

Attend the State Fair To Be Held at Salem
September 15-20th, 1902.

Take a few days after haying and harvesting, and go away for a change of scene and air. Too few farmers and farmer's wives take any vacation during the year. There is nothing so good as a change of living and a few day's rest to brace one up, both physically and mentally.

Most of the large city business houses give their employes one or two weeks vacation during the year, and they find it pays well in the better health of their men and greater interest taken by them in their duties.

A weeks rest attending the state fair is both educational and recreative. The exposition building will be filled with the finest exhibits of the farm, field and orchard. The live stock shows will surpass anything of the kind ever given on the coast, and no progressive farmer can afford to miss seeing the possibilities of improved breeds and breeding.

Good racing every afternoon between the fleetest footed racers on the coast, good music and high class entertainment in the evening.

Reduced rates will be made by the Southern Pacific for the occasion. Ask your agent for full information.

Lorane Fair.

I P Inman, the Lorane merchant and postmaster, informed the LEADER that elaborate preparations are making for the Lorane fair and agricultural exhibit which takes place on the 8th and 9th of October. It is confidently expected that the affair will eclipse the best of its predecessors.

Besides the good natured competition amongst well known farmers in the matter of gathering together excellent exhibits of agricultural products, the social phase of the fair will be of more than the usual excellence.

The Eugene orchestra has been engaged to assist local talent of that place in giving an entertainment on the first evening of the fair. They will also assist the Crow band in furnishing music during the two days. On the second and last night of the fair the orchestra will give a grand ball.

Never before in the history of this annual event has so much interest been manifested, and the directors are looking forward to a large gathering of people from all parts of the country.

BOARD OF DIRECTORS.

The board of directors are: Mrs S G Lockwood, president; Miss Mildred Lockwood, secretary; George Landrith, treasurer.

Executive committee—I P Inman chairman; W B Hawley, M B Stone, P F Davis and J H Crow.

Foot Badly Mashed.

Louis Wilson, employed in the Booth-Kelly Lumber Co's logging camp east of Saginaw, met with a painful accident Wednesday forenoon. He was chopping a log when it swung around and rolled on his left foot, severely crushing that member. He was taken to Eugene on the afternoon train and was driven to the hospital where the injury was dressed.

ABOUT PIANOS.

Those who know the least about a piano are generally the ones who have the most to say, and the quality of the piano in their estimation depends mostly on the commission they received from the different dealers. If people would judge pianos a little more by the actual output of the factory, they would judge nearer right. For instance the Chickering piano company puts out 5,000 pianos annually. Steinway & Sons 4,000. Needham Piano Co 2,500 annually a good showing with all the high grade instruments. Jacob Doll 7,500. Schulz 2,500, and the Trobridge Piano Co not incorporated puts out 800 annually. The Kimball pianos have more endorsements by the leading musicians of the world than any other piano manufactured. The above figures are taken from the piano purchasers guide, published by the music trades Co. N. Y.
