Now for the Celebration.

Cottage Grove is the liveliest town in the valley.

Tracy and Merrill should be labled "well shaken before taken."

The official count has been completed and Chamberlain is elected governor by 256 majority.

Now is a good time to clean up the streets, alleys and back yards and let the town present a neat appearance on the Fourth.

Tracy and Merrill could win a foot race at almost any fourth of July celebration. Their competitor would probably run the wrong way.

It was Eastern Oregon that defeated Furnish for governor, and after all the hue and cry that "Eastern Oregon wanted and must have the next governor."

The per capita circulation of the United States is now estimated at $28.54. It would be something more than that if the Morgans, Rockefellers, and others of that trust order did not have such big slices cornered.

Beyond all doubt the 200 leading trust magnates of this country are unanimous in agreeing with republican machine organs that the Dingley tariff is "the best tariff the country every knew." The opinion of "the country" on this point, howhever, is likely to be at variance with that of the trusts.

The Oregonian abuses Simon and Geer for the defeat of Furnish, and in the same article says had Simon controlled the republican stae convention, the other unsuccessful faction would have caused a more disastrous defeat. It is a crime for Simon to do the thing which the Oregonian regards as a virtue with its own faction.

Friends of the isthmaian canal in congress are simply wasting their time trying to get a bill through this congress. They could acomplish vastly more by introducing a bill for a government owned and operated railroad between the two princieal ports of the country—New York and San Francisco. Such a measure would draw away the fire of the railroad lobby.

Oregon is on top as usual. The final reports of the committee on awards for the Charlston Exposition give Oregon and Oregon exhibitors a large percentage of medals and premiums than any other state. The list includes one diploma of highest rewar, 64 gold medals, 55 bronze medals and 90 diplomas of honorable mention—a total of 253 medals and diplomas. Hurrah for Oregon!

The bill for pensioning the Indian war veterans, which passed the Senate yesterday and goes to the President for its approval, is a tardy recognition of a class of men to whom civilization owes a large debt.

It comes to late to the many who have passed the Great Divide, but will come to the survivors as a late benediction of their country. The pension itself will hardly be appreciated as much as the recognition it involves of the value and patriotism of the services rendered long ago by these hardy soldiers of the frontier.

Try advertising as a prentative of summer dullness.

Tracy and Merrill are it and the sheriff and posse are after it.

An automobile is just as useful as a horse, and far more easily broken.

Filthy Temples In India

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it, Cleanse your system with Dr King's New Life Pills and avoid untold misery. They give lively livers active bowels, good digestion, fine [illegible] drug store.

Each merchant should have something that would appeal to the average taste and should tell the average man how perfectly it is suited to his needs. It may be he had not thought before that he might need that which was suggested. The only way to insure his interest is to make that interest, if possible, and then convince him of the ability to supply the need. Education makes the customer and logic shows him the way to supply his desires.

A Real Friend

"I suffered from dyspepsia and indigestion for fifteen years," says W T Sturdevant of Merry Oaks N J "After I had tried many doctors and medicine to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good, I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the aid. Benson Drug Co.

Now that a man has been seriously wounded by being mistaken for one of the escaped convicts, it is likely the chase after Tracy and Merrill by inexperince excitable men will be abandoned, and will be taken up by few men of experience who will run the criminals down and capture them either dead or alive. So far as the chase after the escapes has been conducted in such noisy manner that they could elude their pursueas. Whenever it is turned over to a few men who will go on a still hunt capture is possible.

Spring Fever

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little early Risers remove all danger by stimulating the liver, opening the bowels and clensing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years" writes R M Everly, Moundsville, W Va. "They do me more good than anything I have ever tried. C V Galloway, elected to the legislature on the democratic ticket from Yamhill county, is the youngest member of that body, being 23 years old. He is a son of Hon Wm Galloway, receiver of the Oregon City land office.

Saved From an Awful Fate

"Everybod said I had cosumption" writes Mrs A M Shields of Chambersburg, Pa, "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr Kings's New Discovery for Consumption, used it, and was completely cured." Young man attention! Dost thou go around the land at night and rush the growler and perambulate with the feminine? Dost thou whooper up with the boys and finger the substance of the jackpot, and plant thy shekls against the every-slippery finger. Dost thou puff a 2-cent cigar or pull the deadly cigarette, and hast thou lost thy grip on ways that are right and wisdom which is good in the world? Verily thou are in a very bad row of stumps. It will not be long ere known in the land no more. Thine heels will fly up and thou will fall in the soup. Keep thine eyes on thy gun and monkey not with the juice of the jag. Stand clear of the man with the aces and in the ripening years of life thy pocket will be full of the fruit of the earth while the who mind not these commandments are partaking of the lunch that is free.

The Shaniko Leader, republican, takes the following manly view of the election of Hon Geo E Chamberlain:

"The people on last Monday by a decisive majority elected Hon Geo E Chamberlain, the democratic nominee, as governor of Oregon for the next four years. We frankly confess his election was not our personal choice, but the majority of the voters of the state said he was theirs, and as one of the minority we bow in humble submission to their verdict and acknowledge him as our governor. We fully believe Mr Chamberlain will make Oregon a first class executive as he is a man of great popularity with the messes of the people, ever looking to their interests and championing their cause. Mr Chamberlain is a man that is fearless and outspoken and will condemn wrong wherever found, and during his political as well as civil career, he has ever been found worthy of every trust and confidence reposed in him.

"Never open your morning mail at the breakfast table," said a Philadelphia physician. "That is an evil habit, and one that is sometimes responsible for disease. Letters you must know, are tremendous germ-carriers. The licking of the flap of the envelope and of the stamp often entails the presence of thousands of germs. These when letters are laid upon the table, may get into the food, for they are nearly all food bacteria; you may swallow them, and thus lay yourself open to many kinds of trouble. Open your mail, therefore, anywhere but in the dining room."

Governor Geer has appointed the following persons to serve as members of the board of regents of the Central Oregon State Normal School at Drain:
