

THE MILK PRODUCER'S RESPONSIBILITY.

The dairy industry is a wonderful one, and every farmer should be deeply interested in it. The success of it depends upon him. Science, invention, capital and enterprise have done all they can, and we have come to the point where the future of dairying is in the greatest peril. Competition from every side and the rapid development of the industry in other countries, all point to an increased supply of dairy food in one form or another. In the meantime the foreign demand is along old lines, and mostly confined to England. Most of this progress applies to the dairy product after it leaves the farm not before. There are many producing milk as extensively as ever they did. Beyond the farm a wonderful reduction in expense has taken place in the last few years. Every farmer should study how to reduce the cost of producing milk so that he can defy foreign competition or if this is not done he will be forced to quit the business. If he quits the business and enters some other branch, weather producing meat or grain for the export market, he will meet the same competition. Can he keep on and produce milk at cost, and down to ten and twenty per cent less than cost and make it up by reducing the comforts of modern civilization in his own family?

A large percentage of distress and complaint among farmers is not because of hard times, but because they have not learned the great lesson of the age—cheaper production. The moment the milk leaves the farm, it goes out on a new road where a careful watch is kept on every cent to see that each one does its largest work. Is the farmer doing this with the milk before it leaves the farm? You may have the best cows, but if you do not manage them properly you will fail. You may have good cows and be a skillful feeder, but if you are not a good soil manager and do not grow the milk food crops wisely, then you will fail again. How much does your milk cost per hundred pounds? Every poor cow makes it cost more. The market for butter and cheese does not care what it costs you. The market is only concerned in two things—the amount offered and the quality. Nine out of ten farmers are looking at the market instead of the cost. Just as soon as the farmer produces milk by the acre, will he attain the goal of true profit—a low cost of milk per hundred pounds. Then you will see him looking around for a good cow. He will study scientific feeding, soil enrichment, and the production of the largest amount of the best food possible. Then he need not care for foreign competition, as he could produce milk cheaper than the cheapest.

Pay no attention to the cheese factory or creamery. They are not causes but results. The great question is not what shall we pay for making cheese and butter, nor what shall we get per pound for it, for we cannot raise the great market price a penny.

The above from the Australian Farm and Home applies very completely to American dairymen. The first question is cost of production, then comes market price.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did, says County Physician Geo. W. Scroggs of Hall County, Ga. 'Being a physician I have prescribed it and found it to give the best results. If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst case quickly cured. Benson Drug Co.'

A WARNING AGAINST CHEAP FURNITURE.

It is one of the saddest sights in our modern life to see a young couple, when starting to furnish a home, go out with good money and buy bad furniture. It is positively nothing short of criminal for cheap department and furniture stores to be allowed to sell the furniture which is being offered to-day in our great

cities. Young people are attracted to this rubbish because of cheap prices. Every stick of the furniture offered at these stores is cheaply put together, and by glue and thick coats of veneer they are made only to sell. It barely gets into the new house before it falls apart, and what was thought to be a cheap purchase turns out to be a very expensive investment. It is strange that folks cannot get it through their heads that a bed, a table and two chairs, honestly made, are cheaper at sixty dollars than one of those fearful concoctions known as "bedroom suits" which are sold at forty dollars and eighty three cents—Edward Bok in the November Ladies Home Journal.

Grain-O Grain-O

Remember that name when you want a delicious, appetizing nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 25c per package. Ask your grocer for Grain-O.

As a good deal has recently appeared in print regarding the consumption of sugar in this country, the various sources from which it is obtained, the amount of duty paid thereon, etc., the following facts and figures will, we believe, be of interest to our readers:

"The total consumption of sugar in the United States last year was 2,219,847 tons, and based on the average increase of 0.34 per cent during the past 19 years, the consumption this year should be 2,360,585 tons. Of this quantity 1,000,000 tons in round figures will come from American resources, say Louisiana being able to produce 350,000 tons, United States beet factories 150,000 tons, Hawaii, 350,000 tons and Porto Rico 150,000 tons all being free from duty, leaving 1,360,585 tons to come from other sources and on which duty is paid. The average duty assessed is \$36 per ton, or a total of \$49,818,060. The price of all the sugar consumed however, being enhanced to the extent of the duty of \$36 per ton or a total of \$81,991,060 additional is paid by the people in order to provide the Government with 49 millions for revenue, of which the Government is not now in need. If the duty is taken off Cuba sugar, the benefit of 85 millions goes to the people.

The Home Gold Cure.

An Ingenious Treatment By which Drunkards are Being Cured Daily In Spite of Themselves. No Noxious Diseases. No Weakness of the Nerves. A Pleasant Positive Cure for Liquor Habit.

It is not generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE" which has been prepared after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE THEIR FATHERS! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in tea or coffee and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "HOME GOLD CURE" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effective than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E893 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia. All correspondence strictly confidential.

"I did not sleep a night for seven long weeks."

That prolonged period of sleeplessness is most expressive of the pain and suffering caused by womanly diseases. It is pleasant to contrast the medical inefficiency which said "I could not be cured" with the prompt and permanent cure effected by the use of Doctor Pierce's Favorite Prescription. This great medicine for women establishes regularity, dries enfeebled drains, heals inflammation and ulceration and cures female weakness.

