HAWLEY'S LECTURE.—On Friday evening President French of Willamette University read the first of a series of lectures in this city, in the interest of our public schools. He was greeted by a fair sized audience and held their undivided attention for an hour and a half discussing the powers of the Speaker of the House of Representatives. President French has his subject well in hand and imparted much knowledge to his hearers. He explained very simply how legislation is carried on, by means of various committees appointed by the Speaker; the speaker could, in the appointments of his committees discriminate so that it would be impossible for a bill to be reported if it was not harmonious with his views. The majority of people know but little of how matters are carried on by our law makers and those who failed to hear Pres Hawley had a rare treat.

The next lecture will be on March 15, by Prof French of the mouth Training School. His views will be illustrated by stereoscopic views. Prof French has lately returned from an extended trip to Europe which will be the subject of his lecture.

In Memory of
Lula Myrtle, daughter of Mr and Mrs Wm Kirk died Feb 17 1902 age 3 years, 3 mo and 5 days.

One more little lamb is folded,
To its gentle shepherd's breast
One more little rose bud faded,
Ere it bloomed, it sank to rest
Yes; we miss our little Lula
Miss her in her little chair,
Miss her little childish prattle,
Oh! we miss her everywhere.
She has passed beyond the portals
She has entered through the door
Angles guard and keep our darling
Now in Heaven, for ever more.
A FRIEND.

Wayne infant son of Mr and Mrs Thomas Sears died Feb 16, 1902, age 4 months and 7 days.

Another little lamb has gone
To dwell with him who gave,
Another little darling babe
Is sheltered in the grave,
The little crib is empty now,
The little clothes laid by—
A mother's hope, a father's joy,
In death's cold arm doth lie,
God needed one more angel child
Amidst His shining band,
And so He bent with loving smile
And clasped our darlings hand.
A FRIEND.

COFFIN.—At Divide Friday Feb 12 1902, Vivian, the eldest daughter of Mr and Mrs Roy Coffin, aged 7 years.

The cause of the child's death was poisoning of some kind. It was first thought to be from eating canned tomatoes, but that is hardly likely, as the father and mother both ate the same fruit. Two other younger children are also very ill. Mr Coffin had a bottle carbolic acid and also some rat poison at the barn, where the children played a great deal of the time, and thinks perhaps they might have taken some of one or the other of those poisons.

The funeral was held at the M E church in this city Saturday at 11 a m. Rev Eugene Zimmerman preached a very interesting funeral sermon and the choir rendered a number of funeral hymns and the last remains were taken away to their last resting place in the I O O F cemetery.

Mr and Mrs Coffin have the heartfelt sympathy of all who know them.
