April 20, in this city to Robert Martin, a son.

Small Place Sold.
This week Zeno Earl sold his small tract of land on the line of the Cottage Grove-Bohemia railroad about 2 miles from town to Mr George for \$600. This is an evidence of the rise in the price of real estate in this section.

A Serious Accident.
John Rice who lives on the Jones place east of Saginaw met with a very serious accident Sunday. He had the misfortune to have a giant cap and about an inch of powder go off in his right hand. His hand was very badly injured but not so serious as would be expected. He came to town and Dr R B Job dressed the wound and at present is getting along as nicely as could be expected.

The Coolest Place In Town.
The Cash Grocery Company have had a nice sprinkling fountain erected in the front of their store, during the past week, for the purpose of keeping their excellent supply of fresh vegetable. Mr Wheeler shows a taste in keeping his vegetable display in the cleanest manner, possible that speaks well for the Grocery line and we wouldn't be surprised if he doesn't catch even more than his share of the trade and possibly his thrift and industry may charm into captivity some one Cottage Grove's young widows.

Will Advertise the Northwest.
The Portland Board of Trade has decided to issue an 100,000 edition of the Pacific Farmer, which will be sent to the thousands of eastern people who are looking for locations in the northwest. This edition will be made up of agricultural and kindred information and the management of the Pacific Farmer asks that the people of all sections send them any information they may have along this line. Send your communications to the Northwest Pacific Farmer, 162 Second St, Portland Oregon.

Democratic Headquarters.
The Democratic party of Lane county today opened headquarters for the campaign in rooms on the second floor of the Matlock block at Eighth and Willamette streets.
A large sign with the words "Democratic Headquarters," has been hung out and a picture of Geo E Chamberlain, the democratic nominee for governor, is placed beside it.
The office rooms are supplied with campaign literature, and Chairman Matlock of the central committee can be found on hand to make anyone who visits the place feel at home.

Play Ball.
There will be a meeting of base ball enthusiasts at the Sherwood Hotel Sample rooms, Friday evening for the purpose of organizing a base ball team. Let every body who wants to see Cottage Grove have a good team turn out and encourage the boys. The prospects for an invincible team, at present, are very flattering. We now have in the Grove what we have long needed and that is a good pitcher. Mr Lee Henry, who has lately located here, is the very man base ball players in this place have long been looking for. With the service of a good man in the "box" Cottage Grove can put out a strong team. Among those who are talked of for positions on the team are: W McFarland, Lee Henry, Chas Monroe, Geo McQueen, Mr Rainey, L R Long, T M Medley, C W Wallace, Chas Dutton, Robt Blair, Chas Cochran, A G Young and others.
Now is the Grove's opportunity to have a good ball team and let every body stand behind them and give them all the encouragement possible.
