

GOVERNOR OF OREGON

Uses Pe-ru-na in His Family For Colds and Grip

CAPITOL BUILDING, SALEM, OREGON.

A Letter From the Executive Office of Oregon.

Peruna is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Pe-ru-na as a catarrh remedy are pouring in from every state in the union. Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest.

The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the preacher—all agree that Pe-ru-na is the catarrh remedy of the age. The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony.

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well nigh universal; almost omnipresent. Pe-ru-na is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Pe-ru-na not only cures catarrh, but prevents. Every household should be supplied with this great remedy for coughs, colds and so forth.

The governor of Oregon is an ardent

admirer of Pe-ru-na. He keeps it continually in the house. In a recent letter to Dr. Hartman he says:

State of Oregon,
Executive Department,
Salem, May 9, 1898.

The Peruna Medicine Co., Columbus, O.:
Dear Sirs—I have had occasion to use your Pe-ru-na medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the governor says he has not had occasion to use Pe-ru-na for other ailments. The reason for this is, most other ailments begin with a cold. Using Pe-ru-na to promptly cure colds, he protects his family against other ailments. This is exactly what every other family in the United States should do. Keep Pe-ru-na in the house. Use it for coughs, colds, la grippe, and other climatic affections of winter, and there will be no other ailments in the house. Such families should provide themselves with a copy of Dr. Hartman's free book, entitled "Winter Catarrh." Address Dr. Hartman, Columbus, Ohio.

FROM ERRAND BOY TO MAGNATE

Career of Henry Phipps, Who Recently Gave \$100,000 to the Boers.

Henry Phipps, whose recent contribution of \$100,000 for the relief of destitute Boers in South Africa has attracted wide attention, is one of the directors of the Carnegie Steel Company and is reckoned one of America's richest men. His fortune is estimated at \$50,000,000.

HENRY PHIPPS.

Mr. Phipps was born of poor parents in Allegheny City, Pa., and while a boy in short trousers hired out as a messenger in Pittsburg. He and Andrew Carnegie ran errands together for several years and as messenger boys formed the partnership which has always existed between them. They schemed together as youths and while very young men embarked in the business which has made them both multimillionaires—the making of steel.

Many years ago Mr. Phipps' fortune had expanded to the million mark and his influence was felt in the financial world; but he was habitually modest and shrank from publicity, wherefore his name was but seldom heard. In the steel business he became a factor almost as powerful as his associate, Mr. Carnegie, and his fortune grew apace. In 1901 he was publicly classed with the 3,827 other American millionaires and since that time he has been ranked with the country's wealthiest men.

Two years ago he left Pittsburg, which had been his home as well as the scene of his successful operations, and settled in New York. He at once bought nearly the entire block on 5th avenue, between 87th and 88th streets, and secured plans for a palace to cost approximately \$1,000,000. Work on this magnificent palace is now under way.

His donation to the Boers created no surprise to those who are well acquainted with Mr. Phipps. Numerous institutions in Pittsburg, Allegheny City and other cities have been benefited by his charities and innumerable unfortunate persons have been aided by him.

about \$75,000, which it has taken the daughters several years to get together.

The site of the monument is the choice of Mrs. Jefferson Davis, who, though opposed to the memorial at first, finally consented, and the arch will be unveiled in Monroe Park at Richmond in the early spring.

LEAPING SALMON "SNAPSHOT."

Photographically speaking, nothing imaginable can be more difficult to "snapshot" than a leaping salmon. Nobody can tell when, or just where, he is going to jump, and accurate focus is out of the question. Probably the accompanying picture is the most successful photo of a leaping salmon ever taken. It was made by an officer of the United States fish commission on the island of Afognak, off the coast of Alaska, and the big fish isumping up a fall to get to the spawning grounds in the headwaters of the stream.
