, but the characters of Grand Hinkajink by Chris Emerson; Inkslinger, by Milo Emerson and Willie Green, by Orville Taylor especially deserve mention, while the specialties by Willie Thompson and Pearl Bennett brought down the house.

A SHORT TURN.—There are a number of the Bohemia freighters who are pretty handy at handling four and six-hour teams, but none of them have ever yet been able to make as short a turn as was made on Main street Saturday night by Mr McCoy of Silk Creek with four horses. McCoy's team was standing in front of Hemenway & Burkholder's store and when he went to drive away he got his line crossed and in endeavoring to turn to the left turned his team on the walk and they started to run. Before they could be stopped they had turned the wagon around three times the front wheel acting as a pivot. No particular damage was done, but it is a good thing Mr McCoy has his growth.

ATHLETIC CLUB.—There is on foot a move to establish an athletic club room in the Grove. A joint stock company has been organized and will equip the club room with \$200 worth of paraphernalia for the club provided they can secure thirty members to start with. The building formerly occupied by Jenkins & Lawson's paint shop has been secured and will be fitted up for the club.

Among other conveniences will be a fine set of baths. This is a move that all, especially the young men, should take an interest in. It is an advantage of this opportunity to have a first class club room fitted up in the town. Any person wishing further particulars should call on B K Lawson or Harry Brehaut.

FOOT BALL.—The C M A foot ball team of this city will meet the Eugene High School team on the gridiron in this city Saturday, Oct 26. A good crowd will witness the game.

REVIVAL MEETINGS.—Last Sunday a series of revival meetings were commenced at the C P church by Rev Baker of Texas. Considerable interest is manifested and good congregations fill the church every night.
