COMING AND GOING

Now that our business is spreading out and increasing, it is impossible for us to land a full car load of instruments at Roseburg at one time. Our last car load was distributed, commencing at Portland; some went to Bandon, some to Jefferson, some to Roseburg, some of them we landed at Cottage Grove where we are doing an exceedingly fine business, disposing of instruments including a fine Chickering, three Kinballs, a fine Whitney and two of cheaper makes. Cottage Grove is in a very prosperous condition and the people are using good judgement in buying the very best pianos on the market, knowing that the best is always the cheapest. Our next car load will arrive in about six days. This lot will be distributed at Roseburg as we have nearly one-half this lot already engaged at different points; now that the roads are getting in good condition we will be able to make our country deliveries in a short time. K N Wonnacott the popular organ man, is now busy making deliveries and calling on his old friends. Miss Foreman, our sales lady, has been very successful in the sale of pianos, and especially the Whitney, as it is a favorite of hers, and it makes friends wherever it goes. The stock we have on hands will be closed out in a very short time as we have put the prices away down. We are also representatives of the Eiler's Music House, Portland, Ore. Don't fail to go see Eiler when you go to Portland. Nellie Wills Buchanan is also representing the Eilers and is making the agencies along the line pleasing calls. She is a very fine musician, and is entertaining her many friends in our store rendering fine selections every evening from 8 p m to 4 p m.
