

**Lorane Holdup.**

The people of Lorane are not only abreast of the times in the matter of agricultural fairs, carnivals and all other up-to-date matters of progress but have also begun to experience some of the unpleasant features of metropolitan life. The latest thing in this line reported is a genuine hold up. A young man by the name of Chester Jones, who had been at Junction on business, came up on the overland to Comstock Saturday evening where he expected to walk to Lorane, Sunday morning. This fact he had incautiously made known to a fellow in Junction, of whom he had purchased an umbrella and to whom he had even more foolishly exhibited a hand full of gold and smaller change in paying for the umbrella. After he got on the train he noticed the fellow was also aboard who explained that he was coming to Cottage Grove. When near Comstock however the man was still on board, so becoming suspicious that he was being followed, Jones concluded to ride on to Anlauf where he took the wagon road afoot for Lorane. He had proceeded but a few miles when he regretted his imprudence in displaying his money and making known his destination for, quickly springing from behind a tree, the foot pad shoved a gun in his face and commanded "hands up." This was to much for young Jones and up they went but in doing so he managed to grasp the fellows gun which was discharged the ball going through his hand and thence through the collar of his coat. Realizing he was up against it in dead earnest he grappled with his assailant and they fell to the ground and more by good luck than any rational prowess of his own he managed to get the gun when he sprang up and was soon safely away at a good distance from his newly made acquaintance. Mr Jones then proceeded to hit the high places until he reached Lorane where he had his wound dressed and gave the story of his experience.

The young man is said to be of good character and his report of the occurrence and the disheveled condition of his clothes and other marks of violence are generally believed by all who know him and while he never lost his money he was also perfectly satisfied to get away as easily as he did and says he had no desire to attempt to accomplish the foot pad's capture.

**ABOUT PIANOS.**

Those who know the least about a piano are generally the ones who have the most to say, and the quality of the piano in their estimation depends mostly on the commission they received from the different dealers. If people would judge pianos a little more by the annual output of the factory, they would judge nearer right. For instance the Chickering piano company puts out 5,000 pianos annually. Steinway & Sons 4,000. Needham Piano Co 2,500 annually a good showing with all the high grade instruments. Jacob Doll 7,500. Schulz 3,500, and the Trobridge Piano Co not incorporated puts out 800 annually. The Kimball pianos have more endorsements by the leading musicians of the world than any other piano manufactured. The above figures are taken from the piano purchasers guide, published by the music trades Co. N. Y.

**We Have Not Got Into The White House Yet**

But we are getting very close to it. The late Vice President Hobart used in his residence a Needham piano, and Crvil Dodge secretary for Binger Herman bought a piano from us. Next week you can see a letter in my show window which ought to be proof of the above fact. Mr Frank Jordan of this city, purchased from us a fine Chickering piano. Best in the world. And Mr and Mrs Collins, of Saginaw secured one of our fine Colonial style Needham, a beauty. I can safely say that there is no better upright piano made than the Needham. We also carry some other high grade pianos, and some as low as \$150 on terms to suit. Organs at all prices. From \$16 up to \$100, Reasonable discount for cash. Call at our store in Cottage Grove, Get our prices than a piano or organ, and be happy.
