Cottage Grove, Or. April 3rd E R SKIPWORTH, Attorney for the Estate. CATHERINE A PERKINS, J P CURRIN Administrators of the estate of J H Perkins, deceased.

THE MYSTERY OF A SPIDER'S SPINNING.

How does a spider spin a thread from one bush to another at a height from the ground and then draw it so tight? asks a correspondent in the New Century. Everyone who has ever walked through a country lane early in the morning has felt the strained threads upon the face, and often these threads are many yards long, but the way in which it is done remains a mystery. He does not fly across, drawing the thread after him for he has no wings. Neither does he descend to the ground and then climb the opposite bush, for this would lead to immediate and nopeless entanglement of the gossamer filament. How then does he do it?

M Favier, a French scientist, has discovered that a thread, one yard long, will support by its own buoyancy in the air the weight of a young spider. It would thus be in the power of a juvenile to spin a thread of that length and trust to air currents to carry it across and attach it to an opposite bush so that he himself could then pass over and draw it tight. But many of these threads, to judge from their strength and consistency, are not the work of young spiders, and, as every observer knows, they are often many yards long and drawn so tightly that the face is instantly aware of

in the night time, so that observation is difficult.

If the spider had any human nature in his make-up—and many of his habits would lead us to suppose that he has—he would be gratified at the perplexity which he causes and would advertise his performances as zealously as to do less gifted human gymnasts and even some popular preachers.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life 18 miles to get Dr King's New Discovery for Consumption, Coughs and Colds, W H Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at J P Currin's drug store.

Robbery at Creswell.

Burglars made attempts, Saturday night, to enter and rob the Creswell stores. From reliable reports we learn that sometime during the night burglars entered the general merchandise store of Hazelton and carried the cash register out to the lumber yards of the S P Co and there tried to force it open but probably becoming scared they gave up the attempt. As there was only a very little small change in the register at the time so that had they got the money the greatest damage would have been the injury to the register. However failing in this they next broke into Valkmire's drug store and succeeded in getting forty cents out of the till. They then tried to pry open the windows of Webber's general merchandise store but in this attempt they failed to gain entrance.

TROOPS TOLD TO SHOOT TO KILL.

TAMAQUA, Pa. Aug 30.—Strike leaders went from door to door in the Panther Creek Valley last night spreading the news of Gen Gobin's stern warning and his instruction to the troops to shoot to kill if molested in any manner, and this morning the troops escorted several hundred nonunion men to work without being molested in any way. Companies E and F went out at day-break with their guns loaded and their best marksmen on the flank. When the soldiers passed, the crowds in the streets deliberately turned their backs on them. However, there was no hooting and jeering.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J C Phillips, Paris, Ill. DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Sold by Benson Drug Co.

THE PRESIDENT BADLY HURT.

Carriage. Instantly Killed a Guard.

LENOX, Mass, Sept 3—President Roosevelt had a very narrow escape from death to day while riding in a carriage with Governor Crane of Massachusetts.

The carriage was struck by an electric car which was running at a speed of thirty miles an hour and overturned.

President Roosevelt received a scalp wound and was otherwise severely bruised.

Governor Crane was also injured though not seriously.

Guard Craig accompanying the party was instantly killed. Other guards were injured so it is thought they will die.

Killed by a Falling Tree.

A sad accident occurred in Balderee's logging camp a few miles from Gardner Tuesday morning, August 26; by which Joseph Lloyd, of Point Terrace, was instantly killed.

The men were at work with a donkey engine hauling logs and instead of all following the same track, occasionally a log would slide behind a tree, making it necessary to unfasten the chain and take a new hitch. One had just been caught in this way and Lloyd, accompanied by the hooktender, went to it for the purpose of loosening it. The other men noticed that the tree around which the chain was wrapped, was falling and shouted to warn Lloyd and his companion. The latter lay down beside the log and was unhurt, but Lloyd attempting to run out of the way of the danger, was caught by the tree and instantly killed.

BANNER SALVE
the most healing salve in the world.

Upland Birds Scarce.

Sportsmen are beginning to take interest in the upland birds, and have been looking about to learn if they will be plentiful this fall. The open season does not begin for a month yet, but it is with some disappointment that reports are received of a great scarcity of birds in this county. From nearly every direction the reports are the same. Where in years past Chinese pheasants have been very plentiful, now only a few are seen. There are two reasons for the scarcity. First, the birds were killed off very close last fall, and second, the wet weather of the past spring killed off many of the young ones as soon as they were hatched.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W A Geer, McConnellsville, O., "for piles, and Fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Bruises, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at J P Currin drug store.

A \$400 Gift for Children at Portland Carnival.

Children's day at the Portland Elks' Carnival will be September 12, the last day but one of the great street fair. On that occasion a pretty Shetland pony, with an up-to-date cart and harness, will be given away to some lucky boy or girl who is present. The pony has been given by Dr W A Wise and the cart is from Studebaker's. Besides this equipment, it is probable that a saddle, together with a handsomely embroidered saddle-cloth, will be given with the pony. Prize baby day will be September 5.

A Noltner, the veteran democratic editor, has sold his Portland Weekly Dispatch subscription list to the Portland Journal and will cease publication.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50c and \$1.00.

Word From John Hicks.

Word was received today from John Hicks, better known as Jack, who in company with James Hart left the Grove about 3 months ago to accept a contract of crosscut tunneling at the Rainbow mine. Jack says that they are getting along fine and that it will take them until about Xmas to complete their contract. They expect to stay in the mines all winter. Everything is their way. He says it is a fine country around and mostly settled with Indians. Their nearest post-office is Drew Ore. We wish them success and glad to learn that they are doing well.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. Sold by Benson Drug Co.
