

The weather during the past week was dry and very favorable for the growing crops. The days were moderately mild, but the nights were rather too cool for the rapid advancement of corn and gardens.

Wheat, oats and barley are heading under very favorable weather conditions and there is hardly any doubt but the wheat crop this year will be as good as last year's crop, notwithstanding the damaging freeze in January.

Haying is now well started in the western portion of the State, and a good first cutting of alfalfa is being housed in excellent condition. For some unexplained reason, the crop of timothy is not as heavy as usual, but clover hay will amount to more than an average crop. Range grass continues good and stock is generally fat. Sheep-shearing is practically done and the late reports indicate that the clip will be above the average in quantity about the average in quality.

Hops are doing splendidly and no complaints are made of lice. It has been too cool for corn, but the plant is thrifty and its cultivation is general. Potatoes and gardens are backward, but otherwise promising. Fruit continues dropping in many sections, and cherries will probably no amount to more than half a crop. Strawberries are plentiful and the indications point to good crops of blackberries and raspberries.

REDUCED RATES TO THE EAST

Those contemplating an eastern trip will be interested to know that there will shortly be on sale greatly reduced rate tickets in connection with the Rio Grand System, the famous "Scenic Line of The World."

This line offers its passengers a most delightful and comfortable journey to all eastern points.

It is the only line passing directly through quaint and picturesque Salt Lake City "The City of The Saints," Glenwood Springs, Leadville, Pueblo, Colorado Springs (where a side trip may be made to the Garden of the Gods and the summit of Pikes Peak over the cog-wheel railroad), and Denver, the queen city of the inter-mountain region. Stop-overs are allowed on all classes of tickets.

Three daily express trains make close connections with all trains east and west and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars—each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the Continent can be found than this is provided by these excursions.

Two special train loads of Mystic Shriners and their ladies passed through the Grove Monday morning enroute for Portland and other northwestern points of interest. There were some swell coaches on the trains and no doubt the tourists enjoyed their western trip immensely.

Medford Oregonian: Crater Lake is beginning to boil and steam, according to reports of recent arrivals. Although none of those interviewed have seen the lake itself, they claim that clouds of steam could be seen ascending from where the lake is located. As the volcanic eruptions of Pelee have already kindled so many fires in other craters, some believe it may be responsible for the boiling of Crater Lake, if reports are true.

ARE YOU DEAF?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERNER, OF BALTIMORE, MARYLAND.

Confession:—Being entirely cured of deafness, thanks to your treatment, I feel a full history of my case, to be read at your discretion. About five years ago my right ear began to ring, and this kept on getting worse until I was almost deaf. For three months, without success, I consulted a number of physicians, among others, the most eminent ear specialist of this city, who only an operation could help me, and even that, only temporarily. But the deafness was not the hearing in the affected ear could be lost forever. I then saw your advertisement, and at a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and my hearing in the deafened ear had been entirely restored, heartily and long to remain. Very truly yours, F. A. WERNER, 730 S. Broadway, Baltimore, Md.
