

Humors

They take possession of the body, and Lords of Misrule. They are attended by pimples, boils, the sour letter, salt rheum, and other cutaneous eruptions; by feelings of weakness, apathy, general debility and what not. They cause more suffering than anything else.

Health, Strength, Peace and Pleasure require their expulsion, and this is easily effected, according to thousands of successful testimonials, by

Wood's Sarsaparilla
which radically and permanently drives them out and builds up the whole system.

Her Spring.
"If man sprang from a monkey, what woman spring from?"
"Don't know."
"Why, a mouse."

Always in Trouble.
"What is she worrying about?"
"Because she can't think of anything to worry about."

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has become poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system is the effect of this acid poison; and until the blood has been purified and brought back to a healthy condition will ache and pains cease.

Mrs. James Keil, of 707 Ninth Street, N. E., Washington, D. C., writes as follows: "A few days ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I was completely prostrated. The attack was unusually severe one, and my condition was regarded as being very dangerous. I was attended by the most able doctor in Washington, who is a member of the faculty of a leading medical college here. He told me to continue his prescription and I would get well. After having it filled five times without receiving the slightest relief, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) I procured a bottle of S. S. S. (Swift's Specific) and commenced for Rheumatism. I decided, almost despairing however, to give the medicine a trial. After I had taken a few bottles I was able to get around on crutches, and very soon thereafter had no use for them at all. S. S. S. having done me good and well. All the distressing symptoms have left me, my appetite has returned, and I am happy to be again restored to perfect health."

SSS is the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or narcotics in it to disturb the digestion and to ruinous habits. We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of its kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

Mitchell Wagon.
Best on Earth—
Because it is made of the best material possible to buy. The manufacturers absolutely pay 25 to 35 per cent above the market price of best quality of wagon timber for the privilege of cutting over and skimming off the cream of the wagon stock, which is carried for 2 to 3 years before making up, which means an investment in wood stock of nearly one million dollars. MITCHELL Wagons are unsurpassed for quality, proportion, finish, strength and light handling. Why—take chances on any other? Why—not get the best?—A MITCHELL.

STARS OF OUR FLAG

The New Arrangement is Commemorative of Many Great Historical Events...

NEW ARRANGEMENT OF THE STARS OF THE AMERICAN FLAG.
THE lack of symmetry and historical significance in the arrangement of the stars on the blue field of the American flag has for years been a subject of comment among observing patriots. Many men have given much time to a plan of placing the stars in some design which would appeal to the people of the country, but all have failed in evolving anything satisfactory until the design which J. R. Stahlnecker of Silverton, Colo., has worked out was submitted to Congress. Mr. Stahlnecker's plan is pictured above. He worked on the idea fourteen years before he was satisfied with it. The work has required more thought and study than would appear necessary at first to most people. But it was no easy matter to take a given number of stars and get out a design which would commemorate the great events in the history of the country and yet attain an artistic and symmetrical effect.

In Mr. Stahlnecker's plan, the center group of thirteen stars represents the thirteen original States at the time of the adoption of the Constitution. Around this group, in a circle, are twenty-three stars which represent the States which were admitted between that time and the close of the Civil War, the group of thirteen and circle of twenty-three together representing the great seal of the United States. These three great features are to be unchanged by any following events. The first event brought the flag into existence, the second made the life of the nation more secure, and the great seal is indissolubly connected with both.

The stars outside the circle of twenty-three represent the States which were admitted between the close of the Civil War and the Spanish-American war. This places two in each of the four corners and one midway on each side, the design as a whole representing the union of States as they are at the present day. As New Mexico, Arizona, Indian Territory and Oklahoma come in, their stars may be placed in the extreme corners. Then, if Hawaii and Alaska are in time, also admitted, their stars may be placed midway on each side of the field, making an outside ring which, with those recently admitted and with the four territories which ask admittance, will inclose all the rest, making the whole design beautiful, historical, symbolical and symmetrical.

PRESIDENT ROOSEVELT'S CHURCH AND ITS PASTOR, REV. DR. SCHICK.

THE new Grace Reformed Church, now in process of construction, will be finished about Dec. 1, at which time it is expected that President Roosevelt will have returned to Washington for the resumption of his strenuous duties as the head of the American nation. This is the church in which the President worships, and it was he who laid the corner stone of the new building on July 1. The new edifice will be of Gothic design, the material of Cleveland Lower Canon gray stone, and the auditorium will have a seating capacity of about 600. The newspapers always refer to this little church as the Dutch Reformed, but, according to the pastor, Rev. John M. Schick, this title is erroneous. He says this his church is properly described by the term "Grace Reformed," and that if it have any national origin at all it is German rather than Dutch. It is a differentiation from the Lutheran churches in that its underlying spirit is republicanism, whereas that of the Lutheran churches is monarchic. Dr. Schick is a pleasant

gentleman, rather under than over the medium height, and possesses the serenity which learning and experience give to the professional man. He is now an intimate of the Roosevelt family and is often a guest at the Sunday night suppers in the White House, to which the President loves to invite those who are especially congenial with him in their views of life and work.

GRACE MEMORIAL CHURCH.

MACHINE MADE TORCHON LACE.

Austrian Invention Imitates Hand-Made Product.
Some fair imitations of hand-made lace are already manufactured by machinery. A recent invention by an Austrian named Matitsch renders it possible to reproduce one more variety, known as torchon lace. The real article is a moderately coarse but pretty lace and is used on garments which it is desirable to put through a laundry.

Herr Matitsch, after being associated with the lace industry in Vienna and inventing a machine which did not give satisfactory results, went to Nottingham, England, where he perfected the model in 1899. It was then necessary to make the jacquards for each pattern that it was desirable to produce. This part of the work was performed upon the inventor's return to Vienna. Hitherto it has been necessary to have a separate machine for each design. With the Matitsch machine it is only necessary to substitute one jacquard for another, as in weaving cloth.

The inventor does not intend to organize a company to make lace, says the New York Tribune, or even the production of more machines. He has already put nearly \$100,000 into his experiments and is now looking for a company to buy his rights. The Nottingham lace manufacturers profess not to be disturbed by the prospect of competition and say that the Matitsch machine will injure French manufacturers chiefly. In Vienna the papers think that a new era in lace making is ahead.

Most good doctors are homely.

The Prince and the Painter.

When King Edward was still Prince of Wales, he sat to Julian Story for his portrait. The Prince could give the painter but a short time, so Mr. Story worked at high pressure. A little incident given on the authority of the London Chronicle exhibits the manly sympathy of the present sovereign of England.

While the Prince walked back and forth at intervals to rest, the painter worked at the background, never putting down his palette. The result was that his thumb went to sleep. Toward the end of the sitting the painter was pulling his thumb to get the blood into circulation, when his royal sitter saw and sympathized.

The next day, when the Prince came for a second sitting, he said:
"I didn't sleep very well last night, and I thought of you. I was worrying about your palette. Couldn't you have the thumb-hole padded?"

Long-Felt Want.
Green—Congratulate me, old man! My fortune is made.
Brown—Come on with the explanation.
Green—I have discovered a new kind of cloth for cheap clothing that will fade alike all over.

He Served Two Masters.
Husband—Hurray! My employer has given me a week's vacation.
Wife—How nice! Now you can take down the stoves, clean out the cellar and whitewash the kitchen.—Chicago News.

The water invariably escapes when it is only half tide.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:
BALTIMORE, Md., March 30, 1907.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