"I take great pleasure in recommending Dr. Pierce's medicine to other suffering women," writes Mrs. Mary Adams, of Grayrock, Ashe Co., N. C. "I had internal trouble very badly until it resulted in miscarriage of the fetus. I did not sleep a night for seven long weeks. The doctors said I could not be cured, but I commenced taking Dr. Pierce's Favorite Prescription and after taking six bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' and three vials of 'Pleasant Pellets' my case was cured. I had told my husband that I would have to die, as it seemed I could not live. He told me to put faith in Dr. Pierce's medicines, for he had cured others and would cure me. So it did, and I thank God and your medicine for saving my life."

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in cloth binding, or only 21 stamps for the paper covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

SUMMONS.

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF LANE.

CLARENCE L. AKERLEY, Plaintiff, vs. LILLIE AKERLEY, Defendant.

To LILLIE AKERLEY, the above named defendant: You are hereby summoned and required to appear and answer the plaintiff's complaint filed in the above entitled court and suit against you on or before Wednesday, the 30th day of October, 1901, and if you fail to so appear and answer said complaint as herein required, for want thereof, plaintiff will apply to the court for the relief prayed for in said complaint, to wit:

For the dissolution of the marriage contract now existing between plaintiff and defendant and for full relief herein. This summons is published for six consecutive weeks by order of Hon. H. R. Kincaid, County Judge for Lane County, Oregon, and the date of the first publication of this summons is August 30th, 1901, and said order is made and entered on the 29th day of August, 1901.

Dated August 30th, 1901.

L. BLUKER, Attorney for Plaintiff.

A Dramatic Treat.

The Fischer Van-Cleve company will be at the Opera House during the week commencing Monday Nov. 4 1901. They have just closed a successful engagement in Eugene playing to packed houses both afternoons and nights. The company consists of 20 people—count them—and carry their own band and orchestra. They carry special scenery for each production and are considered the best popular priced attraction on the road. The opening bill, Jerry, the Tramp is produced in full cast of the complete company. The character of Jerry is portrayed by Mr McDowell. The heavy Jim Blackburn is put on in a masterly way by Qellah Covington. Franc Lee, the disputed child, is a vehicle of attraction that gives Babe Fisher, a 14 year-old miss a chance to display her histrionic ability. Bert Van-Cleve, as Jack Worthington, is a host in himself. The supporting company is cast exceptionally strong Tuesday night they will produce that uproariously funny comedy, The Lunatics, which is built for laughing purposes only. Seats now selling at Goodmans store. 10, 20 and 30 cents—no higher. You will have to hurry.

Recommend it to Trainmen.

G. H. Fausan, Lima, O., Engineer L. E. & W. R. R. writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. I gladly recommend it to anyone, especially my friends among the train men, who are similarly affected." New Era Drug Store.

14 Miles in length of river bed each mile of which contains many millions of gold, situated on the Rio Grande, in Taos Co., New Mexico.

Over 100 Million Dollars For Dividends REAP THE PROOF:

United States Official Report MADE TO Commissioner of the United States, General Land Office, Washington D. C.

by a Geologist and Mining Expert of world-wide reputation, Professor Benjamin Silliman who spent several months there then being connected with the United States Surveying Corps and in his official report says:

"THERE ARE COUNTLESS MILLIONS OF TONS OF RICH GOLD QUARTZ reduced by the great forces of nature to a condition ready for the application of the hydraulic process while the entire bed of the Rio Grande, for 40 miles is a sluice on the bars of which the gold derived from the wearing away of the gravel banks has been accumulating for countless ages and now lies ready for extraction by the most approved methods of river mining. THE THICKNESS OF THE RIO GRANDE GOLD GRAVEL EXCEEDS IN MANY PLACES ONE FEET OR NEARLY THREE TIMES THAT OF THE LIKE BEDS IN CALIFORNIA WHILE THE AVERAGE VALUE PER CUBIC YARD IS BELIEVED TO BE GREATER IN THE NEW MEXICO BEDS THAN IN ANY OTHER SUCH ACCUMULATIONS YET DISCOVERED. I have made a reconnaissance of the whole of this gravel along the Rio Grande and have examined with all the care possible in the time at my command the character of the gravel and its contents of gold. NOTHING I AM PERSUADED SINCE THE DISCOVERY OF CALIFORNIA AND AUSTRALIA IS COMPARABLE FOR ITS MEASURABLE RESOURCES OF GOLD. AVAILABLE by the hydraulic process to the deep placers of the Rio Grande."

Other reports from eminent mining experts of national reputation pronounce the property of this Company the richest and most extensive known.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

Notice of Forfeiture.

To A. J. SMITH—

You are hereby notified that I have expended two hundred dollars in labor and improvements upon the Bohemia Bonanza lode mining claim situated about one and one-half miles south of the "Ridge Hotel", and about two miles north-west of the Helena Mine, in the Bohemia Mining District, in Lane County, State of Oregon, in order to hold the same under the provisions of Section 2324, Revised Statutes of the United States and of the laws of the State of Oregon, being the amount of annual assessment work required to be done for the years ending Dec. 31, 1900 and the year ending Dec. 31, 1901, in order to hold the same.

And if within 90 days after the service of this notice by publication, you fail or refuse to contribute your proportionate share of such expenditure as a co-owner, your interest in said claim will become the property of the subscriber under said section 2324.

Dated this 16th day of September 1901.
