

PE-RU-NA NECESSARY TO THE HOME

A Letter From Congressman White, of North Carolina.

PE-RU-NA IS A HOUSEHOLD SAFEGUARD.

No Family Should Be Without It.

Peruna is a great family medicine. The women praise it as well as the men; it is just the thing for the many little catarrhal ailments of childhood. The following testimonials from thankful men and women tell in direct, sincere language what their success has been in the use of Peruna in their families:

Louis J. Scherrinsky, 103 Locust street, Atlantic, Iowa, writes:

"I will tell you briefly what Peruna has done for me. I took a severe cold which gave me a hard cough. All doctors' medicines failed to cure it. I took one bottle of Peruna and was well."

"Then my two children had bad coughs accompanied by gagging. My wife had stomach trouble for years. She took Peruna and now she is well."

"I cannot express my thanks in words, but I recommend your remedy at every opportunity, for I can conscientiously say that there is no medicine like Peruna. Nearly everyone in this town knew about the sickness of myself and family, and they have seen with astonishment what Peruna has done for us. Many followed our example, and the result was health. Thanking you heartily, I am."—L. J. Scherrinsky.

Mrs. Nannie Wallace, Tulare, Cal., president of the Western Baptist Missionary society, writes:

"I consider Peruna an indispensable article in my medicine chest. It is twenty medicines in one, and has so far cured every sickness that has been in my home for five years. I consider it of special value to weakly women, as it builds up the general health, drives out disease and keeps you in the best of health."—Mrs. Nannie Wallace.

tarrh of the stomach, liver and kidneys. It is just as sure to cure a case of catarrh of the bowels as it is a case of catarrh of the head.

Congressman George Henry White, of Tarboro, N. C., writes the following letter to Dr. Hartman in regard to the merits of the great catarrh cure, Peruna: House of Representatives, Washington, Feb. 4, 1899.

The Peruna Medicine Co., Columbus, O.: Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very Respectfully, George H. White.

Peruna is an internal, scientific, systemic remedy for catarrh. It is no palliative or temporary remedy; it is thorough in its work, and in cleansing the diseased mucous membranes cures the catarrh.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Pharaoh's Fate. The Pharaoh of the Book of Genesis was long supposed to have been drowned in the Red sea, but examinations of his mummy showed that he had been killed by having his skull split open.

Changed His Mind. "I don't care if I die," said the patient, despondently. "Oh, you may linger several weeks!" replied the physician comfortingly. "Great Heavens!" exclaimed the man, who had visions of a prodigious doctor's bill: "in that case I'll get well at once."—Ohio State Journal.

Dead Man's Check Refused. A few days ago a man presented a check to William H. Rogers, cashier of the Nassau bank, demanding payment. "But I can't pay that," said the cashier; "that man's dead." "But," protested the holder of the check, "he was alive when he signed it." And, in face of all Mr. Rogers' explanations, the man left the bank convinced that he had a grievance.—New York Times.

SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.

GEORGE W. PERKINS. Remarkable Financier Who is Morgan's Right Bower.

When J. Pierpont Morgan returned recently from Europe and was besieged by the reporters who piled him with all manner of questions, he waved them aside with the command, "See Perkins."

The two words from the lips of the financial giant made Perkins famous and turned the eyes of the public toward him. It perceives in him a young man remarkable for his knowledge of finance and his power in the circle of the money kings. As the right bower of Morgan, he is of much importance in the financial world and his personality possesses general interest.

Perkins is 40 years old. When he was 15 he went to work in the office of one of the great life insurance companies in Chicago. As soon as he demonstrated fitness for the position he was made a bookkeeper, then cashier, next solicitor and finally director of various important agencies. The president of the company was so impressed with his ability that he had created for him the position of third vice president of his company. The attention of financiers was attracted to him when he negotiated a loan of \$10,000,000 for the Russian government. It was the first loan the Czar's financiers had ever been able to obtain in this country, and the confidence which men of means had in Perkins enabled him to get the money. It was some time after this that he entered Morgan's firm and is now the confidant of the man whom the rulers of Europe have lately studied. His income is said to be \$300,000 annually.

ORONHYATEKHA, CHIEF RANGER. Full-Blooded Mohawk. Heads Independent Order of Foresters.

At the session of the High Court of Ohio Independent Order of Foresters in Cincinnati Oronhyatekha, M. D., Supreme Chief Ranger of the order, was a conspicuous figure.

Dr. Oronhyatekha is a full-blooded Mohawk Indian, and is considered the most remarkable member of his race in the world. He has been the head of the Foresters for twenty-one years, and is besides a Mason of high degree. An orator of note, and possessed of fine intelligence, Oronhyatekha, when a Mohawk chieftain, living with his tribe, gained distinction.

He made the address of welcome for the six allied Indian nations to the Prince of Wales at Brantford, Canada, in 1890. So impressed was England's present King with the eloquence of the young Mohawk chief that upon his return to England he was accompanied by Oronhyatekha, whose expense in the study of medicine he paid.

Oronhyatekha is probably the only American for whose education England's monarch paid.

A HOUSE BALLOON.

Newest of the ideas in airships is that patented by a Chicago man—Peter Samorski. It is a sort of house balloon, the upper part being occupied by a gasbag, while the lower portion provides comfortable accommodation for a family. In the rear is a great rudder and also a propeller, while the top is a raised enclosure for observation purpose in pleasant weather. On top, too, there is a sail, but the machine depends for propulsion upon a large gas machine, which is concealed in the interior.

Eyes of an Ostrich.

An ostrich can see all around him without moving his head. A person standing behind an ostrich can see the pupils of the fowl's eyes, and, of course, he is seen by the fowl.

Friendly Tip. Homer—I don't know what on earth I am going to do with that boy of mine. He's the biggest liar in seven states. Nextdoor—Oh, don't let that worry you; when he is a little older you can get him a job in the government weather bureau.—Chicago News.

Then He Went. "Do you know," remarked the young man, as the mantel clock indicated 11:30 p. m., "that of all the songs I ever heard, my favorite is 'Home, Sweet Home?'"

"Indeed?" rejoined the fair girl, as she endeavored to suppress a yawn, "I never would have suspected it."—Chicago News.

A Study of Society. "Don't ye subscribe till the doctrine that all men is born equal?" inquired Mr. Dolan.

"O! do not," answered Mr. Rafferty. "My big Dinny weighed several pounds more at the start than your son Miles. If any altercation could have come up between the infants, Dinny wor bound ty git the best iv it."—Washington Star.

His Real Grief. "It's a great comfort to me, doctor," said the bereaved wife, "to know that you are made sad by my husband's death."

"Yes," said the physician reminisciently, "he was good pay."—Ohio State Journal.

No Satisfying Her.

"Women are hard to understand." "Think so?" "Yes; I told her she carried her age well and she was offended." "You don't say?" "Yes; and then I told her she didn't carry it well and she wouldn't speak."

What Did He Mean?

She—Good-bye! Remember me to your wife. She hasn't forgotten me? He—Oh, no! She has an excellent memory for old faces!

Best on Earth—

Because it is made of the best material possible to buy. The manufacturers absolutely pay 25 to 30 per cent above the market price of best grades of wagon timber for the privilege of cutting over and skimming off the cream of the wagon stock, which is carried for 3 to 5 years before making up, which means an investment in wood stock of nearly one million dollars.
